Many of these towns are in the Berkshires. One, the town of Otis, offers to give \$500 annually out of the town cash box to the physician who will come there to practice.

Quebec, March 17.—The new license bill sponsored by Provincial Treasurer Mitchell provides for a tax of \$200 on film exchanges; \$10 a day for each race meeting within a radius of thirty miles of Montreal, and \$5 a day in Quebec, but if there is any betting, the license fee shall be \$12,000 a day on one-mile tracks, \$800 a day on half-mile tracks, and \$800 a day for other tracks, with double these fees if the pari-mutuel system of betting is not used.

JAPANESE DEMAND

THAT PIERS SUPPORT

DISARMAMENT CAUSE

Resolution Adopted by Two Mass Meetings Held in Osaka—Dugger Declared Against Public Opinion.

Osaka, Japan, March 17.—At two mass meetings held here recently, attended by thousands of persons, resolutions were adopted declaring that the budget gives preponderant importance to armaments, which places an unbearable burden on the nation and is contrary to public opinion. It was decided to send messages to the members of the House of Peers, asking their support in the disarmament movement.

Speeches favoring disarmament were made by prominent business leaders. Professor Suehiro, of Kyoto University, declared that Japan should take the lead in an international discussion on disarmament. If this were done, he said, all questions which have been the subject of discussion between Japan and the United States would rapidly be solved.

CLOVER OR SHAMROCK?

The clover, or shamrock, is best known by the fact that it is the national emblem of Ireland. The story regarding this goes back to St. Patrick. One day he was preaching, and was explaining the doctrine of the Trinity to the audience who found it difficult to understand. One of the chiefs asked, "How can there be three in one?" St. Patrick, picked a clover leaf, showed it to them and said, "Behold in this trifoliate leaf how three

persons in the Godhead can exist and still be one."

The name clover is derived from the Celtic word clava, meaning club. The clover was one of the favorite plants of the Druids regarded it as a sacred flower, and revered it as they did the mistletoe.

There are many superstitions about the four-leaved clover. One is that if a maiden puts it in her shoe she will marry the first man she meets, and should her lover go on a journey the placing of a four-leaved clover in his shoe will ensure his safe return. An old belief was that a farmer should gather a handful of clover from the four corners of his neighbor's field, so that his cattle would thrive.
