KIDNAP OFFICIAL AND RIP UP RAILS

Detroit Takes Law Into Own Hands in Laying Municipal Track — Assistant General Manager Held.

Detroit, Mic., Jan. 11.—The building programme of the Municipal Street Railway Commission, which now has under construction a few miles of line near the northerly city limits, was given an entirely new angle when a big squad of laborers, guarded by two hundred police officers, ripped up a section of Detroit United track at Mack and St. Jean avenues and then crossed the company's lines with its city-owned diamond and the necessary trackage. The crossing was made before daylight and while E. J. Burdick, assistant general manager of the Detroit United, was held a prisoner on Belle Isle.

Mr. Burdick was rushed over to the island late Saturday night by police officers, who kept him marooned there by raising the drawbridge. The bridge was lowered at 7 o'clock this morning, when he made his way back to the city, just in time to see the workmen on their way home from the Mack avenue "job."

The result of the treatment accorded Mr. Burdick will be an action against the city of Detroit for improper arrest, as well as the institution of contempt proceedings against those city officials responsible for the construction of the tracks at St. Jean and Mack avenue.

At the moment he was seized and hustled away the Detroit United official was engaged in serving a restraining order issued by the circuit court against the city, reinjoining it from interfering with the street railway company's track in any way. Mr. Burdick this evening stated that when he protested to the officers at being taken away he was informed that they had "orders" to do what they were doing.

Well Thought-out Plan.

After reaching Belle Isle, Burdick was searched at the police station there and everything of value taken from him, he said, except his glasses. He was, informed that he was held for disturbing the peace. Even the telephone at the island was disconnected so that he could not call on his family to inform them as to his plight, Mr. Burdick said.

The plan to outwit the Detroit United was apparently a well thought-out one. The laborers who were to do the job were locked up late Saturday night at the yards of the department of public works until the time came for them to go to work, when they were rushed to the scene on motor trucks and accompanied by patrol wagons carrying more than two hundred police officers.

TRUE BILL FOUND IN THREE CASES

In the circuit court yesterday, at the opening of the January sitting, true bills were found in the following cases by the grand jury: The King vs. Lottie Golding, charged with theft; the King vs. Clarence v. Whipple, charged with theft, and the King vs. Richard Kane and James Coveney, charged with theft amounting to about $850 from a post office bag. In the King vs. Wolfe the defendant was allowed to go as the crown said it did not intend to prosecute. John Lane was allowed out upon his own recognizance to appear. The case against two Bulgarians, called Robert and Abe Sherbenoff, was not gone into. They are charged with assault.

Alex. Peers, division master mechanic of the Moose Jaw division, will succeed Mr. Remix and James Gibson, locomotive foreman at Sutherland, has been promoted to the position of division master mechanic at Moose Jaw.

Possess Good Health By Looking After THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath; the nasty irritating bleeding, itching and protruding piles you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes:—"I was troubled with sick-headaches and constipation. One day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxa-Liver Pills are 25c. a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto. Ont.

ALBERTA LABOR FEDERATION MEETS

Immigration, School Books, Jury Work, Unemployment and Other Subjects.

Edmonton, Alta., Jan. 12—Favor for federal non immigration until the labor market becomes stable, close inspection of all text books to disclose unfit beings inimical to workers and amendments to the jury act, so as to make a more democratic selection, were expressed in resolutions at a session of the Alberta Federation of Labor yesterday.

A recommendation in favor of the eight hour day and forty-four hour week went through without opposition, as well as resolutions in favor of proportional representation, free hospital and medical treatment for tubercular patients and the establishment of a Canadian bureau of research.

On the unemployment situation the convention went on record as favoring a provincial conference of mayors and other representatives of official and private bodies to arrange relief.

FINE OF $2,000 IN LIQUOR CASE IN ONTARIO

Toronto, Jan. 12—Bowing to technicalities set up by counsel for Joseph Kelly, charged with a third offence under the Ontario Temperance Act, and accepting the lawyer's contention that the accused could not properly be charged with a third offence, Police Magistrate Denison said he would make it a "first offence," which he did and fined Kelly $2,000 and costs or six months in jail. This is a record fine here for a first offence.

VIENNA HAS A KNITTING WAVE

Vienna, Dec. 24—(Associated Press by Mail)—In Vienna just now there is as great a craze for knitting as there was in England during the war. This revival is due to Major Bateman, the American Red Cross commissioner, because it was cheaper for America to furnish wool than to furnish garments for the people of Austria. He organized a band of "volunteer knitters" whose number has now grown to 20,000 women and 100,000 children. The yarn with which they work is furnished free and the finished garments, most of which are for the smallest children, are distributed through American organizations.

Austrian women invented the so-called "continental" method of knitting, which is said to be faster than any other and involves fewer motions, the familiar click of the needles for instance, being entirely absent. They claim to be the best knitters in the world and have already turned out thousands of garments, using up the wool faster than it can be supplied.

MUCH LIQUOR FROM REGINA AT CHRISTMAS

Regina, Jan. 12—Local express agents estimate that the value of the liquor sent from Regina during the week before Christmas at more than half a million dollars. This represents more than 10,000 cases or 120,000 bottles. It was practically all sent by wholesale houses to customers in Alberta, Manitoba and Ontario.

EMPIRE SCHEME OF SETTLEMENT

Plan to Keep Emigrants From Great Britain Within the Bounds of Empire.

London, Dec. 27.—(Associated Press Correspondence)—The British government is beginning to put into effect its plan to keep within the boundaries of the British empire the emigrants from England, Scotland, Wales and Ireland who want to seek new homes in distant parts of the world.

This empire settlement scheme has been held in abeyance since the war because there were so many soldiers to be repatriated; but the first large party comprising 1,100 emigrants has just left for Australia. This party is under government direction and the emigrants received a certain amount of government assistance.

Sir James Connelly, agent here for Western Australia, announces that for the next two years 1,000 emigrants, will be sent to Australia each month, their passage being paid by the government. The government has openly expressed its disfavor toward schemes for emigration from the British Isles to South American countries. In consequence, a campaign by Peru to induce English and Scotch to come there and settle has been abandoned after hundreds of them had accepted offers for free transportation to that country.

GENE METCALF SCORES A HIT AT OPERA HOUSE

"The Silvertone" of Vaudeville Regales Audience— Entire Programme One of the Best of the Season.

The new programme at the "Opera House is conceded to be the best presented in these parts in months. The large crowds in attendance yesterday afternoon and evening were unanimous in the statement that every act was a feature. From a musical standpoint it is superior to many reritals, and in addition it has a banner acrobatic novelty, brilliant soft shoe and clog dancing, high class comedy and quaint novelties, which can compare favorably with any ever presented here.

One of the greatest surprises is disclosed at the termination of Gene Metcalf's high class vocal and instrumental offering. This talented performer is conceded to be "The Silvertone" of vaudeville, and the tuneful vocal rendition is a real treat. This artist appears on the stage in unique manner, which gives the audience an idea of the treat in store. To hold the audience with a voice exquisitely modulated, possessing tonal purity and vivacity seems to be an art which Gene Metcalfe possesses. Her songs are well chosen and made a decided hit, which was evident from the hearty and prolonged applause. Fred Burton presides at the piano and his accompaniments show his ability. The colored assistant interspersed some comedy, making the offering more popular.

Another musical number, which ranked among the best ever heard during this popular amusement house, was that of Fronsini. He is said to be "a genius and master of his instrument," and his playing proved that he is deserving to this title. He is one of the best piano accordion players on the vaudeville stage and he made such a favorable impression at both performances last evening that the audience seemed reluctant to allow the programme to proceed, so anxious were they to hear "just another piece." He includes in his repertoire some classic selections, and also some of the tuneful popular hits. He is one of the most popular musicians ever appearing at the Opera House.

The Stradnas proved to be entertainers of a high class. They introduced some novel feats, which evoked hearty laughter and well merited applause. They are artists in their line and give a demonstration of acrobatic feats which would be hard to excel. The good whole-some comedy act tends to make the act a big hit. They are also brilliant boomerang throwers and their feats and antics, were cleverly executed and amusing.

The Two Earls in a novel aerial performance entitled "The Spider's Web," also made a hit. The act is well staged and the opening scene is unique and attractive. They gave a brilliant performance and were "showered with plaudits." Their offering is different from the ordinary run.

Walton and Brandt were also well received in a bright comedy singing and dancing skit. They wear attractive costumes, and give a high class demonstration of soft shoe and clog dancing, which won instant favor. They received hearty applause.

In addition to this banner programme of vaudeville artists there was another episode of "The Veiled Mystery," featuring Antonio Moreno. This star bill will be presented again tonight and on Thursday afternoon there was another episode and is expected to attract capacity houses.

How To Revitalize Worn out Exhausted Nerves

Your nerve power depends on plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. It is like the iron in your blood and like the iron in spinach and apples, it does not injure the teeth nor upset the stomach. It is entirely different from ordinary metallic iron. It quickly helps make rich, red blood, revitalize worn out, exhausted nerves and give you new strength and vigor. Over 4,000,000 people annually are using it. Beware of substitutes. Always insist upon having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. At all druggists.

BRIDE KIDNAPPED, AND HELD CAPTIVE

Imprisoned in House by Best Man—Threw Note Out of Window.

New York, Jan. 12—The story of how she was imprisoned in a room in Brooklyn one month after she became a bride, and how she was forced to receive the visits of men, was told before Magistrate Folwell in the Gates avenue police court, Brooklyn, by an attractive French girl, seventeen years old, who gave her name as Mrs. Ruth Gift of 255 East Garfield street, Chambersburg, Pa., in her testimony against two men.

Mrs. Gift, who insisted upon using that name, said she was married to Michael Salomnia on November 22 in Passaic, N. J. Salomnia and his bride went to Chambersburg and returned to Passaic the day after Christmas. A few days later, the woman said, her husband went out to look for work and Robert Cerasia, who had been best man at the wedding, came and told her that Salomnia was in a hospital in New York, having met with an accident.

The young woman said Cerasia took her to a house at 84 Jefferson street, Brooklyn, where he said her husband wanted her to take a room, and locked her in. She obtained her release by throwing a magazine from a window with a note containing an appeal for help, which was picked up by Policeman Harry Nelson, of the Vernon avenue station.

Cerasia was arrested and held in $1,500 bail. As the girl, who was held as a material witness, was being taken from the courtroom, she pointed to a man sitting on a bench and declared that he was one of the men who had visited her while she was a prisoner. The man who gave his name as Joseph Bacchio, of 222 Troutman street, was held in the same bail as Cerasia, and on the same charge.

CHURCH SEEKS PUBLICITY.

Chicago, Jan. 12—The Episcopal diocese of Chicago is seeking a "snappy" press agent who can put "pep" into church news. Bishop Anderson announces he will ask the diocese council to establish a department of publicity. "We want a man who can write 'newsy' stuff that will catch the eyes of the laity," said the bishop.

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and she aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. Fanuzzi, 516 Marcy Avenue, Brooklyn, N.Y.
