CASUALTY LIST

Lieutenant J. B. Wilkinson, son of Rev. W. J. Wilkinson, Fredericton, has been wounded according to recent advices from Ottawa. Lieutenant Wilkinson went overseas in charge of an artillery battery from Kingston (Ont.), and later transferred to the Royal Canadian Engineers. Previously to enlisting he was a civil engineer and had been in the Dominion Government geological survey in British Columbia. Before joining up he took a qualifying course for his commission at Kingston and afterwards received his appointment. His brother, Signaller Lawrence Wilkinson, was reported as having died of wounds a year ago.

Wounded a second time, Private Edwin Howard, formerly of the police force, was admitted to hospital in France, on October 10, according to official advices received by his wife, Mrs. Mary Howard, 126 Watson street, yesterday. Ottawa advised that Private Howard was suffering from gunshot wounds in the right thigh and in the forehead. He went overseas with the A. S. C. in the spring of 1918, enlisting while a member of the police force, and after having won his sergeant's stripes, and having been wounded in action, was home on leave for six months. He left again for overseas in September, 1917, and later re-

DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL

Give Your Hair Dandruff Its Bath in F.W.M. Dandruff Remedy

Hair Starts Coming Out and Every Particle of Dandruff Disappears

Try as you will, after an application of Dandruff, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Dandruff immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Dandruff and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair.

Get a small bottle of Knowlton's Dandruff from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—that's all.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, and has an exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

Admitted to the 25th General Hospital, Boulogne, France, having been gassed on October 11. Private Anderson identified with the 104th Battalion and was transferred to the Princess Patricia's Canadian Light Infantry.

He was on the Sugar Refinery staff before J. F. O'Brien.

Mr. and Mrs. John O'Brien, 25 Merritt street, have received word from Ottawa that their only son, Private John Francis O'Brien, had been admitted to No. 7 Canadian General Hospital, Leport, on October 11, suffering from a gunshot wound in the left leg.

Lieut. Charles Shreve. Word was received by Commissioner Clarence Jamieson, Ottawa, last week, of the death in action of his nephew, Lieut. Charles Shreve, of Digby, N. S. Lieut. Shreve was twenty-four years old. The deceased was a first cousin of F. J. Shreve, manager of the Merchants' Bank of Canada, St. John.

Official List. The names of twenty-four New Brunswick men appear in the midweek casualty list. They are as follows:—Wounded, F. L. Smith, Alton; R. Firth, Flatford; W. P. P. Smith, Digby; P. Bourdreaux, Dupuy's Corner; A. P. Merritt, Grand Falls; H. A. Anagnost, Rexton; W. Clouston, McKays' Corner; A. Frenette, Robertville; W. Bishop, St. John; H. Lindsay, Woodstock; T. Hunter, Sackville; W. J. Black, Bridgetown; Corporal F. Lee, Edmundston; Q. M. S. A. Evans, St. John; H. Homestead, Fredericton; P. Gray, Fredericton; A. Brewster, Carleton Place; T. Porter, Westfield; H. A. Small, Mac's Bay; wounded and gassed, P. Hartin, Canterbury; J. Fontaine, St. John; killed in action, R. McLaughlin, St. John; killed in action, R. Robinson, Maryville; M. Miller, Miller's Creek; F. Bideau, Bathurst; R. McArthur, Maryville; M. C. Conaway, St. John; C. McDonald, Trenton; M. Lank, Wilson's Beach.

POLICE COURT. A further hearing in the case of Edward Burke, charged with supplying liquor to John Fitzmaurice, was taken up in the police court yesterday afternoon. A lengthy discussion followed between the defence and the prosecution. The defence asked that, Corner, the night deskman at headquarters, be called to give evidence relative to the changing of the word "handing" in the charge to "supplying." Mr. Ryan argued that he intended to show that the liquor inspector, McAlush, perjured himself and he wanted placed in evidence the conversation between McAlush and Corner. The day deskman, Hopkins, was called. He said that he read the charge to McAlush in the morning and McAlush asked him to change the word "handing" to "supplying." The case will be continued on Wednesday.

John McKinney, a member of the west side gang, was fined \$200 for six months in jail for having liquor in his possession other than in his private residence. The evidence in the case was to the effect that he had invited a sixteen-year-old girl back of Fort Howe yesterday afternoon and gave her several drinks of brandy. The girl became intoxicated and was arrested.

Further evidence was taken in the case of Minnie Burns, charged with the theft of \$10 from James Boyd, a returned soldier. Boyd gave evidence and the defendant was further remanded.

OUTFIT FOR WALKING ON WATER. Decidedly novel is a new outfit for walking on the water, which is shown in the November Popular Mechanics Magazine. It is a combination of a balloon and a set of floats. The small gas bag used has a lifting capacity almost sufficient to raise a man from the ground and it is attached by ropes to a belt worn about the waist.

DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinges! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises. Ask your druggist for Sloan's Liniment.

Sloan's Liniment
Kills Pain

D. D. D.
The Liquid Wash for Skin Diseases

We have witnessed such remarkable cures with this soothing wash of oils that we offer you a bottle on the guarantee that unless it does the same for you, it costs you not a cent.

E. Clinton Brown, Druggist, St. John.

A CHALLENGE TO FOOD CONTROLLER

(Montreal Herald Editorial.)

Recently the Food Controller intimated that the action of the milk combine in raising the price of milk in Montreal was against the law, and would not be allowed. Acting on his suggestion the administrative commission in Montreal published advertisements calling upon the milk interests to restore the price of milk to its former level, else steps would be taken to prevent the sale of milk in the city at the boosted price. The milk interests have done nothing in the matter, and semi-official reports are to the effect that they have decided to defy the people of Montreal, to defy the administrative commission, to defy the food controller, and to defy the government, by continuing to extort an exorbitant price illegally agreed upon by a combination. Either this defiance will be an advertisement proclaiming to all the food profiteers in Canada that the food controller is only bluffing when he calls upon the profiteers to refrain from their illegal practice, and that the government were only bluffing when they purported to give authority to its officials under orders-in-council to deal with price-boosters and illegal combines, or else the food controller must follow words with actions. Which is it to be?

A law on the subject is set forth in an order-in-council dated October 8, 1918, which purported to remedy defects in previous measures. This latest order-in-council lays down that no person shall "conspire, combine, agree, or arrange with any other person" to prevent or lessen competition in the production, manufacture, purchase, barter, sale, transportation, insurance, or supply of any necessary of life. Defiance of this law, in the manner in which the milk interests have defied it, is made an indictable offence under the criminal code, and the penalty is a fine not exceeding \$5,000, or imprisonment for any term not exceeding two years, or to both fine and imprisonment as specified. The following clause should also be of particular interest to the milk trust:—"For the purpose of the trial of and indictment for any offence against these regulations, Section 581 of the Criminal Code, proceed to enforce the law?"

"We Want Candy Cascarets"

Resolved: That when our tongues turn white, breath feverish, stomach sour and bowels constipated, that our mothers give us Cascarets, the nice candy cathartic, and not nasty castor oil, mineral oil, calomel or pills. Cascarets "work" without griping and never hurt us kids. Cost only 10 cents.

TO MOTHERS! Learn to give harmless Cascarets to your cross, sick, bilious, constipated pets and slave coaxing, worry and money. Children love this candy cathartic. Nothing else cleanses the little liver and bowels so effectively. Each 10 cent box of Cascarets contains directions for dosage for children aged one year old and upwards.

REVOLUTION IN SOFIA

London, Oct. 21.—A state of revolution has broken out in Sofia and street fights are occurring between Bolshevik laborers and the troops and police. It is reported that more than 8,000 persons have been killed.

TELLS DYSPETICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of Bismarck Magnesia in a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peptic pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and the Bismarck form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

Don't Suffer From Piles

Sample Package of the Famous Pyramid Pile Treatment Now Offered Free to Prove What It Will Do for You.

Pyramid Pile Treatment gives quick relief, stops itching, bleeding or protruding piles, hemorrhoids.
