IRENE CASTLE DASHING FIGURE IN BROADWAY

Dancer Now Suing for Divorce—First Husband Killed in Airplane Accident.
New York, July 7.—Irene Castle, dancer, who has filled suit for divorce in Paris, has been one of the most dashing figures along the great white way.

Besides creating many new dances, she has been credited with introducing the fad of bobbed hair. Her clothes and footwear, at one time very popular, have attracted close study by those sartorially inclined.

Robert Elias Treman, whom she now seeks to divorce, is the son of Mr. and Mrs. Robert H. Treman of Ithaca, N. Y., socially and financially prominent. Treman, who is a director of the Treman-King Company, manufacturers of automobile accessories and hardware, was graduated from Cornell University in 1909 and during the war served as a captain in the A. E. F. He is 34 years old.

Mr. and Mrs. Treman were married here in the Little Church Around the Corner, on May 4, 1919.

Mrs. Treman began her career as a dancer at an early age and it is said that before she could walk alone she would beg to be supported while she kicked her feet to the strains of music. At the age of 18 she made her stage debut in a charity production in her native town, New Rochelle, N. Y.

After receiving training in fancy dancing she studied Spanish steps, and during a trip to Mexico took lessons from a Spanish woman in the correct use of the castanets.

It was on her return from Mexico that she met Vernon Castle, at the New Rochelle Yacht Club. On May 23, 1911, they were married at the bride's home.

Vernon had a contract to dance at a revue in Paris, so he and his wife sailed for Europe. The revue, however, was postponed and they were about to return to this country, with their finances depleted and with Irene's wardrobe sadly reduced, when they were invited to the Cafe de Paris. There their dancing attracted so much attention that offers followed until the couple became leaders in the world of dancing. They were credited with having introduced the tango, maxixe and many other steps in America and Europe.

About a year before America entered the war the Castles were reported estranged. Then Castle entered the royal flying corps and met his tragic death.

Three months after the accident Irene Castle and Treman were reported to have married secretly at Picken, S.C. Both Treman and the dancer denied this report.

Mrs. E. P. Gillitt, for the last eight years matron of the Old Ladies' Home in Broad street, has resigned her charge and left for her home in Greenville Centre, N. S. Later she will go to Toronto to visit her daughter. She was a conscientious and faithful worker and was in addition a graduate nurse. Ill health compelled her to give up. Miss Helen Pickett is at present carrying on the combined duties of matron and resident nurse.

ESKIMO'S WIFE'S SMOKE CRAZE COSTS GOVT. \$120

London, June 8.—(By Mail)—Laura Innak, a pure-blooded Eskimo woman, has a passion for smoking, and her craving has cost the Canadian Government \$120, declares "The London Daily Express."

This dusky devotee of nicotine lives on the delta where the Mackenzie River empties into the Arctic Ocean. She learned to smoke two years ago and became an adept at rolling her own cigarettes, occasionally enjoying a cigar. When Laura's husband protested against her inroads on his tobacco supply the woman attacked him with a dog whip and drove him from the hut. She then confiscated his entire supply, and proceeded to barter away all the family furs for more tobacco.

The mounted police at Herschel Island, the farthest north police post in the world, decided that Laura was a first class passenger by train and also first class during the 2,000 miles of wonderful journeying by steamer over the great island waterways, all at the expense of the Canadian Government. Laura steadily all through the journey.

TEN MILLION BAPTISTS TO BE REPRESENTED AT STOCKHOLM

London, June 19.—(A. P. By Mail).—Britain's delegates to the forthcoming Baptist World Congress at Stockholm will number 283. They will sail the latter part of July on the liner Marieloch, which will be their home of hotel during the conference.

A large number of delegates have been appointed for Russia. Rev. J. H. Shakespeare, secretary of the Baptist Alliance, said recently, "but we don't know if the Soviet Government will allow them to attend the congress. Altogether we have registered 2,500 delegates from all countries, excluding Russia, and the congress will be the largest ever held. The delegates will represent ten millions of Baptists."

"Recreation Engineer" is the title of a new U. S. official, working under the Forest Service.
