The School was closed during the months of July, August, September and October, being two months longer than usual as a measure of precaution during the prevalence of the recent epidemic, with this exception the work of the School has been steadily and heartily carried on.

The number of teachers on the roll during the year, including librarians, was 35. The number of scholars on the roll on the 31st Dec. was 216 ; girls 108, and boys 108.

The amount collected by the scholars for Missionary purposes is \$138.22
and for the St. Paul's Cot in the Children's Ward of the Montreal General Hospital 60.00

Total, - \$198.22

The Rev. Jas. Barclay, being very desirous of solving the problem of keeping the older boys in the school, undertook to teach a class of boys over fourteen. The effort has been most successful, the class now numbering 24, with an average attendance of about 18 ; unfortunately there is no proper accommodation for such a class and it has to be taught in the back room by gas light.

The teachers have been much encouraged by the presence of the elders, two of whom visit the school each Sunday and they are particularly indebted to Mr. Croil for frequent visits and addresses given by him upon Missionary subjects.

JOHN L. MORRIS,
Superintendent.
