I know the accused. I was in Philippaville on night of 14 Jul 42. I saw accused at round about at the end of business section. I saw accused between 8:15 and 9:00 o'clock. I got a lift back as far as English Camp. As far as I could see he was very drunk he didn't recognize me when I spoke to him. We were in the same platoon. I lost him in the crowd getting into the Truck.
