GREENWAY ASKS FOR TIME

An Adjournment to Give the Government Time to Consider Remedial Order.

Dominion Government Order, He Says, Was Something New

vinnipeg, March 28 .- Under the heading "Manitoba's Answer" the Tribune, local government organ, says:-"We are asked to restore the school system that was in operation previous to 1890. Let Quebec and Ottawa rest assured that e restoration will never be made. Manitoba has too keen a sense of justice too much regard for truth and equity to recognize as a religious aristocracy an element of its population by no means the most worthy. As a civilized people attempting to realize in a measure the dols of the nineteenth century, Manitobans will not silently submit to the demend that they should turn back the wheel of progress 30 years. It is a struggle as to whether the ideas of the nineteenth century or the idols of the dark ages shall prevail.

"Anyone who believes that all citizens are equal in the sight of the law and what is good enough for one is good enough for another, must stand by the act of 1890. And this is our answer for Quebec: We shall not allow the state to support religion; we shall not allow the church to control the state; we shall not return to the civilization, of the dark ages; we shall not recognize Rome as better, or in any way different from others; we shall hold to the principle of equal rights for all, and that principle shall be dearer to us than confederation is threatening rebellion. Chief Justice itself.

The announcement has been made that the Manitoba government has decided with arms. His accuser, Taylor, has to adjourn the legislature for the space been sentenced to three months in jail. of six weks, or until May 9. It had been considered certain that consideration of the remedial order would be procoded with yesterday or to-day. The Attorney-General sprang the surprise by giving notice on behan of the Premier that Hon. Mr. Greenway would move on Friday that when the house adjourned that it stand adjourned until Thursday. May 9.

The government have already opened communication with certain eminent constitutional lawyers, and submitted to them for their advice some of the chief points affecting the jurisdiction of the legislature. The pinions of these gentlemen will doubtless have a bearing

Premier Grenway in the house this afternoon said the government did not see any reason whatever to change its position or its opinion in regard to the school system. The remedial order, however, had raised constitutional questions exceeding in gravity and importance any since confederation, these questions af fecting every province in the Dominion; and, therefore, longer consideration was

The Orangemen at the Grand Lodge session to-day passed resolutions urging the Manitoba government to stand by their national sensol system. A resolution was also adopted declaring it advisable that a public convention of representatives of all shades of religion shall be held in Winnipeg to voice the sentiments of the electors of the province respecting the maintenance of the public school act of 1890.

Winnipeg, March 29.-Premier Greenway's announcement in the legislature yesterday touching the school question was not as definite or elaborate as expected. During the summer of 93' and the winter of 94' it will be remembered that he was confined to his house and bed with muscular rheumatism of a severe nature. But he began taking Dr. Williams' Pink Pills about the first of March 1894, and continued to do so till the first part of the September following. The first effect noticed was a better appetite and he began to note more ability to help himself off the bed and to be better generally.
