FURTHER DETAILS OF THE BAT-TLE AT ELANDSLAAGTE-GENERAL WAR NOTES.

London, October 24. - A despatch from Ladysmith, Natal, dated 4.15 yesterday afternoon, has just been received. It is a literal repetition of Cape Town's Glencoe advices of yesterday and it is regarded as somewhat ominous that nothing has since been received respecting the result, especially when viewed in the light of Lord Wolseley's statement that Gen. Yule's force felt it necessary to retire from Dundee to Glencoe Junction. General Yule evidently is in a tight corner, as he now has or had to face the main Boer army under Gen. Joubert. Gen. Sir George Stewart White, the British commander-in-chief in Natal, will undoubtedly detach part of the force which was victorious at Elandslaagte to his assistance. Such a detachment, however, will leave Ladysmith poorly protected against the threatened attack from the west, as Gen. Hunter on Saturday wired that the departure of the force to Elandslaagte left him with only a couple of battalions of regulars, a mountain battery and 500 Natal volenteers to defend the town, which is the British military base in North Natal. Further news, therefore, is anx-

The Bat leat Elandslaagte a Practical IIlustration of Hand Book Tactics.

ng deccription of the battle of Elandslaagte from its special war correspondent, G. W. Steevens, filed at Lady-

smith:
The battle was a brilliant, complete success. The Boers numbered from 1, 200 to 2,000, and probably had about The fight itself was like a practical illustration of handbook tactics, each arm represented doing its proper work to perfection. The Gordon Highlanders in their attack advanced in magnificant of the control o

with unpaid finery Paying as you go is the first rung in the ladder on the way to prosperity Don't you think it's time you put in the rung and stood dropped supports were rushed into the firing line, our men darting from cover to cover, splendidly led and ever advancing. Yet, as ridge after ridge was won the Highlanders still found a new ridge confronting them, and thus they fought their bleeding way until the final ridge was neared, with nearly every officer down.

Then slamming every available man

Then, slamming every available man Then, stamming every available man-into the firing line, Manchesters, bev-ons and Light Horse all mixed, with bugles chanting the advance, bagpipes shricking, and the battle a confused

surge, our men swept yelling forward and the position was won.

Meanwhile squadrons of Lancers and
Dragoons lapped round the Boer left
flank catching the enemy as they retired in disorder, goring and stamping

BUERS IN FORCE.

Over 10,000 of Them are now Threaten ing General White.

It is expected that Commandant Erasmus has by this time joined Commendant General Joubert, and that their combined columns amount to some 10,000 or 11,000 men, while the Free State Boers, now threatening Ladysmith from the east, and a column reported to be coming through Zulureported to be coming through Zud-land, must also be reckoned with. In short, Gen. Sir Geo. Stewart White has been unable to follow up his successes, and is obliged to remain

at Ladysmith without being able to restore railway communication which is probably broken at other points be-sides Elandslaagte. Thus the enemy, aithough

original plan, supposed to have been Col. Schiel's, failed, may fairly be credited with having isolated Gen. Yule's brigade and divided the British forces in Natal. Gen. Yule may find himself in a tight place, needing all himself in a tight place, needing all his experience in Indian and Burmese

fighting, to extricate himself.

It appears certain that the brilliant victory at klandslaagte was productive of no effect for the relief of Glencoe and the very reticence and brevity of Lord Woiseley's communication are only too ominous. It seems to be worded to prepare the public for bad news, and it is only too likely that Gen. Yale has been compelled to abandon the wounded and the prisoners at Dunder because his force is too weak to hold the four and a hal miles separating Dundee and Gien e. Probably Gen. Yule believes he van better protect

Dundee from an enemy advancing from the northwest by concentrating all his available strength at Glencoe, where there are now 3,500 men and three batteries. In the meantime efforts will be made to reopen the railway and to get reinforcement from Ladysmith.

The war office has received the following dispatch from Gen. Sir Geo. Stewart White:

'Gen. Yule telegraphed me yester-

partly relieved the anxiety regarding
Glencoe, as the British there had evi

WAR NOTES.

At Glencoe the Boer hospital has been taken under the wing of the British hospital corps, as the Boers only had a single doctor, with primitive staff, who were quite unable to cope with the wounded.

A private message from Ladysmith to-day says the women there are weeping and wailing on the market place. Three trains have been despatched from Klerksdorp to fetch the wounded from Mafeking. It is estimated there are 700 killed and wounded, and it is stated at Pretoria that the British casualties are only eighteen.

A despatch to the Daily Mail from Pietermaritzburg, Natal, says that Lieut. Gallway, of the Natdl Carbineers, who was reported missing, is a prisoner in the hands of the Boers. An official despatch from Ladysmith says that about 200 Boer prisoners have been marched into the town.

A Cape Town despatch says:—'The capture of Gen. Ben Viljohn is a cause of great satisfaction to the Uitlanders. He is the author of a blasphemous and false pamphet fully intended to incite the Dutch of the colony to rebellion, and it is sincerely hoped that he will be brought to trial and punished as he deserves.

A Pretoria despatch of the 2Ist says: A Pretoria despatch of the 21st says:

King street loafers have now added to their discredit the serious crime of destroying property and if they are caught it should go hard with them. From the appearance of the cuts the windows on King street have been defaced with a glass cutter rather than with a diamond. Chief Young states that the matter had been reported to him and he is investigating it. "The loafing in this city is certainly bad," said the chief, "but the police are powerless in the matter. The by law passed some years ago was quashed and powerless in the matter. The by-law passed some years ago was quashed and through some oversight another one was never passed." The loafing permitted in Chatham would not be allowed in Toronto, Stratford or any other place and it is a disgrace to the city of Chatham that street loafers are permitted to act the way they do here.

The North American Field Trials ers in their attack advanced in magnificent order. They were immediately saluted with a heavy fire, which told from the first.

Their major fell with a bullet in his leg, but as he lay where he fell, he lit a pipe and smoked placidly while the advance continued. As man after man dropped supports were rushed into the firing line, our men darting from cover entries
