The city engineer reported that the alley way between King street and Hill-side avenue, concerning which G. W. Anderson had written, was in an im-

In regard to Judge Drake's complaint of the fumes from the Victoria Chemical Works, the city engineer and the sanitary inspector reported jointly that the nuisance had been caused by a temporary leakage in the sulphuric acid chambers, which had now been repaired. A letter to that effect from the management of the works was inclosed, and copies of both documents were ordered copies of both documents were ordered lows:

to be sent to Judge Drake.

Pither & Leiser and others was read: We, the undersigned, have the honor to bring to your notice the following fact, and to ask your kind consideration thereon:
A petition has been signed by upwards of 320 ratepayers, representing more than 1-10th of the assessed value of the city, setting forth that the proposed sites under consideration for the building of the Carnegie library are, in the opinion of the petitioners, unsuitable or unavailable, and

BUSINESS AT COUNCIL

MEETING UNIMPORTANT

The Usual Batch of Correspondence and Routine Matters Constituted Last Night's Programme.

The consideration of correspondence and the adoption of a few reports constituted the entire business of the meeting of the city council last night, and these matters were disposed of with unusual but praiseworthy dispatch.

Mayor Hayward presided, and all the aldermen were present, excepting Ald. Barnard, whose turn for a holiday has arrived. The city clerk and the city solicitor were both "conspicuous for their absence." The grouse season has commenced.

The first letter read was from Messrs. Fell & Gregory, who wrote respecting the claim of Mr. McIntosh for damages in respect of the removal of his boat house in consequence of the work being done at James Bay. The writers stated that a previous communication on the subject had elicited no reply from the council. Ald, Vincent thought that the city clerk had been requested to write to Messrs, Fell & Gregory, who wrote respecting the claim of Mr. McIntosh for damages that a previous communication on the subject had elicited no reply from the council. Ald, Vincent thought that the city clerk and the city was responsible. The Mayor said it was a question whether the city would allow the boat house to be replaced in its old position when the reclamation work was finished. Ald, Yates supposed that if the city had done any damage to Mr.

Ald, McCandless moved that the perition has built before. The consequence of the write of the city and the proper time, be submitted to the council and afterwards to the ratepayers for their sanction, on the subject had elicited no reply from the council. Ald, Vincent thought that the city clerk had done any damage to Mr.

Paine's Celery Compound TAKES AWAY THE LOAD OF DIS-

EASE AND LEADS TO NEW. LIFE, HEALTH AND 'HAPPINESS.

The unhappy victim of disease who has just dragged through the summer, and who is now racked with suffering and almost a physical wreck, must make immediate choice of two paths. One leads to increased miseries and certain death, the other to new life, health and happiness.

The use of Paine's Celery Compound

The water commissioner reported in connection with the Boleskine road water supply that the council had mismaterstood his report. He had not private residents to connect with the city mains. The government or any private residents to connect with the city mains. The government were laying a pipe to the school house, but had not yet applied for leave to take the water. This communication was recived and filed.

The council endorsed the recommendation of the streets, bridges and sewers committee to accept the lowest tender for the wrought iron railings for the steps at either end of the James Bay cruseway.

The following petition, signed by Celery Compound."

The water to take the lowest tender to take the wrought iron railings for the steps at either end of the James Bay cruseway.

The following petition, signed by Celery Compound."

The water though the beaut been for your wonderful medicine. For a long time I suffered terribly from nervous ners, and not been for your wonderful medicine. For a long time I suffered terribly from nervous ness, head and stemach troubles, and never received much benefit from ordinary medical treatment. I heard of your Paine's Celery Compound, and I have good reason to thank God that I used it. I can now eat well and sleep soundly, and my nervousness is a thing of the parts of the province would protest.

Mr. Richards thought the question was one of the utmost importance to Victorian this city would be practically cut off from all the trade with the West Coast. He also referred to the advantance of the wrought iron railings for the steps at either end of the James Bay cruseway.

The following petition, signed by Celery Compound."

DISCUSSED BY VOTERS' LEAGUE LAST NIGHT

Committee on Cowichan Valley Railway Survey Reports-Increase in the Membership Fee.

The regular weekly meeting of the Voters' League was held at the city hall last evening. T. C. Sorby was voted to the chair, and among those present were the following: Messrs. H. Firth, A. L. Belyea, J. B. Lovell, W. F. Best, — Windle, R. Hall, M. P. P., Ed. Bragg, Clement, Richards, Jos. Peirson, A. Toller, R. Seabrook, F. Langton and W. Laird. Secretary Morley was at his usual

Proceedings were opened with the customary formalities, after which the secretary read a communication from Jos. Martin, M. P. P., stating that he had prepared a bill to be submitted to the on the table for further consideration.

It follows:

That, in the opinion of the Voters' League, the city's water supply could be sufficiently increased during the summer months by the purchase of an additional five or six hundred metres, placing same judiciously throughout the residential parts of the city, and would strongly urge that steps be taken at an early date for the purchase and installation of same, and would further recommend that the by-law governing meter rent be amended so that a more equitable charge be made for meter rents, as, in our opinion, a reasonable rate of interest on the investment of same is all citizens should be compelled to pay.

The appointment of a new secretary was next considered and W. Laird was

was next considered and W. Laird was elected to that office. Mr. Morley was elected honorary secretary.
It was suggested by Mr. Morley that the memberhsip fee be increased to 25 cents a month. An amendment was made that the sum of 50 cents per quar-ter be the rate charged. The amend-

The resolution of the arable lands comliterature, Rev. R. G. MacBeth, chairmittee was reported by A. L. Belyea, chairman of the committee, who asked By for further time. Some discussion took place as to whether the resolution be made to refer to Vancouver Island only, or to include the whole of British Co-

Mr. Morley thought it should be made general. This was opposed by Mr. Belyea, who held that the league would have all it could do in furthering the development of the Island. It was decided and calls upon the legislature to take

One of the members referred to an organization in Vancouver calling itself the British Columbia Settlers' Association, which had issued a neat pamphlet giving a list of available lands on the Mainland. He suggested that a settlers' association of Vancouver Island be in-

ciation referred to was more a scheme The committee appointed to draft for selling real estate than for the opening up of arable lands.

The matter was finally left in the hands of Mr. Belyea, as chairman of Rey. J. K. Wright.

the arable lands committee.

The committee appointed to investigate the Cowichan railway survey made the following report:

With regard to the first item referred to in the resolution of the 20th of August, and the survey made from Nanalmo to Alberni, we are informed by the Hon, the Minister of Lands and Works that this survey for a line of railway was made at the expense of the board of trade of Nanalmo, towards which the government subscribed \$300.

Nothing has been done so far in the matter of the promised survey for a line of railway from Victoria to Alberni along the Cowichan valley. The minister considered the matter should be promoted by the board of trade, and if the survey was undertaken by them the government would, in consideration of their promise, contribute "handsomely" towards the cost of the undertaking.

Thos. C. SORBY,

Chairman of Committee.

The distribute "analkin, Prof. Odium and Rey, J. K. Wright.

A resolution was also passed, petitioning the provincial Labor Legislation have the Provincial Labor Legislation have the Provincial Labor Legislation was applied to Sunday closing, enforced uniformly throughout the province uniformly throughout the province.

JOINED IN MATRIMONY.

Mr. G. W. Brown and Miss Wilhemina Jack, of Nanaimo, were united in marriage on Saturday evening by Rev. Elliott S. Rowe. The ceremony was performed at the residence of the bridgeroom's father, Capt. Geo. Brown, 59 Pandora avenue, which was prettily decorated in honor of the occasion.

Chairman of Committee. Anderson had written, was in an impassable condition, and that the necessary work would cost \$250. Referred to streets, bridges and sewers committee.

In regard to Judge Drake's complaint of the fumes from the Victoria Chemical Works, the city engineer and the sanitary inspector reported jointly that the nuisance had been caused by a temperary leakage in the sulphuric acid perary leakage in the sulphuric acid merchant of the compound is a necessity for all who seek the path of health and long years. etween here and Alberni, and I know for a fact that as many as five hundred farmers could settle down comfortably in that district." He went on to say that if the Coal City got the line the trade would go through that place to Vancouver, leaving Victoria out in the

Mr. Boggs drew the attention of the arable lands committee to the reports that there were large tracts of land held on the Island on which only the first payments had been made. He suggested that the locked into would be difficult to deal with it. During the meeting Mr. Morley made

a statement of the standing of the league. There were 80 members, \$9.50 had been ollected in fees, and a sum of \$2.55 was on hand. The expenses had been \$12.20. LORD'S DAY ALLIANCE.

Annual Meeting in Vancouver—Monster

Petition to Be Presented to the Petition to Be Presented to the Legislature.

The annual meetings of the Lord's Day Alliance, which were held at Vancouver on Friday, were well attended by prepared a bill to be submitted to the Dominion government which he thought would be approved by the Voters' League. Mr. Martin will be invited to attend the next meeting of the League. P. C. MacGregor wrote enclosing a resolution dealing with the water question. On motion of A. L. Belyea it was laid to the state of the society. The president, Rev. R. G. MacBeth, presided, and the field secretary, Rev. J. G. Shearer, was among the chief speakers. H. J. Knott, of Victoria, was among those present. was among those present.

At the afternoon session the chairman submitted his annual report for the year. This report referred to the good work accomplished by Mr. Shearer on his last visit, pointed out the powers held by provincial legislatures respecting the enactment and enforcement of laws regulating Sabbath observance, and dwelt upon the need of legislation in this respect to insure the working man ob-taining the benefits of one day's rest in each week. The report dwelt upon the dangers arising out of the allowance of Sunday excursions, games in public places, etc., and urged the taking of nore strennous action and the petitioning of parliament to prevent this desecration of the Sabbath Day. The success that had attended the work of the alliance so far and the assistance given

ment carried.

SEEMS DOOMED TO TOTAL DESTRUCTIO

THE CRATER OF MOUNT PELEE WIDENS DAIL

It Is Believed Island of Martinique W Be Obliterated-Great Suffering Among Inhabitants.

New York, Sept. 5 .- It is generally b lieved that the Island of Martinique is that when the catastrophe come Guadaloupe will be visited by an destructive tidal wave, cables the Point a Pitre. Guadaloune, correspondent of the Herald. Business is absolutely at standstill, few shops are open, and if were not for the efforts of a small nur ber of more valiant souls, hundreds would starve to death here because of the

Details that have been received during the last two days prove that the eruptio of Mount Pelce of August 30th was fa more violent than any of the earlier ex plosions. Morne Lacroix, one of the peaks that reared skyward from the side Pelee, has fallen into the crater, and i has been completely swallowed. There and the burning chasm widens percep tibly every day. Clouds no more han about the crest of Mount Pelee. The terrific heat seems to drive everythin away. The column of smoke rears directly into the heavens, so that its to is lost to sight in the darkness of the night. It has the appearance of a stream of molten iron standing fixed between Heaven and earth.

From Morne Capote the relief troops were compelled to inale a quick of at, although they succeeded in taking few wounded. The entire country nearly to Fort de France is buried under a deep cover of ashes. This has made it almost impossible to find the bodies of those who have perished while fleeing to the

sea coast. Constance Cara, one of the few who succeeded in escaping from Mount Rouge after the explosion, found refuge on the steamer Esk. She was with gave its first warning of the disaster which it was about to pour upon the village. She said that the first explosion destroyed many houses. She was hurled with great force against the wall of the room in which she was sitting. On re-covering from the shock she ran outside, and there saw three separate tongues of fire sweeping down from the mouth of the volcano. The earth shook with so great violence that she could not retain her feet, and she was blinded by the glare of the flames. The heat was so terrific that her flesh was blistered. She awaited the death which she be lieved to be inevitable. Fortunately the fire swept a little to one side of her and

he was saved.
At Grande Anzt the tide swept 300 feet inshere, destroying many houses and drowning scores of inhabitants. Even at Fort de France the most stout of hearts Col. Leceour has reported to his gov-

ernment that it is his opinion that the entire Island of Martinique will have to be abandoned. He asks for assistance in transporting the inhabitants to the other islands of the West Indian ocean. Deaths in Four Days. Castries, Island of St. Lucia, Sept. 5.— The report brought by the Royal mail steamer Itare, which arrived here yesterday evening from Martinique, of the loss of 2,000 lives through the recent

deaths since August 30th, and not to ported outbreak of Wednesday, September 3rd. BUSINESS AT STANDSTILL.

Situation in Republic of Hayti Is Daily

utbreak of Mount Pelee, referred to the

Becoming More Complicated, Kingston, Jamaica, Sept. 4.-Latest reports from Hayti dated September 1st. & say the situation in that Republic is becoming more complicated. In the chamber of deputies, as now constituted, M. Pierre, one of the candidates for the presidency, has a majority over his rival, M. Fouchard, while M. Firmin's revolutionary party is making headway in the field. No settlement of the difficulties is in sight, business is entirely suspendant. ed in the chief towns, and the public employees are leaving their work be-cause they have not been paid since President Sam resigned the presidency.

FAST ATLANTIC SERVICE.

New York, Sept. 5.—A new claimant has arisen for the honor of being selected as the British terminal port proposed for the new Canadian service, says a London dispatch to the Tribune. Active steps are being taken to lay the claims of Holyhead before the proper authorities, and the London & Northwestern railway board, has hen approached, it is said, with a view to curing the company's co-operation.
