A SERMON ON CHRISTIAN CHEERFUL-NESS AND ENCOURAGEMENT.

THE OPEN WINDOWS.

Sev. Dr. Talmage on Daniel's Devotions Before the Window That Faced His Native Jerusalem-The Battle With Sin

and Death-The Victory.

New York, Sept. 8.-In his sermon for to-day Rev. Dr. Talmage has chosen theme overflowing with Christain theerfulness and encouragement. The subject is "Open Windows," and the lext selected was Daniel vi, 10, "His windows being open in his chamber toward Jerusalem."

The scoundrelly Princes of Persia arged on by political jealousy against Daniel have succeeded in getting a law passed that whosoever prays to God shall be put under the paws and teeth of the lions, who are lashing themselves in rage and hunger up and down the stone cage or putting their lower jaws on the ground, bellowing till the earth trembles. But the leonine threat did not hinder the devotions of Daniel, the Coeur de Lion of ages. His enemies might as well have a law that the sun should not iraw water or that the south wind should not sweep across a garden of other lands? What a stirring, melt-of magnolias, or that God should be ing theory that all the doors of other abolished. They could not scare him with the redhot furnaces, and they tannot now scare him with the lions. As soon as Daniel hears of this enactment he leaves his office of Secretary of State, with its npholstery of trimson and gold, and comes down the white marble steps and goes to his own house. He opens his window and puts the shutters back and pulls the curtain aside so that he can look toward the sacred city of Jerusalem. and then prays.

I suppose the people in the street sathered under and before his window and said: "Just see that man defying law. He ought to be arrested. And the constabulary of the city rush. to the pol ice headquarters and report that Daniel is on his knees at the wide open window. "You are my prisoner," says the officer of the law, lropping a heavy hand on the shoulder of the kneeling Daniel. As the stables open the door of the cavern to thrust in their prisoner they see glaring eyes of the monsters. But Daniel becomes the first lion-tamer, and they lick his hand and fawn at his feet, and that night he sleeps with the shaggy mane of a wild beast for his pillow, while the king that night, sleepless in the palace, has on him the paw and teeth of a lion he cantot tame-the lion of a remorseful

What a picture it would be for of morning, not waiting for footmen or charlot, hastening to the den, all Bush 1 and nervous, and in dishabile, and looking through the crevices of the cage to see what had become of his prime minister !"What, no sound?" he says. "Daniel is surely devoured, and the lions are sleeping after their horrid meal, the bones of the poor man scattered across the floor of the lavern." With trembling voice Darius salls out, "Daniel!" No answer, for the prophet is yet in profound slumber. But a lion, more easily awakened, idvances, and with hot breath blown through the crevice, seems to demand the cause of this interruption, and then another wild beast lifts his mane from under Daniel's head, and the prophet, waking up, comes forth to re-port himself all unhurt and wen.

But our text stands us at Daniel's window, open toward Jerusalem. Why in that direction open? Jerusalem was his native land and all the pomp of his Babylonish successes could not make him forget it. He came from Jerusalem at 18 years of age, and he never visited it, though he lived to be 85 years. Yet when he wanted to arouse the grand-est aspirations of his heart, he had his window open toward his native lerusalem. There are many of you to-hay who understand that without any exposition.
