ALL DANGER OF WAR HAS BEEN AVERTED.

Balfour at Southampton Told What Had Been Done and Severely Scored the Russian Admiral

LONDON, Oct. 28.—All danger of war between Russia and Great Britain has been averted and the settlement of the only points in dispute regarding the attack by the Russian Baltic squadron on British trawlers Oct. 21, has been referred to an international commission under the Hague convention.

Premier Balfour, speaking at a meeting of the National Union of Conservative Clubs at Southampton to-night, broke that silence which had been so long preserved and had brought the people of the United Kingdom to a condition of almost desperate irritation and given rise to misconceptions which Mr. Balfour to-night himself exposed.

On rising, Mr. Balfour said: "By no will of mine this great assembly coincides with a moment of national difficulty. Since the assembly was arranged events have happened which have stirred to their depths every section and every class of the community, every subject of His Majesty and the conscience of the English-speaking peoples of the world, as well as the general sentiments of civilized Europe."

Continuing, Mr. Balfour said he believed the lamentable and deplorable tragedy of October 21-22 would not end in war. The matter had been referred to an international commission, and both sides would abide by the decision of the international commission, which would consider all the questions at issue; thus war between the two great nations would be avoided without detriment to the Russian government, which as far as he was able to see into the future, the result would not be one of those great national struggles which though they might occasionally be necessary, always left behind a deplorable mark and always retarded the progress of humanity and civilization.

War between two great powers could not be raised without great danger to neutrals, but until last Monday (the day the news of the North Sea incident was made public) what neutral ever contemplated being fired upon and sunk during the progress of a peaceful vocation?

The report in the first instance was received with universal horror, indignation and surprise by the whole civilized world. Two stories had been put before them, as a result of which matter was to be made the subject of impartial international inquiry, although it was impossible to doubt which of the stories was true.

As the ally of Japan, Great Britain was bound under well defined rules to assist Japan, but as they should make it a point of honor to use their whole national power in fulfilling this obligation it was also a point of honor that their duty as neutrals should be scrupulously performed.

The premier said it was incredible that a fishing fleet could be engaged in hostile operations and ridiculed the

FAREWELL TO WM. GREIG.

Friends Tendered Him a Banquet at Union Club Last Evening.

The dinner tendered to William E. Greig by his friends in the Union Club last evening, previous to his departure to Toronto, was a very enjoyable affair, and was the occasion of so spontaneous and universal an expression of regret at his departure from this city as to be flattering in the highest degree. All present testified to the deep and general esteem in which Mr. Greig is held by the people in this community, and the right to claim his friendship, was esteemed to be an especial favor for those fortunate enough to possess it. Nearly two score gentlemen, leaders in the various professions in the city, gathered around the festive board last evening. The tables and rooms of the club were beautifully and extensively decorated for the occasion. A pretty souvenir of the dinner was provided

by the menu card, which not only set forth an appetizing list of viands, but contained an excellent likeness of Mr. Greig. The chairman of the evening was Lt. Col. James Donville, at his right sat the guest of the evening, and on his left Sheriff Ritchie. The vice chairman was Recorder Skinner. The others present were: Charles J. Coster, J. T. Knight, D. J. Brown, George McAvity, Lt. Col. Edwards, A. W. Adams, Major F. H. Hart, E. A. Smith, Lt. Col. G. W. Jones, A. C. Currie, T. E. G. Armstrong, J. A. McAvity, Dr. Emery, F. J. Harding, H. N. Stetson, Paul Longley, J. J. Barry, S. de Roulet, Major J. Harit, Hon. A. T. Dunn, John E. Moore, D. C. Clench, Alfred Porter, John Keefe, J. B. Gillespie, Robt. M. Magee, George Kimball, T. H. Estabrooks, J. M. Magee, F. E. Sayre, J. P. Carrillo, G. H. Flood, Lt. Col. J. E. March, M. D.

Col. Donville in proposing Mr. Greig's health paid a tribute to him as a friend, as a business man, in the social world, in making friendships, as a member of St. Stephen's church. This toast was enthusiastically received, and all joined in singing For He's a Jolly Good Fellow.

Mr. Greig spoke very feelingly in response. He expressed his appreciation of the honor tendered him by his friends and congratulated himself on the fact that he had always been careful in making friendships. Mr. Greig thanked the spirit animating St. John citizens, and felt that they had no equals in the world over. His decision to leave for Toronto was only arrived at after much regret, and he would always welcome a St. John visitor to Toronto. In conclusion he expressed the hope to be back again in their midst.

Many other toasts were drunk, songs were given by several of those present, and at an early hour this morning the affair, which was most enjoyable in every respect, broke up, the members bidding farewell to Mr. Greig.

FELL NEARLY THIRTY FEET.

Harold Barnaby Had a Narrow Escape While at Work Yesterday.

A serious accident occurred in the building of Manchester, Robertson & Allison yesterday afternoon, when H. G. Barnaby, son of W. H. Barnaby, a member of the firm, had an experience which he will not soon forget. The lad, who is nineteen years of age, fell twenty-seven feet to the foot of the elevator shaft. He was attempting to step from the door of the pit room, leading to the elevator, across the pit to the carpet room, when his foot slipped. He thought the carpet room door was unlocked and would readily push open with the weight of his body, but in this he was mistaken, for it was locked. The other door—the carpet room has double doors—was open, which allowed the young man to catch hold of the edge of the locked door. He was unable to hold on, unfortunately, and fell backwards. Down into the pit he fell, striking on his right shoulder. Strange to say, he was able to get up himself. Two of his friends carried him upstairs and a doctor was telephoned for. After waiting some time Mr. Barnaby had his son removed to his home in a coach, where Dr. Walker examined him. No bones were broken, but the lad is suffering from severe bruises.

This is the second accident in the same building inside of two or three months, both victims falling down the elevator shaft. The first one fell over forty feet.

THE MISPEO MILL.

A closed meeting of the general committee of the common council was held at City Hall yesterday afternoon. Mayor White was in the chair. It was decided to make a payment on the Mispeo pulp mill and enter into possession. Some minor matters were attended to in connection with the survey now being made for the water extension.

"ROYAL HOUSEHOLD"

The hold upon the people of Annapolis county which this "Royal Household" flour has secured of late is one of the most remarkable things I have seen in my eighteen years business experience," said an Annapolis county merchant who attended the Halifax Exhibition. I find that the majority of my customers absolutely refuse to take anything but "Royal Household" and I tell you it is almost a serious problem with some of us as to how we are going to sell the stocks we have of other fairly good flours.

AT SILVER FALLS

The conservatives at Silver Falls River had a splendid meeting last night in support of the candidature of Dr. A. A. Stockton. Addresses were delivered by Ald. R. Maxwell, Mr. Doyd of Ontario and B. J. Franklin. Ald. Maxwell discussed the transcontinental scheme in an able manner, and the two latter speakers devoted their time to a discussion of the tariff question, the Dundonald episode, and other matters. The school house, in which the meeting was held, was crowded and the greatest enthusiasm prevailed.
