DRUCE CASE WITNESS

SAULT STE MARIE, Ont., April 10—According to notice posted at the steel plant of the Lake Superior Corporation the works will be closed down until Monday morning owing to scarcity of pig iron. The edict came into effect at six o'clock this morning and will remain in force until six a. m. on Monday. It would appear that the only solution of the present difficulty in regard to shortage of pig iron which sometimes occurs when the plant is otherwise in a position to continue active operations is the installation of another blast furnace.

MAN SLEEP IN SALOON

James Hogan, proprietor of a saloon on Water street was charged in the police court this morning with allowing Wm. Watson to remain in his place of business during prohibited hours. The evidence showed that Watson was taken in to the saloon Saturday evening by Edward McCausland, and left there. He was refused liquor and just before closing hour as Watson tried to leave the premises he fell and went to sleep. Mr Hogan could not arouse the man until nearly ten o'clock when he was able to walk and sent his porter, Wm. Diamond, to accompany the man home. Mr. Hogan was fined \$50.

The magistrate said that while Mr. Hogan was trying to protect Watson, he had left himself liable to the law.
