PORTRAIT RECOVERED.

Famous Gainsborough Picture of the Duchess of Devenshire Safe.

LIVERPOOL, April 8.—C. Moreland Agnew, upon his arrival here on the steamer Etruria, this morning, admit-ted that he had the Galasborough portrait of the Duchess of Devonshire. misleading statements concerning the Gainshorough," added Mr. Agnew. "I went to America with many misgivings, after so many years of search When I reached New York I found it would be necessary to proceed to Chi-cago, where I met the Pinkertons. By e most natural process in the world e portrait was turned over to me them. The simple statement that had been recovered in one of the Western States was in accordance with their instructions from Scotland

"So far as I am concerned, the history of the picture during its detenion for a quarter of a century is as the world. The portrait is in as perthe world. The portrait is in as per-fect a state of preservation as any Gansborough I ever saw. All stories impricating a former American mil-lionaire, who is now destitute, are new to me. All I know is that the picture was given to me in Chicago and that it is the original portrait."

The electric light deal has gone through with a rush, and, as was anticipated, the town did not know what it was buying. Many of the ratepayers are indignant, others are indifferent, while a coterie of the company's friends are jubilant. Meanwhile the elephant will have to be fed.

The civic elections are near at hand, but little or no interest appears to be taken by the public. Meanwhile the rumsellers flourish more under the last incumbent, which is the reverse of the expectations formed a year ago.

DEATH OF RICHARD THOMPSON.

On Monday of last week the Sun re-orded the death of Mrs. Richard Thompson, aged 80, at the family residence, Manawagonish road. It was then stated that Mr. Thompson was lying dangerously ill, with but faint hope of his recovery. He lingered till Thursday, when he passed quietly. Mr. Thompson was for a long time

before the great fire of June, 1877, one of the merchant princes of St. John, being the head of the Sheffield House on Market square, the leading silverware and cutlery establishment of the maritime provinces. He retired from active business about 1887. Mr. Thompson was a man of progressive ideas and devoted his spare moments to agriculture. His model farm on the of the times.
