

THE WEATHER.

Maritime—Moderate winds fine and warm. Toronto, Ont., Sept. 3.—The weather has been generally fair throughout Canada but a few light local showers have occurred in the western provinces and New Brunswick. It had become somewhat cooler in the Prairie Provinces.

New England Forecast. Washington, D. C., Sept. 3.—Forecast for New England: Increasing cloudiness and warmer; followed by showers at night and Sunday; moderate south winds.

James Gorman Doing Well. Reports from Plaster Rock are to the effect that Jas. Gorman, who was shot a few days ago at McDonald's construction camp, on the Tobique, is progressing favorably.

The Borings in Courtenay Bay. Mr. H. M. Davy, the Government Engineer, who had charge of the borings in Courtenay Bay, arrived in the city yesterday and is at the residence of Mr. Davy will consult with the Minister of Public Works while in the city.

Escort Arrives for Deserter. An escort in charge of Corp. Adams of the R. C. A., now stationed at Sydney, N. S., arrived in the city last evening, and will take charge of Wm. Green, who deserted from the ranks about three weeks ago, and is at present lodged in the jail. The escort, with their prisoner will probably leave on Monday.

A Presentation. Some of the members of Mr. Morton Harrison's Sunday school class of Centenary church, led by their teacher, surprised one of their classmates, Mr. Grant Smith, 188 Princess street, by appearing at his home last evening and tendering him a handsome dressing case of dressed leather. Mr. Harrison in making the presentation commented upon Mr. Smith's leaving for Mt. Allison Academy and the loss the class would sustain. Mr. Smith in a suitable reply thanked the donors. He will leave next week to take up his studies.

Unruly Crowd at Band Concert. There was an exceptionally large crowd in attendance at the band concert in King Square last evening and the police report more trouble than they have been given on any previous concert night. The presence of a dozen or more unruly youths between the ages of 14 and 18 who wrestled with each other, pushing and jostling the crowd, disturbed the gathering, and the several policemen were busily engaged preserving order. The opinion was expressed that the offenders should be placed under arrest and severely dealt with.

G. T. P. Accidents Due to Carelessness. Mr. C. O. Foss, district engineer of the Transcontinental railway and Mr. Horace Longley, chief assistant engineer returned last evening from a routine trip of inspection over the construction work in the vicinity of McGivney Junction. Speaking to a Standard reporter, Mr. Longley said that the many accidents in the G. T. P. were chiefly due to carelessness on the part of the victims themselves. It was very seldom that the contractor was responsible for the mishaps. The workmen continually disregarded warning to keep away from moving trains, and to stand back when blasts were being discharged.

King's Daughters' Guild. At the monthly meeting of the King's Daughters' Guild at the Guild rooms yesterday afternoon arrangements were made for the sale to be held in Keith's Assembly rooms on November 11 and 12. The following copyists of committees were appointed: Mrs. J. F. Bullock, fancy table; Mrs. R. A. Jamieson, tea table; Mrs. Wilfrid Campbell, candy; Mrs. G. A. Teew, handicrafts; Mrs. A. P. Crockett, kitchen; Mrs. C. A. Clark, apron; Mrs. E. C. Craibe, doll table. The ministering circle will have charge of the ice cream booth. At the Maritime Convention of the King's Daughters which is to be held October 8, 9, and 10, Miss Brown of Toronto will be the principal speaker.

School Inspection. Mr. W. M. McLean, inspector of the St. John and Charlotte counties schools, returned yesterday afternoon inspecting 12 open schools which were open in the district between Lepreau and St. George. Several schools are not yet opened. Prince of Wales school will open next week; Lepreau had no teacher engaged, Miss Hawkins of Utopia has not been able to teach on account of typhoid fever in her family. Mr. McLean reports that the attendance in several schools is small owing to the children going blueberrying. He will leave on Tuesday for St. George, and will spend a day or two on his way to Stephen calling at intermediate schools. On his way back he will visit the schools at Dipper and Chance harbors, Lorneville and Mace's Bay.

CHARLES SPARKS TO BE GENERAL SUPT. OF N. B. TELEPHONE CO.

It is announced that the New Brunswick Telephone Company has appointed Mr. Charles Sparks as general superintendent. The new position has been created because of the resignation of Mr. H. P. Robinson from the general management, and the management of the company in the future will be in the hands of the executive committee of the directors acting in conjunction with the new official. Mr. Sparks has been with the company for four years, and for the past two years has filled the position of engineer. His advancement is in line with the company's policy of promoting its own employes instead of sending outside for officials. The executive committee is composed

CANADIAN CLUB FLOURISHING WITH 522 PAID MEMBERS

Executive Hears Lord Chas. Beresford Cannot Come—Bourassa And G. W. Stephens To Be Asked.

A meeting of the executive of the Canadian Club was held yesterday afternoon. Those present were, Mr. C. B. Allen, chairman; Mr. E. T. C. Knowles, Mr. M. E. Agar, Mr. Geo. A. Henderson, Mr. Wm. Hawker, Dr. T. D. Walker and Mr. A. M. Belding. A communication from Lord Charles Beresford was read, in which he stated that it would be impossible for him to come to St. John. The speakers committee was commissioned to communicate with Mr. Henri Bourassa and Mr. G. W. Stephens, of Montreal, asking them to address the club. These gentlemen have promised to deliver addresses and an effort will now be made to get them in the order named. The president stated at the meeting that it would be impossible for him to attend the convention of the Canadian Clubs, which is to be held in Montreal on Sept. 15th. It was left with him to appoint a substitute. The secretary reported that the club was in a flourishing condition there being at present 522 paid members. Eighteen applications for membership were received.

OLD LANDMARK AT INDIANTOWN IS BEING REMOVED

Fire Alarm Bell Has Outlived Its Usefulness—Has Seen Service For Twenty-Four Years.

OLD LANDMARK AT—So... The old fire alarm bell which has been a landmark of Indiantown for the past twenty-five years is being torn down. The bell has proved of good service in the past, but of late years it has not been used, except by the mischievous small boy, who took great delight in ringing it when ever occasion offered. Strange to say, one of the North End firemen was the indirect cause of the bell's being removed. Mr. W. H. Dunham, while coming down the public steps at the top of which the bell hung, fell against the railing, which gave away, causing him to fall on the steps and sprain his ankle. The steps were in bad condition and Mr. Dunham intimated that if the city did not repair them he would sue for damages. While the steps were being repaired the Building Board decided that as the bell was no longer useful, and as the tower was also in a bad condition they had better be removed.

ANNUAL SHOOT OF PORT ELGIN GUN CLUB, LABOR DAY

Handsone Prizes Offered To Winners In Annual Event—Silver Cup Donated By F. Magee.

The Port Elgin Gun Club will hold their annual trap shooting tournament at Port Elgin on Labor Day. Prizes for the tournament will be given as follows: First prize—Silver cup, donated by Mr. F. Magee. Second prize—Automatic Browning revolver, donated by Caverhill, Learmont & Co., of Montreal. Third prize—Hunters lunch basket, donated by W. H. Thorne & Co. Fourth prize—Silver cup, donated by F. W. Sumner & Co., of Moncton. Fifth prize—Guncase, donated by Douglas & Co., of Amherst. Sixth prize—One hundred loaded shells. The twentieth prize an old muzzle-loading rifle will be given. The rifle will have the name of the winner engraved on the butt. The cup donated by Mr. Magee is a handsome silver trophy and must be won by the same person for three consecutive years before it becomes his property.

ed of Mr. S. H. White, the president; Senator Thompson, vice-president; Mr. A. W. Bennett and Mr. F. B. Black, of Sackville, and Mr. H. P. Robinson, the present general manager. Mr. Robinson will continue as a director and member of the executive committee and will therefore be closely associated with the future of the company. The change goes into effect on Oct. 1st, after which Mr. Robinson will take up his position as manager for New Brunswick for J. C. Mackintosh and Co.

At a meeting of the directors on Thursday, it was decided to furnish all provincial exchanges with weather reports at 7 a. m. daily, from the Meteorological Bureau, in Toronto. The idea is to more popularize the service. At the same time it will be of great benefit to farmers who will be able to ascertain early in the day the weather forecast and govern their work accordingly. The scheme is carried out throughout the western states and has proved very popular.

The wedding of Miss Estelle V. Hays, daughter of Mr. H. V. Hays, principal of the manual training department, and Mr. Allison A. Niles, will take place Sept. 15th, at the home of the bride, 173 Victoria street.

A. O. H. ARRANGE FOR NOVEMBER FAIR AND DECORATION DAY

Committees Appointed A Meeting Last Evening—New Hall To Be Opened With Dance, Labor Day.

At a meeting of Division No. 1, A. O. H., held last evening with the president, Mr. C. H. Ferguson in the chair, committees were appointed to make preparations for the week's fair which will be held on November 12. A dance will be held on Labor Day in the new hall belonging to the society when it will be officially opened. For the annual Decoration Day services on Sunday September 12, invitations have been extended to the other divisions throughout the province to take part in the ceremony, and it is expected that representatives from each body will be present. Flowers will be placed on the graves of the deceased members of the A. O. H. and of the Ladies Auxiliary. The A. O. H. committees will take part in the procession. The names of those whose graves will be decorated in the old Catholic cemetery are:—Division No. 1—J. O'Leary, P. Cante, G. McWilliams, E. Bourke, W. O'Leary, E. Q. Quinn, R. Coleman, R. Martin, R. Sullivan, P. McFadden, D. McManus, C. Finnegan; Division No. 2—B. McNamara, T. Ferran, T. Kelley, Moncton, No. 1—J. Murphy; Ladies Auxiliary, Mrs. P. Killon.

Those in the new Catholic cemetery are:—Division No. 1—J. McCookery, W. D. McEvoy, E. Connelly, W. Heffernan Jr., T. O'Grady, T. Burns, J. McLaughlin, J. Donovan, J. R. Kichana, F. McCollough, G. F. Duffy, J. Conlon, P. Bain, L. McGill, M. Driscoll; Division No. 2—R. W. Connor, J. M. Hayes, Ladies Auxiliary—Miss M. Bain, A. O. H. Cadets—L. K. Griffin, P. Campbell, J. McBratney, J. McCollough, Wm. McLaughlin, Rt. Rev. Bishop Sweeney; Division No. 3—M. Delay, Bath No. 1—Rev. M. Coughlan, Bucouche No. 1—W. Fleming. Two members, Dr. Collins and John Murphy, are buried in the old St. Peter's burying ground.

HAVE FOUND NEW ANTIMONY VEIN OF 50 PER CENT. ORE

A. S. Baker Of Canadian Co. At Lake George Tells Of Important Developments—Shipments This Month.

Mr. A. S. Baker, president of the Canadian Antimony Co., Ltd., of Lake George, York County, was in the city yesterday and told a glowing story as to the prospects for success of the mine. Only yesterday, he said, a new vein had been reached at the 200 foot level of unusual thickness and purity of ore. Antimony formed 50 per cent of the ore mined and the vein was 12 inches in thickness. As many as 60 men are at work day and night and a large quantity of ore, probably 1,000 tons is now on the dump, awaiting the completion of the reduction plant, which is expected to start in about ten days' time. Mr. Baker said last evening that the samples of the finished product assayed very well. There was a total absence of arsenic and the percentage of antimony reached 99.92 per cent. The best English antimony he added assayed about 85. The shipments will immediately on the completion of the reduction plant this month and will be consigned to New York, London and Hamburg. Firms in all three of these cities have offered to handle the entire output of the mine.

MR. F. MCCARTHY DIED AT SPRUCE LAKE YESTERDAY

Was Caretaker Of Water Supply—A Faithful Servant Of The City For Fifty Years—His Record.

Mr. Frank McCarthy, caretaker of the Spruce Lake water supply, died last evening. Mr. McCarthy has been in the employ of the city for about fifty years. Before he was appointed he was employed by the firm of E. D. Jewett and Co., as watchman of their mill at Spruce Lake. Mr. McCarthy was 95 years of age and leaves three sons and one daughter. The sons are, John, of this city; Frank at home, and Joseph of Musquodouvo. His daughter is Mrs. McFadden, who also lived with her father. Mr. McCarthy was a faithful servant of the city and notwithstanding his great age was attending to his duties until a short time before his death.

Everything New. The city is assuming a busy fall appearance. New fall openings are being held in the bargain stores, and outside buyers are coming in to make fall purchases. The Dunlap, Cooke Co., have had an unusually busy week with new furs, costumes and coats and their usual splendid showing.

Mr. LeBaron Thomson returned from Boston yesterday. He was accompanied by Mr. and Mrs. Tyler Thomson and child, of Missoula, Mo., who are visiting the city after over twenty years' absence.

A Beautiful COMPLEXION

CUTLAVE is used extensively in refined homes to improve the complexion. It requires no continuous rubbing. In fact, massaging tends to coarsen the pores and make the flesh flabby but if instructions are followed steady improvement will result. CUTLAVE is positively guaranteed not to produce a growth of hair.
