THREE EVENTS ALL  
FIGHTING HEATS  
AT BANGOR FAIR

Whip Finishes Was Class of  
Racing Yesterday—Shower  
Prevented Finish of Free-  
For-All.

Bangor, Me., Aug. 29.—Three events all fighting races with whip finishes were completed, and one heat of the Free For All was run off before a shower late this afternoon made the track so slippery that the sport was suspended until Friday. The 222 pace was lively all the way with Miss Rollins and The Monk contenders for the top end. The mare was a bit slow in getting away in the second heat and The Monk came home a stride in front but four heats proved plenty to settle it.

The 225 trot and 227 pace and 224 trot, although decided in three heats were no propositions, the winners having to extend themselves for the money. The Free For All to be finished on Friday promises fine sport with a lot of guessing between the four contenders. Attendance today 5,000.

## HITS COLLEGE ATHLETICS.

Bloomington, Ill., Aug. 30.—The new draft rules, calling for men between the ages of 18 and 21, will, it is feared, place a quietus upon prep and college athletics during the coming year. In the prep schools the trained athletes are of draft age in most instances, while a large proportion of the men who make up the college athletic teams are below 21. The change in the ages for draft men was disconcerting to the coaches and athletic directors of the various educational institutions and may have a serious effect upon football and basketball during the coming season.

He may have to leave before the season closes on Labor Day, but hopes to secure an extension of time until that date.

MANY STARTERS AND  
CLOSE FINISHES ON  
THE HOULTON TRACK

Large Crowd Witnessed Thrill-  
ing Races Yesterday—  
Bronius and Brage Copped  
the Big Purse.

Houlton, Me., Aug. 29.—The crowds who attended the third day of the Houlton Fair this afternoon witnessed some of the best horse racing ever seen on the local track. With six starters in the 222 it took five heats to decide the winner.

In the 225 Bronius was the winner, although Jimmy Gallagher's Kentucky Jean gave the local horse a hotly contested race.

The 220 furnished the crowd plenty of thrills; seven horses took the word in the opening heat and the field was well bunched throughout.

Arion Todd Jr. made his brother, Brage, go a lively clip in the first heat, but in the second heat Brage and third heats was a serious contender to the wire. In the last heat only an eyelash separated the two horses.

After the first heat of the 220 Douse, driver of Kenneth K., was taken out for foul driving and Harry Nevers was substituted.

With five starters in the 211 tomorrow and big fields in the other classes the last day of the fair promises exciting races. A light rain fell during the afternoon.

SERGT.-MAJOR COREY  
KILLED IN ACTION

Only Son of Mr. and Mrs.  
David Corey, New Canaan  
—Saw Service in Boer War  
and Was Real Soldier.

W. C. Corey, New Canaan, Queens Co., was reported in last evening's paper as killed in action.

The gallant soldier held the rank of Sgt. Major and in earlier years was a camp commandant at Sussex. At the outbreak of the Boer war he enlisted and saw service in South Africa, being in the siege at Ladysmith. On his return to Canada he went into Dawson City on an expedition and spent a number of years there. Again at the outbreak of this war he had only shortly returned from the north on a visit to his parents Mr. and Mrs. David Corey, and immediately signed up for service.

A short time ago he was wounded, that being his first mishap. Upon recovery he went into action again, and is now reported as having died in action.

A particular sad circumstance of the death is his being the only son and child of the family. His parents are well along in years and the blow to his aged mother will be hard to bear as she always spoke of "her only son" in this war. An uncle, Jason Corey, survives, also a cousin, Miss Dora, at present in the States.

## BIG TRAIN'S LONG TRIP.

The largest truck train movement yet undertaken by Uncle Sam recently reached a successful ending at Camp Jessup, Georgia, when ninety 3-ton Packard trucks completed a 981-mile cross-country journey, from Detroit to the front.

Not only was the trip remarkable on account of the distance and the length of the train, but much of the country traversed was unsuitable to such heavy traffic, and the soldiers drivers had to strengthen and rebuild dozens of bridges along the route.

At Guntersville, Ala., where the swollen Tennessee River had to be crossed, only a one-man ferry, capable of carrying a single truck, was available. This diminutive transport required two hours for each round trip, and would have necessitated a week's night-day effort to put the train on the far bank. So, moving down the river, a railroad ferry, accommodating eighteen trucks, was commandeered, and after a suitable approach was built, the long caravan put the stream behind it in little more than a day's time.

Despite many such difficulties, the trucks rolled to Camp Jessup, seven days after leaving the Packard factory, every truck in fighting trim. The train was in charge of Captain G. P. Hippe, Lieutenant L. A. Couch and C. O. Middlebrook. Captain R. P. Andrews also accompanied the train as a special convoy officer. The trucks were manned by 200 picked soldiers-mechanics from Mechanical Unit No. 905. Camp was made each night at a suitable place along the line of march.

## A PLEASANT FUNCTION.

The home of C. Cain, 69 Newman street, was the scene of a pleasant function last evening, when a number of friends dropped in. The evening was spent in music and games, the selections by the Newman street quartette being especially enjoyed.

APPOINTMENT OF  
SUB-INSPECTORS

Chief Inspector Wilson Has  
Two Men in View But Not  
Ready To Give Their  
Names.

Rev. W. D. Wilson, chief inspector under the Provincial Prohibition Act, left last evening on the Montreal express for his home at Fredericton.

Speaking to The Standard regarding appointment of sub-inspectors under the act he stated that two good men are now in view, but of course he was taking time with the appointments so that when made two reliable men will be in office to assist Inspector Mann.

Inspector Mann, when seen, said that things must be in good working order before they proceed, for the sake of "if one panel of the fence is left a little friendly advice as to still holds good."

When things were arranged it would be done in first class shape and in due course of time "something will be doing."

Inspector Mann is in the city at present looking into affairs pertaining to his new appointment on which he is receiving congratulations.

CASES DEALT WITH  
IN POLICE COURT

W. Delaney, Charged With  
Taking Money Belonging  
To His Employer, Allowed  
To Go On Suspended Sen-  
ence.

In the police court yesterday afternoon W. Delaney, on the charge of withholding money collected for his employer, was allowed to go on suspended sentence. The magistrate gave him the advice as to watching himself in the future. In view of the fact that Delaney had shipped his household goods to St. John, and was himself returning from Halifax, the plaintiff in the case asked that Delaney be treated leniently, as he did not wish to press the charge.

Delaney promised to beware of such events in the future and to return to his work.

A prisoner was fined \$8 for drunkenness. When arrested on the wharf, the prisoner of the police he kicked a bottle into the harbor. The prisoner denied it was liquor. His Honor warned him and struck the above fine.

Citizens For Fuel.

On Monday 100 tons of shales arrived from Albert mines and are now awaiting the finishing touches of the crusher before being offered to the citizens for the final test. Premier Foster and Fuel Controller Frink have been very active facilitating matters as they are anxious that the cold weather shall not catch the homes without at least some means to keep them warm.
