THE ANNUAL SERVICE.
The annual church service of the R. K. Y. C. held yesterday at Crystal Beach was attended by one of the largest congregations ever seen at one of these services. This is the first divine service of the club since armistice was signed and was designated a service of "Thanksgiving for peace and deliverance from our enemies." The order of service was printed on a folder in the form of an ancient scroll with the club flag on the outside and made a handsome and unique souvenir of the occasion. Rev. Dr. Morrison, chaplain of the fleet, was assisted in this service by Rev. Craig Nichols, chaplain of the St. John Power Boat Club, and Commodore Chesley and many members of the Power Boat Club were present at this service. The offering, which was a generous one, was for the Protestant Orphan Home.

DODD'S KIDNEY PILLS
The order of service was as follows: Invocation; hymn, "Onward Christian Soldiers"; prayer; hymn, "Unto the hills do I lift up mine eyes"; psalm and prayer; hymn, "Nearer My God to Thee"; sermon; offering; God Save the King; benediction.

Rev. J. A. MacKeigan, minister of St. David's Presbyterian Church, has found it necessary to give up his work for a short period and at a meeting of church officials yesterday it was decided to give him two months' leave. It had been planned to open the new church during the month of September and the people of the church greatly regret Rev. Mr. MacKeigan's indisposition at this time.

It is understood that while at camp with the boys of St. David's church Rev. Mr. MacKeigan sustained an injury to his foot, which developed to rather an alarming extent, and the patient's condition became quite serious. At present Rev. Mr. MacKeigan is quite sick but no serious results are anticipated. His friends in his own church and in other parts of the city will regret that he has been compelled to give up his work even for a short period.

Mrs. E. McDonald Gained 20 Pounds

Declares She Doesn't Look or Feel Like Same Woman Since Taking Tanlac—Had Suffered Forty-Five Years.

"A few days ago," said Mrs. Emily McDonald of 3598 Pacific avenue, Winnipeg, recently, "I was showing a neighbor a photograph of myself which was taken before I began using Tanlac, and I have improved so much that she could not believe it was a picture of me."

Mrs. McDonald, who is the wife of a well known Canadian Pacific railroad man, has lived in Winnipeg for the past seventeen years and her experience with Tanlac will be of interest throughout Canada.

"Forty-five years ago," she continued, "when I was only seventeen years of age, I had an attack of indigestion that was so severe my folks did not think I would recover. Well, since that time my stomach has never been right and I have often had spells of the same kind. About three years ago I had one that almost finished with me. My appetite left me entirely and my stomach was in such a bad condition I had to live mostly on eggs and milk. I could not eat a piece of bread until it was cut very thin and soaked in milk. I was almost starved, and even then I would often suffer misery. I was very fond of pastries, but had to give them up entirely, for if I ate them I would suffer death, almost. What I did eat would sour and the gas from it would blow me up terribly, causing such awful pains in my left side and around my heart that I could hardly stand it. I actually became alarmed for fear I had heart trouble. Often at night I would suffer so from this gas pressure that I would have to sit straight up in bed in order to get a good breath, and night after night I could not sleep a wink. I lost weight until I was scarcely more than a frame. I felt tired and worn-out all the time and could not do the least work without being completely exhausted. I often suffered with headache and my blood circulation was so poor that my limbs would get numb. I was also troubled with rheumatism in my ankles. They would swell so it was difficult for me to get my shoes on and I had to wear slippers."

"I have tried most everything but never got more than a little passing relief until I used Tanlac. But this medicine has built me up and done me so much good that several of my neighbors are now taking it on my recommendation. My appetite is just splendid and I can eat pastries or anything else and never suffer the least bit of trouble. Since the gas has stopped forming on my stomach I am never troubled with palpitation or nervousness of breath. I can lie down at night now and sleep like a child until morning. I feel as if I had a new lease of life and I have strength to do all my household work without any trouble. The rheumatism and neuralgias are gone entirely and I have gained more than twenty pounds in weight. I have been so well that I feel as if I ought not to look like the same person and it is a real pleasure for me to tell the people what a grand medicine Tanlac is."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Mauro under the personal direction of a special Tanlac representative.—Advt.
