

PREMIER DRURY REFUSES TO GIVE OUT ANY STATEMENT ON THE FORMATION OF HIS CABINET

Expected That Resignation of the Hearst Government Will Take Place Today and That Everything Will be Wound up Preparatory to Vacating the Parliament Buildings—New Ministers Will be Sworn in on Friday—Centre Simcoe Will Not be Opened for Mr. Drury.

Toronto, Nov. 12.—W. F. Nickle, ex-M. P. Kingston, who has been offered the attorney-general's position in the new government in the Province of Ontario, arrived in this city this afternoon and was in conference with Premier Drury for some time. It was understood that his mission was to either accept or refuse the offer, and the general supposition was that he would accept.

Mr. Nickle declined to make public tonight what his decision had been. Mr. Drury likewise refused to make a statement on the question. It is believed here that the probable personnel of the Drury cabinet which the Farmers' Sun published, is virtually correct. This list gives Mr. Nickle the portfolio of attorney-general.

It is expected that the last gathering of the Hearst government will take place tomorrow, and that everything will be wound up preparatory to vacating the offices in the parliament buildings so as to make way for the new government to step in on Friday. It is understood that the new ministers will be sworn in on Friday by the Lieut-Governor. The bye-elections will follow in short order.

Rumor has it that Centre Simcoe may not be opened for Mr. Drury at all. It is said that H. C. Murdoch, the U. F. O. member-elect for Centre Simcoe, who offered his seat to Mr. Drury just after the latter's election as leader of the U. F. O. Labor party, has changed his mind and wants to be in the legislature. One reason given for his change of mind is a fear that if the seat is vacated by him it may possibly be lost to the U. F. O. There is nothing definite yet as to where Mr. Drury may look for a seat.

Manning Doherty, who is to be minister of agriculture, was elected for Carleton Place in North Essex. It was rumored today that A. T. Tiedale, who was elected in that riding by a big majority as U. F. O. candidate, willing to make way for Mr. Doherty.

Toronto, Nov. 12.—Premier Drury announced that R. H. Grant, member-elect for Carleton Place, had accepted the portfolio of education in the Ontario cabinet now being formed. Mr. Drury also stated that he had wired W. F. Nickle, K. C., of Kingston, offering him the portfolio of attorney-general. Mr. Drury added that Mr. Nickle was expected in Toronto tonight and would then give him his final answer to the Farmers' Sun, which is regarded as the official mouthpiece of the Premier, gives today the following list of the new cabinet:

Premier, E. C. Drury, minister of agriculture; Manning Doherty, education; R. H. Grant, lands and forests; Benah Bowman, public works; F. C. Ziggs, labor and health; W. R. Rolin, mines; H. Mills, provincial secretary; C. Nixon, provincial treasurer; Peter Smith, attorney-general; W. F. Nickle, without portfolio; Lieut-Col. D. Cameron, Michael, D. S. O. Messrs. Nickle and Smith have not finally accepted. The new cabinet will have a conference tomorrow.

TORONTO STIRRED UP OVER ORDER OF VACCINATION

Indignation Meeting Called for Next Wednesday Evening to Oppose Compulsory Vaccination.

Toronto, Nov. 12.—Instructions were issued by the board of control today for the calling of a public meeting in Massey Hall next Wednesday for the purpose of discussing the question of compulsory vaccination. This action was taken as the result of the presenting of a petition by the anti-vaccination league and other citizens. While the anti-vaccination delegation was being received by the board, one of the delegates, Mrs. Blackburn, charged that Dr. Mann, one of the physicians vaccinating for the board of health, had forcibly vaccinated her little girl, although the child had been vaccinated only four years ago and had with her a note from her teacher certifying to that fact.

May Have To Provide Concentration Camps For Aliens Rounded Up in U. S.

Washington, Nov. 12.—Aliens rounded up by Department of Justice agents in the recent raids on headquarters of the Union of Russian Workers in a score of cities, will be deported as soon as hearings have been held by the Department of Labor, according to Attorney-General Palmer. He said today arrangements for their deportation to Russia had been made, but added that he could not disclose to what part of Russia they would be sent.

Because of the peculiar situation existing in Russia it had been suggested that the aliens could not be deported at this time and that the Government might find itself faced with the necessity of establishing concentration camps for them in this country.

Legislature of Quebec To Convene December 10th

With Announcement of the Session Comes Rumors of Intended Resignation of Premier Gouin.

Quebec, Nov. 12.—With the announcement today by the Quebec Legislature that the next session of the Legislature will open on December 10, came the renewal of the rumors that Sir Lomer Gouin had announced his resignation.

It is generally conceded here, even by the Liberals, that Sir Lomer Gouin will shortly retire from leadership in the Province of Quebec, but whether or not he told his Cabinet today when he would withdraw, was not divulged by any of the members.

When spoken to by a newspaper man today and asked directly if there was any truth in the stories of his resignation, the Prime Minister's aid to have replied: "No, the session has been called."

It is known that Sir Lomer Gouin is leaving for Europe after the session and he may resign before he leaves. Rumor also announces that he will be succeeded by Hon. J. E. Caron, Minister of Agriculture, the object of this, it is said, is to prevent any movement in this Province to start a new party such as exists in Ontario.

U. S. Senate May Enforce The Closure

Summary Action to be Taken to Choke Down Debate on Peace Treaty and Bring Ratification Vote.

Washington, Nov. 12.—Summary action to choke down debate on the Peace Treaty was decided on by the treaty's friends at the meeting today to meet developments regarded by many as the beginning of a filibuster against ratification. Two petitions to invoke the Senate's closure rule, which never, heretofore, has been used, were prepared for submission tomorrow should it become apparent that dilatory tactics have been adopted by the group irreconcilably opposed to the Treaty. The first proposal was drawn by the Democrats and the other was being formulated to-night by the mild reservation group of Republicans. Under the rule, which would be made effective beginning Saturday by a two-thirds vote, no Senator could speak more than one hour in all until a vote on ratification had been reached. No specific time could be set under the rule for such a vote, but the leaders predicted that it would force final action, if resorted to, early next week.

The latest victim of violence is Adamo Boaris, the Democratic candidate in Ferrara. He had driven in an automobile to the village of Marroca to address the electors and hardly began to speak when Socialists invaded the meeting and wounded him. The Socialists seized the automobile for their own propaganda and kept Boaris a prisoner. Soldiers were sent from Ferrara to rescue him.

BRITISH CABINET TO CONSIDER THE IRISH PROBLEM

Gov't Much Embarrassed by Publication of What is Purported to be Their Plan for Handling the Problem.

London, Nov. 12.—The Cabinet is about to discuss in considerable detail the proposal of the Cabinet committee on the subject of Ireland. It was learned from an authoritative source that the Government is much embarrassed by the publication of what has purported to be the Government plan for handling the Irish problem. The Associated Press is officially informed that all stories hitherto printed are necessarily speculative and incorrect, because the Government has not as yet formulated its proposals, and cannot until the committee's report is considered.

Gov. General In Praise Of Canada

Duke of Devonshire, at Canadian Club Luncheon in Toronto, Lauds Loyalty of Canadians to British Throne

Toronto, Nov. 12.—The Duke of Devonshire was the guest of the Canadian Club at luncheon today. In replying to the toast to his honor, His Excellency said:—"I am not going into my family history—or I might tell you of one bit of it, how one of my ancestors had to choose between having his head cut off and being made a duke." (Laughter). "The ancestor had chosen the dukedom." "Canada," said the Duke, had made him an optimist. Much had happened since a year ago. It is with thankful hearts that we celebrate the anniversary of the coming of peace. The great enthusiasm that Canada has shown in receiving the Prince of Wales has demonstrated the loyalty of Canadians to the Throne and to British institutions. It was not merely an enthusiasm for a fine and engaging personality. "While the despotic Thrones of Europe have been shattered the British Throne stands today as firm as ever. British institutions have stood the test and shock of time and change."

WHEAT BOARD KEEPS SECRET THE PRICES RECEIVED

Opinion of the Board That by so Doing it Will, in the End, Prove Advantageous to Farmers.

Winnipeg, Nov. 12.—James Stewart, chairman of the Canadian Wheat Board, today declared that it had been decided to withhold information as to the price received for Canadian wheat being sold until the close of the present crop year, August 31st, 1920. He believes that the majority of farmers are satisfied to wait until the crop has been cleaned up before being told what additional price they are to receive for their wheat over the fixed price as guaranteed by the Government. "The average farmer," said Mr. Stewart, "is a good sport and is willing to take a chance on finally securing the best returns possible. Some export wheat has been sold, but it would be unwise to make public at what figure for the reason that the balance yet to be disposed of may be sold at a higher or lower figure, and as the whole crop is pooled, according to grades, any figures given out at this time might be very misleading. This is the only reason why I am decided to withhold the price I am receiving for Canadian wheat until it is all disposed of."

CABLES WERE CUT OUTSIDE NEW YORK BY GERMAN SUBS

First Intimation That Germans Tried to Interrupt Communication on This Side of Atlantic Given Out Yesterday.

New York, Nov. 12.—Two German submarines cut the cable between this country and England, just outside New York harbor, in the spring of 1918, but the break was spliced by a small corps of experts within twelve hours. This fact was made known today for the first time by Colonel J. J. Carty, vice-president of the American Telephone and Telegraph Company, in an address at a luncheon of the New York Electrical League. A cable extending from New York to South America was cut at the same time and was repaired as quickly. According to Col. Carty, Germany evidently was discouraged by her failure to interrupt communications and the exploit was never repeated.

Moncton Employees Of C. N. R. Liberal Purchasers of Bonds

Estimated That 2,000 Have Taken Bonds—General Offices in Moncton Secure the Prince of Wales Flag.

B., Nov. 12.—With returns not complete up to Tuesday night, the Eastern and Transcontinental Division of the Canadian National Railways have taken \$1,472,550 in Victory Bonds, and practically fifty per cent of the total number of employees have become bondholders. These prizes will be awarded for the best per centage of subscribers, and for the largest amount of subscription in comparison to the payroll. Seventy-nine per cent of the office employees have taken bonds to the amount of \$105,150. The offices have now a lead on the shops both in per centage and in the amount subscribed.
