

GOV. GEN. OF CANADA WARMLY RECEIVED IN FREDERICTON

Listened to Various Addresses and Made Replies—Degree of LL. D. Conferred at the University—Entertained at Civic Luncheon and Held a Largely Attended Reception in the Evening.

Fredericton, Dec. 3.—Fredericton welcomed His Excellency the Governor-General of Canada this morning on the occasion of his first visit to New Brunswick. The welcome was hearty although not demonstrative, and had both military and civic features.

His Honor Lieutenant Governor Pugsley waited upon His Excellency aboard the train, and Premier Foster and members of the provincial government, Brigadier General H. H. Macdougall and staff and Major Hanson, and members of the City Council were present shortly afterwards.

A guard of honor from the New Brunswick Trench Model, starting at 8:25, 8:30 and 8:35, escorted His Excellency to the station. The Governor General was attended by Lt.-Col. Henderson, Military Secretary, Lord Richard Neville, Commander of the household, Capt. the Earl of Minto, A.D.C., and Major Holmes.

His Excellency proceeded to the City Hall, where, in the council chamber, suitably decorated for the occasion, an address was read and presented by His Worship the Mayor, R. B. Hanson, K.C., to which His Excellency replied, referring to the magnificent record made by Canadian troops during the war and the problems of reconstruction which now confront the British Empire.

The results of that campaign had been a surprise to the most sanguine in revealing the strength of the Dominion in its resources. He hoped his visit to the capital city of New Brunswick would not be his last. As in his address today, His Excellency spoke extemporaneously and made a most excellent impression.

In the meantime the students of the Provincial Normal School and the pupils of the public schools of the city had gathered in the city Opera House, where His Excellency presided.

His Honor the Lieutenant Governor introduced His Excellency in a brief address. The Duke, speaking to the students and pupils, emphasized the necessity of education in the present state of development of Canada, and paid a marked compliment to the education system of New Brunswick, by stating that during his travels throughout the

Province he had been struck by the high standard of education in the present state of development of Canada, and paid a marked compliment to the education system of New Brunswick, by stating that during his travels throughout the

CROOKED WORK ON RACE TRACK

One Couple Dyed a Mare Black and Entered Her in a Slower Class—Another Changed the Animal's Name.

Chicago, Dec. 3.—"Emaline Dillon," a pacing mare that has been raced under the name of "Nettie E." and its owner, F. E. Holliday, of San Jose, Cal., were expelled from the American Trotting Association Circuit by the board of appeals today. The mare, according to W. P. I. Jams of Terra Haute, Ind., president of the association, participated in many races last season under the fictitious name. The mare's record for the 1918 racing season was larger than in previous years, it was announced.

The association voted to expel three members for violations of rules. Richard Squires and Belcher Squires of Hartford, Conn., two of those expelled, were charged with having entered a mare Edna L. and entered her in a 2.18 class race at Windsor, Ont., although she held a 2.04 1/2 record. F. M. Dillon of Warren, Penn., was charged with having entered the mare Emaline Dillon in National Association meetings under the name of "Nettie B."

FRITZ DUQUENE CHARGED WITH MURDER

Notorious Adventurer of Boer War Days Accused of Causing Explosion on British Liner.

New York, Dec. 3.—Captain Fritz Joubert Duquene, whose career of adventure dates back to when he fought in the Boer war, was turned over to the British authorities today to answer to a charge of murder on the high seas. He was accused some time ago of having been responsible for an explosion aboard the British liner Milverton in 1916, in which three of the crew were killed.

The British government took steps to gain custody of him as soon as the criminal authorities here had disposed of a charge against him making a fraudulent claim for \$30,000 insurance. It was announced today when Duquene having pleaded guilty, a county judge suspended sentence. He was immediately re-arrested by federal officers with British requisition papers under which he will be held for extradition.

RED CROSS TRUCKS IN GERMANY TO MEET UNITED STATES MEN

Relief Workers Are Carrying Supplies to Released Prisoners in the Hope of Aiding Sufferers—Big Motors Swinging Along the Road Leading to Main Detention Camps.

By Wilbur Forrest. (Tribune Cable Service, Copyright, 1918, New York Tribune, Inc.) With the American Army of Occupation, Dec. 3.—To prevent American war prisoners from dying of hunger and exposure after release from prison camps in the far interior of Germany, big American motor trucks are swinging along German roads today in the direction of Mannheim. Assuming that our men are in the same condition as the released prisoners of other nationalities, shoes, bully beef,hardtack, bandages and cigarettes have been loaded into Red Cross motor trucks and are not only en route to meet them in the German interior but are patrolling every road along the Swiss frontier where they are likely to cross the friendly border.

On November 17, according to the Spanish Embassy, 2,545 Americans were released from German prison camps, the great majority of which are now in the hands of the Socialist revolutionaries. Food is scarce. All roads and railways are congested by movements of the retreating German army. The weather in Germany is extremely cold, which, together with reports of prisoners of other nationalities dying along the roads, caused the Red Cross, with General Pershing's permission, to make extraordinary efforts to cope with the situation. This work should ease the minds of the fathers and mothers of American boys who have become alarmed at the plight of other returning prisoners, who, possibly like our men, were turned loose and told to do for themselves.

Enter Metz Before Armistice. Dr. E. F. Pope, of Spokane, Wash., who is in charge of one of these trucks, left Metz to proceed until he meets groups of straggling Americans. His truck carried large quantities of medical supplies, thousands of cigarettes and other army luxuries. I learned today that Dr. Pope entered Metz the day before the armistice was signed. Although he was fired on repeatedly, he took a motor

truck load of supplies to the American wounded in the Metz hospital. German paper bandages and paper dressings were removed from wounds of the injured men there by Dr. Pope, who redressed them with American absorbent cotton and cloth bandages. When the news of the signing of the armistice was received, the following day, there was a stirring scene in the hospital, where weak, fever-tossed patients threw back their blankets, sat up as best they could and sang "The Star-Spangled Banner" until they became exhausted.

Dr. Pope and his Red Cross associates before starting out made arrangements to provide a real Thanksgiving for the men who are walking back to freedom.

Basle, Dec. 3.—The North German Gazette, of Berlin, the former German semi-official organ, publishes an interview with Dr. Von Bethmann-Hollweg, once imperial German chancellor, protesting energetically against the once German emperor's statement as related by the German Journalist, Dr. Georg Wegener, according to which immediately prior to the war, the then emperor had been sent on a cruise in Norwegian waters in order not to be connected with the events which precipitated the war conflict. Dr. Von Bethmann-Hollweg in his protest absolutely denies that this was the object of Emperor William's ship.

GREEK RESIDENTS WELCOME ALLIES

Saloniki, Dec. 3.—Reports received here from Constantinople describe the rejoicing there by the hundreds of thousands of Greek residents when the Allied soldiers and sailors among whom were Greek representatives, entered the Ottoman capital recently. The Greeks held a parade, singing the Greek national anthem as they marched, evidencing their joy at being freed from Turkish rule by the arrival of the Allied forces.

Correct style worn by well dressed young men in all localities. Last boot—medium narrow recede toe, low heel—made in black, tan or patent leather. Price, \$7.00 to \$10.00.

Style—Plus Service at a Fair Price

The style illustrated above is one that is largely preferred by Canadian business men—especially young men. It has the medium long vamp and narrow, somewhat pointed toe which gives the foot a slim and "dressed" appearance, without being extreme in style. Those who like this type of shoe will find it thoroughly satisfactory in fitting qualities and a comfortable easy shoe to walk in.

This style can be obtained in several grades of black and tan. The price range—\$7 to \$10—considering the present leather market, is extremely moderate.

Next spring a shoe of the same wearing qualities will cost ten to twenty per cent more. It would cost more now except for the fact that the resources of this company enable us to cover our needs well in advance.

Peace, But—

Huss Leave Belgium in Ghastly Misery; OUR Help Never So Sorely Needed!

Our troops find the Belgian population gaunt with hunger and suffering terribly for lack of clothes and shelter. Tens of thousands of homes have been blasted away!

Peace to them means a cessation of the frightful brutality of the German soldiers; but more than that, it means that they are within our reach, and that we, their grateful Allies, can see that they are provided with food and shelter for the many months that must elapse before they can start life afresh.

Fix firmly in your mind that Peace does not mean immediate happiness and prosperity to Belgium, who first stood in the breach, and by so doing made this victorious peace possible.
