CHEST PROTECTORS

People with weak lungs or those prone to taking cold often make two mistakes. First, neglect to use a chest protector or chamois vest in winter; second, fail to get one that really protects. The best chest protectors are designed scientifically. They keep in warmth and vitality. They keep out cold and dampness. These we sell are rightly made; are real chest protectors. Cost too little to go without—have them from 75c. up to \$2.00.

Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, states that "Sunlight Soap has a thorough cleansing power, without danger to the clothing or skin." Women who want washing done thoroughly cannot use better than Sunlight Soap—Octagon Bar. Unlike common soaps, there is no damage to the clothing, and no danger to the skin; hence the saying: Sunlight Soap reduces expense. Try Sunlight Soap—Octagon Bar—next wash day, and you will see that Prof. Ellis is right. He should know. 218

CAPITAL CONCERT

The anniversary concert of the Victoria avenue League was given last evening under very favorable auspices. Although the weather was cold, the body of the church was crowded with an audience entirely delighted with a rather lengthy but excellent program.

One of the most pleasing features of the entertainment was the recitation of "The Raven" by Dr. T. K. Holmes. The doctor learned the poem when a lad of twelve and it was so impressed upon his mind that he has not forgotten it. Before giving the recitation he described the life of Poe, the author. The other numbers of the program were well appreciated and many encores had to be responded to. Miss Ethel Webster sang "A Rose in Heaven" in her usual excellent manner and responded to encores with Lockwood.

Jim Trotter sang with excellent effect "Rocked in the Cradle of the Deep." Mr. Trotter has a fine bass voice of good range.

The St. Andrew's quartette had to respond to an encore on their rendition of "Lead Kindly Light." The program was as follows:
