

# GIRL'S SPORTS

## SYNCHRONIZED SWIMMING

### OFF TO A BIG START

The first meeting of the girls' synchronized swimming club was held at the YMCA pool last week. Miss Heather Worsley instructed the thirty girls who turned out. Assisted by Athletic director Iris Bliss, Miss Worsley organized brisk workouts in time to music supplied by a record player on the diving board, and later skillfully demonstrated various strokes. Amid instruction "to glide, move gracefully, and keep your head up", the girls worked to perfect the crawl, breaststroke, and sculling.

Although after practice many participants were tired, all were enthusiastic about the future of synchronized swimming at Dal.

Dalhousie delegates to the swimming clinic at Saint John YMCA last week-end were given instruction in competitive and water show techniques. The Canadian champion and other members of the Quebec Provincial team supplied valuable tips for the upcoming programme at Dalhousie.

The club seems to be off to a good start, and any girl on campus who is interested in swimming is invited to attend sessions at the YMCA pool at 9:45 next Tuesday evening.

SO THEN I SEZ TO HIM, I SEZ, "SHOVE OFF, BABY" — Instructress Heather Worsley guides future water ballerinas in the fine points of 'head-first sculling.' (Photo by Purdy)

### Graduating Students in Commerce, Economics, Mathematics and Arts . . .

#### WHY THE CGE BUSINESS TRAINING COURSE HAS BEEN SO SUCCESSFUL IN DEVELOPING OUTSTANDING MANAGERS FOR INDUSTRY

The Company's operations are highly diversified. Thus, men are exposed to varied sets of business problems in such diverse fields as nuclear reactors, heavy apparatus for industry, electronic equipment and appliances for the home.

The Company's organization is decentralized into product business departments. This brings men from finance, engineering, marketing and manufacturing into close daily association for business planning and decision-making, increases knowledge and understanding of all functions of the business.

Rotating assignments are combined with graduate seminar classes. A variety of initial finance-oriented on-the-job assignments in several product business departments and graduate-level seminar courses provide a solid grounding in many areas of business operation.

There are continuing opportunities for professional development. The opportunity to continue throughout a career to move not only across functions, but also between product business departments, assures varied experience in depth. A dynamic environment creates unusual opportunities for the outstanding man.

Company representatives will be visiting your campus for the purpose of interviewing men interested in openings this Spring on —

November 20th

### Men overcome Volleyball squad

Men's Residence trounced the girls' Varsity volleyball team 14-1 and 15-4 last week in exhibition games. John Fraser served for a total of 15 points, bringing disaster to our well-primed Tiger belles. Carole Haider accounted for all points scored by the distaff side. Dal's Varsity team did show a good deal of determination. Miss Bliss reports that the girls have strong volleys, and serving and spiking have also improved. Team members have put a lot of effort into practices and deserve praise for their performance. About two weeks of practice sessions daily at 5:15 remain before the Mt. Allison Tournament, and more to the practice sessions.

### Kings wins tourney

DGAC has successfully completed its first intramural tournament for this year. The volleyball tournament was won by King's with the faculty of Education coming second. King's exhibited a lot of spirit and always turned out with a full team. Tournament results: King's vs Seniors, King's. King's vs Education, King's. Education vs Freshettes, Education.

King's vs Freshettes, King's. King's vs Sophomores, King's. The DGAC executive expressed

their disappointment in the lack of interest shown by the girls from Dal in this event. It is hoped that next year there will be a team from every faculty fully represented in the tournament.

There will be no DGAC this coming Monday, November 19th due to the performance of the "Highwaymen".

Following this break in the DGAC program there is being planned by Shirley Dean folk dancing instruction, a ping pong tournament, and trampoline instruction will be continued.

### DGAC meeting

An important executive meeting of the DGAC will be held Nov. 22 at 7:15 p.m. All Varsity team managers, intramural managers and team representatives are expected to attend.

Business to be discussed will include a revision of the constitution, determining and recording the duties of all members and other matters of organization and publicity.

For more information contact DGAC president Eleanor Bainbridge at 423-9746.
