Dec 5. 1860

Sir

Having on the 18th Sept 1860 transmitted a memorial from Adam Brown praying to be allowed to return to the Farm Reserve in Audensin and again occupy a certain lot of land, accompanied with such information connected with the subject, as I could obtain I considered it advisable before reporting on this his second application to again bring the subject before the band.

This I did on my late visit, when with the exception of Chief Alexander Clark, who now appears favorable to his return the rest of the band are still averse to it, for the reasons before stated.

By That in 1839. petitioner joined a band of Wyandots in Ohio who in 1843 sold to the US Government for a large sum of money their lands in that state, and removed to Missouri, where he has since lived, receiving annual pay^{ts} from the US Govt. and is to receive a patent for a certain quantity of land.

He further asserts that on the lot he now seeks to recover he never made any improvements -
