Jan.11 1916.

Dear Sir,-

Wishing you to help me to get the piece of land at
Buccaneer Bay where my parents are buried at there are nine
bodies there, some on the island and some at Grassy Point.

When I wrote to you some time ago about this
land and when you came here to Seachelt I spoke to you also
but you said in reply of my letter to go to Peter Byrne, I did
so but of no use, he did not help me, he never does help us with
anything, so I write you a second time.

And as I have no land and my children also,
that is why I am so urgent in my request.

Hoping you will please to help me

I am, yours truly

Joe Sechally
