

WATERLOO CO. ONT.

WATERLOO, Oct. 27—The second annual match of the Waterloo Township Plowing Association was held near Berlin on Oct. 24th, and was a great success. There were 20 entries, and most of the classes were keenly contested. The weather was ideal, and a large crowd of spectators was present, and great interest was taken in the work of the plowmen. Events of this nature tend to keep the boys and girls interested in the work of the farm. So far we had a very pleasant autumn, and work has been rushed. Turnips are now being taken up and orchards are fairly well cleaned out. Boys are selling out a barrel and other winter varieties about \$1.50. Potatoes yielded heavily and sell at .60 to a bag. H. HELMIRA, Oct. 27—Fall is making its annual round and kind farmers busy harvesting corn, roots, apples and potatoes, and doing their fall work. Grain is turning out well; oats a light crop, corn an abundant crop; all housed in silos. Potatoes are an instance crop and prices are very low. Apples also are so plentiful that they are a bother. Mangolds and rutabagas are immense crops, and wheat in fall wheat is somewhat larger than usual, also of 720 seedling. Both look well. New clover goes into winter quarters in good shape. Our annual plowing match was held on Saturday, Oct. 17, at Floralda, and was a grand success as far as financial and beneficial elements are concerned. Competition was keen and all classes strongly represented. The prizes were good. Our school fair is bound to be a grand success, and will be of vast benefit to the rural schools. Prices of farm commodities are as follows: Hay, \$16; wheat, \$1.65; oats, \$2.00; potatoes, \$26 a bag; apples, 50c. Not to \$1.50 a barrel; horses, 10c sale; cows, \$50 to \$100; feeding cattle, 50c to 70c. Not so many feeders will be put in as usual. Butter, 30c for butter-fat. A. B. R.

\$1,400,000,000

That is the value of Canada's manufactures for one year---in money. But what of their value measured in the comfort, the happiness and the well-being of the whole country?

To produce them gives employment to over six hundred thousand workpeople, whose total wages amount to \$288,000,000 each year.

These workers, with their families and those who benefit by their purchasing power, number nearly one-third the population of Canada ---supported by Canadian manufactures.

How readily it is apparent that the prosperity and happiness of every Canadian---of yourself---depend on the continuous employment of these people---on the consumption of goods "Made in Canada."

Canadian factories support one-third of our population. Are you helping to support Canadian factories?
