

Is Your Time Worth Anything?

In these busy days when help on the farm is scarce, time means money to the farmer. Does it mean anything to you to be able during the busy season to save half an hour or more every day of the time usually spent turning the Cream Separator?

The **Link-Blade** device gives a larger separating area in the same sized bowl than any other make of separator. This gives an increased capacity without having to have a larger or heavier machine.

Spend the same amount of time and strength into turning a "**Simplex**" **Link-Blade Separator** and you will do nearly double the work. How much time would you save each day if you could separate your milk in half the time? That is what the "**Simplex**" machine does. And it does the work better too.

The machine for you to buy is the "**Simplex**" **No. 9**. It has a capacity of 900 lbs. of milk per hour but turns as easy as the ordinary 500 lb. machine. When you are thinking of buying a new separator see our **No. 9** machine. Write us for fuller particulars and the name of our nearest agent.

D. Derbyshire & Company

Head Office and Works: BROCKVILLE, ONT.
Branches: PETERBOROUGH, ONT. MONTREAL AND QUEBEC, P. Q.

WE WANT AGENTS IN EVERY DISTRICT

A BT Litter Carrier and BT Feed Carrier

should be in your stable—
—let Because they will save you more
hard and disagreeable work than any
other machine you can invest your
money in.
—and Because they are the best machines
made for handling Litter and Feed.
—Let us tell you what they will do and
why they are better. We also build Cow
Stanchions, Steel Stalls, Hay Carriers,
Forks and Slinges.

Meeting of Seed Growers

Growers of registered seed (members of the C.S.G.A.) and others who may be interested will gather in the south wing of the City Hall, Guelph, on Thursday, December 9th at 2 p.m. for a special meeting to transact business of the Seed Growers' Association. Papers upon the following subjects will be presented:

- 1 "Corn Breeding on the Farm."—Mr. L. D. Hankinson, Gravesend, Ont.
- 2 "Some Results Obtained in the Improvement of the Potato," Mr. Alfred Hutchinson, Mount Forest, Ont.
- 3 "The Choice of Foundation Stock and Its Importance," Mr. Chester Nicholson, Mount Forest, Ont.
- 4 "The Scope Open for the Production of Improved Seed in Ontario," Mr. T. G. Raynor, Seed Branch, Ottawa.

Discussion led by Mr. John Clark, Chatsville, Ont.

Winter Fair Lectures

The following programme of practical addresses will be given at the Ontario Provincial Winter Fair which will be held at Guelph, December 6th to 10th, 1909.

TUESDAY, DECEMBER 7TH, 7.15 P.M.
Poultry session.—Address: "Profitable Production of Poultry on the Farm," by Mr. W. R. Graham, O.A.C., Guelph.

Address: "Poultry Feeds and Feeding," by Miss Yates, Guelph.

WEDNESDAY, DECEMBER 8TH, 9.30 A.M.
Dairy Cattle Session.—Address: "Lessening Cost of Milk Production," by Prof. H. H. Dean, O.A.C., Guelph.

Address: "Breed Type of the Different Breeds of Dairy Cattle," (Illustrated). Ayreshires, John McKee, Norwich; Holsteins, R. S. Stevenson, Ancaster; Jerseys, R. Reid, Berlin.

WEDNESDAY, DECEMBER 8TH, 1.30 P.M.
Address: "Under-draining," (Illustrated). By Prof. W. H. Day, O.A.C., Guelph.

WEDNESDAY, DECEMBER 8TH, 3.00 P.M.
Beef Cattle Session.—Address: "Breed Type of the Different Breeds of Beef Cattle," (Illustrated). Short-horns, Herefords, Aberdeen-Angus, Galloways, by Prof. G. E. Day, O.A.C., Guelph.

THURSDAY, DECEMBER 9TH, 9.30 A.M.
Horse Session.—Address: "Breed Type of the Different Breeds of Horses," (Illustrated). Clydesdales, Wm. Smith, Columbus; Shires, John Guardhouse, Highfield; Hackneys and Thoroughbreds, Dr. Hugo Reed, O.A.C., Guelph; Standard Breeds, Dr. Rutledge, Lambeth; Ponies, Robert Miller, Stouffville.

THURSDAY, DECEMBER 9TH, 1.30 P.M.
Sheep Session.—Address: "Breed Type of the Different Breeds of Sheep," (Illustrated). Shropshires, Robert Miller, Stouffville; South-Dorsets, Lt. Col. R. McEwen, Byron; Down-Points, R. H. Harding, Tiernedale; Leicesters, A. W. Smith, M.P.; Maple Lodge; Cotswolds, D. McCrae, Guelph; Oxfords, Lincolns, Hampshires, Suffolks, Prof. H. S. Arkell, Macdonald College, Que.

THURSDAY, DECEMBER 9TH, 3.30 P.M.
Swine Session.—Address: "Breed Type of the Different Breeds of Swine," (Illustrated). By Prof. G. E. Day, O.A.C., Guelph.

SEED SESSION, DECEMBER 9TH, 7.30 P.M.
Seed Session.—Address: "Best Types of Ensilage Corn for the Various Stock Raising Districts of Ontario," by J. H. Grisdale, Central Experimental Farm, Ottawa.

Discussion.—A. McKenny, Secretary, Ontario Corn Growers' Association, Essex.

Address: "Observations and Conclusions from the Work in Judging Seed Exhibits at the Winter Fair," by J. Buchanan, B.S.A., O.A.C., Guelph.

Address: "Seed Control Act and the Farmers," by T. G. Raynor, B.S.A. Ottawa.

Short Addresses, giving some practical lessons obtained from the work in judging the fields of standing grain in Ontario, by Simpson Rennie, Toronto and by B. J. Waters, B.S.A. Coldstream.

Items of Interest

Those who will represent the Ontario Agricultural College in the students' judging competition at the International Live Stock Exhibition, Chicago, on November 27th, are H. Moorehouse, W. E. J. Edwards, O. C. White, W. R. Reek, and A. M. Shaw.

It is reported that Mr. Bert Kerr, a prominent farmer living at Comanda on the south shore of Lake Nipissing, Ont., made over 100 gallons of pure maple syrup from October 27th until the first week in November. The weather had just the necessary frost at night for ideal sugar making. That sap would run well in November is regarded as very unusual.

The annual meeting of Canadian Hereford Breeders' Association will be held in the Wellington Hotel, Guelph, on Wednesday, December 8th, at 10 o'clock a.m., for the purpose of electing new officers, and the transaction of general business. The members are requested to attend and help boost the Hereford interest, by J. Mackie, secretary, Oshawa, Ont.

Any who require work of any kind skilled or unskilled, men or women, will receive help in securing the same by communicating with Free Employment Bureau operated by the Associated Societies of Toronto; communicate direct with these bureaux—Toronto Free Employment Bureau (for men), South-east corner of Queen and Jarvis streets, and the Women's Work Bureau, in the same building.

Note the Breeds.—Our pig offer is still booming. We are sending out a large number of young pigs in return for clubs of seven new subscriptions to Farm and Dairy. We are obliged, however, to limit the breeds of pigs given away in this way, to Berkshires, Yorkshires, Poland Chinas and Tamworths. Several requests have come to hand of late for the Hampshire breed, which is not a standard breed, and which, owing to scarcity of stock, are we unable to procure. Winners of clubs will kindly bear in mind the above breeds, when ordering their pigs as premiums for new clubs.

Profitable Cows.—Mr. C. F. Whitley who supervises the work of the cow testing association in the cow convention in a recent press Bulletin to some October records which intimate that many cows are not expected to earn anything above the bare cost of feed from now until spring. In contrast to such cows, are those in another class altogether whose records as kept by the cow testing association show them to have given as high as 700 pounds of milk and 23 pounds of fat in October, and these latter were not fresh calved cows, but cows that freshened in May. These are cows that produce plenty of milk from a reasonable amount of stuff fed and such as may have through proper feeding and eliminating the unprofitable cows.

Our Efforts Appreciated.—I appreciate very much the earnest effort of Farm and Dairy made for the securing of free rural mail delivery and I believe that the articles it published helped very materially in bringing this blessing to us farmer.—W. K. McLeod, Middlesex Co., Ont.
