TWELVE MONTHS' TRADE OF CANADA FOR YEAR ENDING WITH DECEMBER

Total Imports Amounted to \$614,183,894 as Compared with \$673,239,579 in December of 1913---Duty Collected Showed Considerable Decrease -- Total Exports \$447,934,285 Against \$474,413,664 for Same Period in 1913---Aggregate Trade Decreased

The Foreign Trade of the Dominion of Canada for the twelve months ending with Decembe 1914, showed a decrease from the same period of a year ago, according to figures compiled by the Department of Trade and Commerce. This was no doubt due to the war and its consequent upheave the world over. The aggregate trade total, however, was not as small as might be thought, showing a decrease of only \$1,085,535,000. Following are a series of tables which explain themselves and contain comparisons for several years back:—

Halifax, N.S., February 23.—During the past year the Eastern Trust Company added thirty-four estates to its clientele, aggregating \$1,750,000 and averaging over \$50,000. Halifax, N.S., February 23.—During the past year

our needs. Our business has largely increased and with it, of course, our staff has grown in numbers.
We had under consideration extensive alterations but was felt that these changes would only extend for a few years the time during which we could continu to occupy those offices. I think, gentlemen, the Board took the right course when they decided to move these handsome rooms in which we are now located This building happened to be for sale, and we secured

thousand dollars (\$20,000.00) divided into four hundred (400) shares of fifty dollars (\$50,000, each.
The principal place of business of the corporation
will be in the city of Montreal.
Dated from the office of the provincial secretary
this third day of January, 1915.

G. I. GIMARD. take charge of it. He is familiarizing himself with the properties we now have in our charge, and is studying conditions, and we have confidence in his ability to place this branch of our business on a satsfactory basis in the near future.

"Owing to the fact that our business had grown om small beginnings, the Board thought it was adsable to secure the services of a firm of auditors amiliar with the operations of the large Trust Comnies in Montreal and Toronto. We were anxious nat the best system of accounting should be adopted nd I am pleased to tell you that these gentlement fter spending some weeks in examining every detail our business, stated in their report that "As the siness of the company has grown, the accounting ystem has been altered to meet the prevailing on tions, and at the present time it is taking care of business in a very satisfactory way. any bears every evidence of being well served by apable officers and staff." They made a few re-mmendations, as was to be expected, but it is very tisfactory to know that our general manager had ept our business so well up to date

I feel that I should refer to the fact that Mr. Arour Weston, the son of our general manager. has ined the forces proceeding to the front, and has en promoted to the rank of major. Your directors ve followed the course adopted by other companies; d have assured Major Weston that his place in our ice will be kept for him, and we have also decided pay him so long as he is on active service the ference between his income in the army and that ich he was receiving as an officer of the company am sure this action of the Board will meet with ir hearty approval.
