GEORGEVILLE, P. Q., January 16th, 1901.

THE SUNLIGHT GAS CO., Ltd., Montreal, P. Q.:

GENTLEMEN,—I have been using one of your twenty-light gas machines since last August, and am perfectly satisfied with it in every respect. I have used both coal gas and electric light, but much prefer the acetylene light to either, as being more steady and an easier light for the eyes.

With regard to your machine, I have nothing at all to say against it, as it is easily cleaned, needs absolutely no attention when operating. I shall at any time be most pleased to show my plant to anyone, or do anything in my power for your machines.

Yours truly,  
 M. L. WILLIAMS.

**DR. HESS' STOCK FOOD**

WILL MAKE MONEY FOR YOU.

7-lb. sack, 65c. 12-lb. sack, \$1.00

It is a scientific compound of the essential elements that are lacking in the various foods upon which horses, cattle, hogs and sheep generally subsist.

It produces flesh by compelling the system to do its best.

It permits no food to pass off undigested.

It wards off diseases. It is called a food for want of a better name.

It is not exactly a medicine, nor a substitute for hay and grain and other foods.

It is both nutritious and curative.

It is not a stimulant, but a tonic.

It aids digestion, and thereby gets the most muscle and fat and milk and wool out of the various foods that the horses and hogs and cows and sheep eat.

**A BUSINESS EDUCATION IS NECESSARY ON THE FARM.**

Mr. Daniel A. Campbell, of Port Elgin, Ont., says: "I could not have got along without it, and would not now part with the knowledge obtained for any amount of money. I find it just as useful to me on the farm as it was in business. When your business principles are applied to farming, it pays as well as any business, and is more independent. Every young man who wishes to succeed in any calling should have a business education, and the **NORTHERN BUSINESS COLLEGE** is, I believe, the best place in Canada to get it."
