Farm For Less Money

CUT down the cost of raising crops. That's the best and easiest way to increase your profits. You can do it by using an IHC tractor. You can plow, harrow, seed, cultivate, harvest and haul at a fraction of what it now costs you with horses. You can run the irrigating pump, silage cutter, saw, feed grinder, and other machines with it. You can make extra profits easily by doing custom work for your neighbors after you are through with your own work.

IHC Kerosene-Gasoline Tractors

quickly pay for themselves. Their strength and durability make them most serviceable for years of hardest work. Their simplicity makes them easy to operate and easy to care for. Investigate tractor farming. Learn how you can profitably use an IHC tractor. Get all the facts from the IHC local agent. Let him point out the many IHC tractor features and advantages in design, materials, and construction. He will tell you about the complete IHC line, which includes gasoline and kerosene tractors 12, 15, 20, 25, and 45-H P in several styles and horizontal and vertical engines stationary or mounted on skids or trucks, air cooled or water-cooled, 1 to 50-H P. If you prefer, write the nearest branch house for catalogue.

CANADIAN BRANCH HOUSES
 International Harvester Company of America
 (INCORPORATED IN U.S.A.)

IHC Service Bureau
 The purpose of this Bureau is to furnish free of charge to all the best information obtainable on better farming. If you have any worthy questions concerning soils, crops, land drainage, irrigation, fertilizer, etc. make your inquiries specific and send them to IHC Service Bureau, Harvester Building, Chicago U.S.A.

1c Per Acre TO Kill Gophers

I guarantee it absolutely. I guarantee that a 75c box of Mickelson's Kill-Em-Quick will kill every gopher in an 80 acre field. A \$1.25 box of Kill-Em-Quick will kill 4,000 gophers and save you \$400 at least because there are 4,000 gophers on an average 160 acre field and each gopher costs you 10c in grain you don't get. Don't put up with the destruction gophers mean—don't stand for the losses they make! Spend 75c or \$1.25 now for a box of

Mickelson's Kill-Em-Quick Gopher Poison

and watch every gopher on your farm die or disappear. Kill-Em-Quick draws them like a magnet because its odor and taste are attractive to them. They leave grain, shoots and juicy joints for Kill-Em-Quick. They rave over it. And one single poisoned grain kills them before they can wink an eye. Kill-Em-Quick has been tried, tested and proved the quickest, cheapest and surest way to kill gophers, squirrels, field mice, sage rats and prairie dogs.

Use It Right NOW

Go to your druggist and purchase a box of Kill-Em-Quick. Don't take anything else or you will be disappointed. If unable to obtain it from druggist I will supply you direct on receipt of price and send it post prepaid. If my gopher poison doesn't live up to every statement I have made, I personally will refund your money promptly, no argument or red tape—just money. Protect your crop and profits this year by spending 75c or \$1.25 now. Isn't it worth while!

Mail Me a Postal Or Letter
 Kill-Em-Quick is easy to use. Full directions are on every box. But if you want special advice—if you have peculiar conditions to contend with, write me at once. I have made a study of gophers, squirrels, prairie dogs, field mice, pocket gophers, rats and other field pests and will gladly give you the benefit of my experience free. Anyway write me a postal now for my book that tells how to save \$100 on every 40 acres.

The Provincial Mutual Hail Insurance Company of Manitoba

INCORPORATED 1891
 SEASON 1912
 THE company has been in operation for 21 years; its record is a remarkably good one. For less than 90 (89.2-7) per cent of its premium notes our company has paid an average of \$5.32 per acre on its losses during 21 years of its operations. The total amount paid for losses being \$240,952.85, just bordering on the quarter million mark. For the past year, 1911, we were enabled to return 40 per cent of the premium notes, being only 15 cents per acre for insurance.
 Joint Stock Companies never return any premiums to Insurers. No other company pays \$6.00 an acre indemnity for loss. The cost cannot exceed twenty-five cents per acre.
 Strictly a Farmers' Company, managed by Farmers only, and still "THE OLD RELIABLE!"
 W. W. HAYS, Oak River President.
 JAS. RIDDELL, Manager, Secy.-Treasurer.
