

The New Series CHEVROLET

The Chevrolet has the famous valve-in-head motor which means fuel economy and power. This alone would justify your choosing the Chevrolet in preference to any car selling for less than \$1000, yet there are many other exclusive features to augment your decision. See the Chevrolet before you buy your car.

The Right Power at the Right Time

THE Advance-Rumely "8-16" gives a man a chance to take advantage of weather conditions instead of being at their mercy. Whether it is plow quick, or harvest on time—the 8-16 is able and ready to do every farm operation at the time best suited to bring maximum results.

In the first place, it is a one-man all purpose outfit. Plowing is made a one-man job because tractor and plows are combined in one machine, and full control is from the driver's seat—with the Advance-Rumely you plow as with a horse gang, the work always in sight. You can back up with your plows, make short turns and cut square corners.

For handling other ground working equipment, hauling and belt work, the 8-16 is just as efficient and easy to handle, as you merely detach the plows and plow frame and it's ready for any drawbar or belt job you put up to it.

And it burns cheap kerosene with full efficiency—not only at full load but at variable loads or continuous light loads.

The catalog shows in detail the powerful four-cylinder motor and the other features that make the "8-16" a tractor that fits to perfection the small and medium size farm. Also built in three plow size—"12-24" H. P.

GRAIN COMMISSION CHAIRMAN

The position of chairman of the Dominion Grain Commission left vacant by the resignation of Prof. McGill, who several months ago resigned to take the position of secretary of Winnipeg Grain Exchange, has been filled. Alderman Leslie Boyd, a Montreal lawyer, is the appointee. Mr. Boyd is a prominent member of the Montreal Bar and is a junior legal member in the firm of Gilman and Boyd. He has been a candidate for mayoralty and is now in the Montreal council. His headquarters will be at Fort William.

WINKLER AND AGRICULTURISTS

The following news item appeared in the Winnipeg Free Press on Friday morning, April 13:

"At a meeting held in the city Wednesday the executive and the advisory board of the Agricultural Societies'

association for the province passed a resolution unanimously endorsing Hon. Val Winkler, minister of agriculture and the work of the department since he took office. The resolution was moved by S. W. Dayton, of Virden, and seconded by S. Larcombe, of Birtle. The other members of the executive present were, A. D. McConnell, Hamiota; W. Steadman, Deloraine; S. J. Holland and S. R. Henderson, of Kildonan."

Later the Winnipeg Telegram stated that this report was not correct. Its statement of the case is as follows:

"No such resolution was passed; and one resolution which was passed, endorsing the action of the minister in regard to the new Agricultural Societies Act, was not unanimous. In an attempt to counteract the effects of farm and other newspaper attacks on Mr. Winkler, certain men on the board presented a resolution for the purpose of giving Mr. Winkler a cheap endorsement of all the work of his department since he took office. Two of the six members of the board opposed the introduction of politics into the affairs of the societies, and they opposed it so vigorously that the motion was dropped, and another introduced approving Mr. Winkler's piloting of the new Agricultural Societies' act through the last legislative session. Five members voted for this and one opposed it."
