## A Business Proposition

CANADA looks to YOU for help in making this great Victory Loan a success. Canada needs your MONEY.

Ours is a country whose individual citizens are more prosperous than those of any other country in the world.

Canada has come to YOU—her citizens—with a straight business proposition. That proposition in a nutshell is this:

"I need Three Hundred Million Dollars to help finish up my business over in Europe. Lend me the money for a short time at 5-2 per cent. interest, payable half-yearly and I pledge the return of every cent of your loan."

Plan to take all the Bonds you can possibly pay for. The payments are as follows:

10 per cent. on application  
20 per cent. December 6th, 1918  
20 per cent. January 6th, 1919  
20 per cent. February 6th, 1919  
31.16 per cent. March 6th, 1919

### The War's Latest

Turkey is now practically out of the war and has sent peace envoys to the Allies who probably are ready for any terms. It is also stated that permission has been given the Allied fleet to enter the Dardanelles while the Turkish army is being demobilized.

Austria has had enough of the war and now is doing all in her power to arrange terms of peace. The Austrian army seems to think peace is coming as they are surren-

dering in tens of thousands. A week it is believed will see the end of fighting with these two Central powers.

Germany is also sighing for peace and it may so happen that this year will see the end of fighting even with the Hun. In the meantime the Allies are drawing the enemy back at all points.
