

THE ACADIAN

WOLFVILLE, N. S., JUNE 3, 1892.

The Anniversary.

Acadia University has completed another year of her history. As the seasons pass the success of this institution becomes more apparent.

Our eye has just rested upon the above. This item of news is certainly suggestive. Delegations from Maine, Michigan, Dakota as well as from various countries of the old world have gone to the North West for a similar purpose and the reports have generally been of the same character.

For many years the United States has encouraged immigration from Scandinavia. Tens of thousands have come over and are among the most law abiding, thrifty, intelligent and patriotic citizens of the republic.

That same intelligence that has headed many a Norse expedition in the past characterizes these people to-day. Eager to improve their condition the Swedes in Massachusetts cast about for better opportunities and are quick to note the advantages offered in the Canadian North West.

Have any delegations gone from the Maritime Provinces to spy out that western land? As yet we have not heard of any. The time is passing. Tho' this land is abundant yet the best as to situation and quality is being first selected.

For the Western Prairies.

Excellent opportunities of visiting the great prairies of the West this summer are being offered by the Canadian Pacific Railway Company, which has arranged for a series of four cheap excursions from all points on the C. P. R. P. E. Island, Windsor & Annapolis, and its own lines in the Maritime Provinces.

The rates for the round trip are: To Deloraine, Newbliss, Orkney, Birchmount and Moosemin, \$25; to Regina, Moosejaw and Yorkton, \$30; to Prince Albert and Calgary, \$35; and to Edmonton, \$40. A person can travel from Sydney, Cape Breton, to Edmonton and return home nearly 8,000 miles—for a fraction over half a cent a mile.

The Anniversary.

Acadia University has completed another year of her history. As the seasons pass the success of this institution becomes more apparent. A firm hold she is winning in the hearts of the people.

On Wednesday afternoon at 2:30 began the closing exercises of the Academy. The essays on the whole were well prepared and all delivered.

The first speaker, Rupert Stevens, gave an interesting account of the commerce of Nova Scotia. He clearly proved by abundant data that N. S. has made very rapid growth in this respect up to the present time.

Mr Rogers described the great pyramid of Egypt, its antiquity, its structure, its inner passages. In considering the purpose for which the pyramid was built, Mr Rogers adopted the theory that it was constructed by the guidance of Providence, solely from its symbolism.

Mr Tufts took up in an interesting way the Chinese problem in U. S. He showed their history as citizens and laborers concluding from his investigation that the Chinese would justly be excluded from America.

Miss Brown's oration on true greatness was worthy of the subject. Greatness cannot be truly separated from unselfishness, and must be in the soul. Lives of great men who are truly great prove this.

On Wednesday evening, long before the hour for opening, the College steps were thronged by those anxious to attend the graduating exercises of the Seminary.

At 7:30 the doors were thrown open and soon every available seat was occupied. To the music of a professional march the teachers and students marched in and occupied their customary places. Dr Sawyer presided. The essays were fully up to the average and the musical renditions both vocal and instrumental highly creditable.

ating class as usual occupied the front seats in college uniform. Revs. President Sawyer, Dr T. A. Higgins and S. McC. Black, editor of the Messenger and Visitor, occupied the pulpit. The sermon was delivered by Rev Mr Black. The text was taken from 1 Kings v, 1-2.

The usual French essay was delivered and the subject was "Les Victimes Royales de la Revolution." Miss Annie M. Freese of Penobscot, N. B., was the essayist. She referred to the place which the French Revolution occupies in history.

On Wednesday afternoon at 2:30 began the closing exercises of the Academy. The essays on the whole were well prepared and all delivered. The matriculating class numbers twenty-seven, six of whom delivered essays.
