Offerings have been so small that there has been very little available for trade, and large buyers have not been in-olined to pay the prices asked for some goods. Still the feeling has been firm nearly all over, partly in consequence of small supplies and partly in sympathy with steady prices outside. Holders seem by no means inclined to press sales either nere or elsewhere; but those who are acting on this policy have to remember that they are confronted by very large stocks every. where. Here stocks have increased considerably during the week, and stood on Monday morning as follows:-Flour, 500 bbls.; fall wheat, 53,600 bush.; spring, wheat, 56,60 bush.; oats, ni, bush.; bar-ley, 175.781 bush.; peas. 26,590 bush.; ryce, ni; against on the corresponding date last year:-Flour, 2,920 bbls.; fall wheat, 228,309 bush.; spring wheat, 109,879 bush.; oats, 8,474 bush.; barley, 157.279 bush.; peas, 8,988 bush.; ryce, 6,038 bush. English quotations show a fall of 14 on spring and No. 1 white; of 4d. on red winter, and 2d. on No. 2 white wheat; and of one b. Hepenny on cor.. But notwith-standing these reductions the feeling appears to have been strengthening during the last three days, and to-day wheat is said to be "firmly held" at Liverpool. Supplies scem to have been decreasing. Imports decreased last week to 190, 600 to 185,000 quarters of wheat and 120,000 on 15,000 bbls, of flour, and home deliveries in the 187 towns of registry to 45,000 to 50,000 qrs. There was little change in the quantity of flour and wheat in transit for the United Kingdom on the 7th inst. when it was could to 3,100,000 qrs. of wheat against 2,114,000 on the 214 tuit, and 2,230,000 in the preceding year. Continental advices showed the down ward movement in France to be checked, but no gene-ral revival of demand. Foreign wheat was quoted rather lower, but still above the level of homegrown. The Paris "term" market had somewhat recovered. values closing fully as high There cannot be said to have been any increase of business since our last.
