### Must Report To Various Tribunals

Men Who Neglect To Report Themselves Will Be Treated as Deserters

Ottawa, Aug. 31.—Eleven hundred and seventy-six tribunals have been elected to deal with exempting applications under the military service act. They are distributed as follows: Ontario 427, Quebec 300, Manitoba 93, Saskatchewan 57, Alberta 110, British Columbia 74, The Yukon 2, Nova Scotia 91, New Brunswick 47, Prince Edward Island 15.

By the provisions of the regulations now being drafted by the advisory board under the military service act, it is proposed that when the proclamation issue all who are affected must report to the tribunals, which will sit simultaneously as registration boards and also consider applications for exemption. Those who do not secure exemption will be drafted for service, and those who fail to report at all will be treated as deserters.

### THE SHEEP OUTLOOK FOR 1916

This year wool sold for 60c and 70c per pound. Next spring it will be just as high and very probably higher. Meat prices will hold strong for years to come. If you are dubious about wool prices next year just stop and think where the wool for two million American uniforms is coming from. If you still fear low prices, think of all the blankets, and socks required for American and Canadian soldiers. If you fear low meat prices consider the huge standing armies that are, and will be, training in the United States. It behooves us people who stay at home to provide these armies with food and clothing. We are face to face with a responsibility and an opportunity. Let us shoulder the responsibility and take advantage of the opportunity. We owe it to our Empire and we owe it to New Brunswick.

### THE TONIC THAT BRINGS HEALTH

"Fruit-a-tives" Builds Up The Whole System

Those who take "Fruit-a-tives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-tives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-tives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

### U. S. To Have Big Army

The U. S. war department is preparing plans for the training of 150,000 officers at reserve camps during the next year. The general staff estimates that one officer is required for every thirty men in the service. The war department preparation, calculated on the general staff's estimate, indicate that the government is laying the foundation for an army of 4,500,000 in addition to the 1,250,000 already called through the Regular Army, the militia and the draft.

### World Conference Of Women

An international conference of women from both belligerent and neutral countries will be held in Stockholm, Sweden, September 16-18. The conference will be of a semi-private nature.

### The New Brunswick Forestry Unit

Sussex, Aug. 30, 1917

Dear Sir:—I am writing a few lines in connection with the N. B. Forestry O. S. unit and the gallant soldiers that have donned the khaki and are making excellent progress in training for the great struggle between Germany and Great Britain. The soldiers are comfortable and well fed. They are as good marchers as ever marched through Sussex in connection with other Battalions. They are away at an hour's notice to proceed overseas. Pte. Charles O'Donnell, who has enlisted the third time with the gallant boys and a dandy good soldier he is. The young fellow who has a first cousin in England suffering from wounds, says he will follow him and do his bit. Pte. David Stewart, who was in the 140th has joined the gallant boys, too, and is anxious to get overseas, for which we expect to leave shortly.

CATARH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarh Cure is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarh Cure is what produces such wonderful results in catarh conditions. Send for testimonials, free.

### Govt. Horses and Cattle to be Shown

In order to give the public an opportunity of seeing some of the live stock which is kept at the Provincial Government Farm at Truro, Professor Cumming has decided to show some of the beauties of the Farm at the Provincial Exhibition.

The recently purchased Standard Bred Stallion, "Captain Aubrey", 2.074, stands over 16 hands, weighs over 1200 lbs., has not only a fast mark himself, but has 14 colts in the 2.30 list, and 3 in the 2.10 list, and is probably the most famous Standard Bred Stallion in Canada.

There will also be shown some of the prize Clydesdale and Hackney Stallions.

Among the Ayrshire cattle shown will be the famous two year old heifer "McGregor's Laurie May", which stands at the head of all producers in Canada this year with a record of 13060.2 lbs. of milk and 638.4 of butter, also "Scottie's White Floss" with a record of 12186 lbs milk and 518.6 lbs butter; "East Court Merry Maid" with 9771 lbs milk and 598.3 lbs butter, and several other younger animals.

In the Holsteins, "Artis Rosie", a half sister to "Miss La Honder" (owned by S. Dickie & Sons, Oshawa) with a performance test of 16318 lbs milk and 751.25 lbs butter, and a well bred daughter of "Ortis Rosie".

Also a half sister of "Ortis Rosie" who makes 15599 lbs milk and 619 lbs butter.

"Emma of Evergreen 2nd" with a record of 16737.6 lbs. of milk and 654 lbs butter, as well as some fine heifers.

This exhibit will all be stabled in one building, together with some of the products of the field, and will be one of the big attractions, not only to the agricultural and live stock visitors, but to the general public.

### Frequent Headaches

People with thin blood are much more subject to headaches than full-blooded persons, and the form of anemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich, red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear.

There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for 2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### PIG CLUBS FOR BOYS

Mr. Hetherington in charge of the N. B. Dept. of Agriculture, has arranged for Pig Clubs in the following counties: Queens, Northumberland, Kings and Charlotte. R. A. Snowball, of Chatham, is particularly interested. A club consists of ten boys in a community, carefully selected, and each boy agrees to the terms outlined by the Department regarding the feeding and care, and he also agrees to return one sow pig per year the first two years, which pigs will be used to form new clubs. Every pig must be registered. The boys of New Brunswick will be able in the future to supply a large quantity of piglets for breeding purposes. They also will learn a great deal about housing, feeding, breeding and selection. Every club will be assisted by Mr. Hetherington and the District Representatives. Meetings will be held, literature distributed and careful comparisons made. Special arrangements will be outlined whereby competitions will be open to these boys at Fall Fairs. For full particulars apply Dept. of Agriculture, Fredericton.

### HOLD YOUR EWE.

LAMBS THIS FALL. A number of farmers complain that a spring lamb will not give a lamb crop the first year. They will properly attended to. Just as soon as the lambs are weaned turn them into a field of after-grass. Keep them growing and thrifty and just before the breeding season flush them out with a little bit of grain. This will insure a lamb crop the next spring.

Five people in the so-called five passenger small car

Five people comfortably seated in a Canadian Studebaker car

Nearly every automobile manufacturer has made an increase in prices, but Studebaker prices still remain the same as they were last Spring. This further increases the value of Studebaker cars in comparison with all others, but the increased cost of materials and labor may force Studebaker to make an advance in prices at any time without notice.

### Is the Small Car an Economy When You Have to Sacrifice So Much?

NEXT to buying a home, a car is perhaps the largest purchase you'll ever make. It involves real money. It ought to be correspondingly considered.

The amount involved in the purchase of an automobile is too big a sum to spend just on some friend's recommendation or some salesman's talk. Look at it as an investment. Think of next week, next month, next year.

Think whether you are going to climb out of the new car a week from now, tired and cramped because it is too small for touring—whether you are going to be able to take a few friends on a trip and have them comfortable—whether the car will stand up for years of hard service and ALWAYS be ready for use, and if you should desire to re-sell or trade in, will have the least possible depreciation from its original price.

Think of the future—think of the way you would buy your home—how you wouldn't let a few dollars stand between you and perfect satisfaction—then decide whether it is true economy to buy a car that you will soon find lacks the essentials of motoring satisfaction.

When you buy such a car you may save a little money on the original price, but you must make sacrifices.

In a Studebaker car you get power enough for any hill, power that will pull you through the deepest mud and sand; comfort at any speed, roominess that small cars do not have; and high quality materials and accurate workmanship combined with the accessibility and adjustability that actually make upkeep and operation charges for a period of three years less than those of any small car.

Think it over. Then see the car that is built to give all the necessary essentials at the lowest possible price, the car with a twelve months' guarantee.
