THE SWEET-HEART OF THE MOVIES

Playing a dual role, Mary Pickford will be seen at the Happy Hour Friday and Saturday. Miss Pickford plays the title role of "Stella Maris," in a film version of Wm. J. Locke's novel, and also interprets the part of Unity Blake, an uncouth character who is introduced as an inmate of an orphan asylum. As Stella Maris, a paralytic heiress, surrounded by every luxury wealth can command and protected from even the slightest knowledge of worldly things, the comparison with Unity Blake presents a startling contrast. Later, when Stella Maris has her health restored and learns of the poverty, misery and crime existing in the world which her imagination had pictured as idyllic, it proves so strong a shock that her life is threatened. Through an amazing chain of circumstances the two girls, the Ugly Duckling and the delicate and beautiful Stella Maris, love the same man, and then comes a supreme sacrifice, the giving of Unity Blake's life for the man she loves and for Stella Maris.

Well Satisfied With Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that the Tablets are the very best medicine she can give her baby. They are a gentle laxative; mild but thorough in action and never fail to banish constipation, colic, vomit or any other of the many misdeeds of childhood. Concerning them Mrs. J. B. Charest, St. Leon, Que., writes: "My baby cried continually and nothing seemed to help her till I began using Baby's Own Tablets. These Tablets soon set her right and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 35 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Curing Skin Troubles

These Are Always Due to Bad Blood Which Must be Enriched and Purified

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritations that a word of advice is necessary. It is a great mistake for those suffering from troubles of this kind to smear themselves with greasy ointments. Often they could not do anything worse, for the grease clogs the pores of the troubled skin and the condition becomes actually worse.

When there are pimples or eruptions, or an irritating or itching rash a soothing boracic solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from an impure condition of the blood and will continue until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have effected the results in many forms of skin disorders and blemishes. This is due to the fact that these pills make new, rich blood, and this new blood attacks the impurities that give rise to skin troubles and disperses them. Dr. Williams' Pink Pills cure skin disorders from within the system—the only sure way. Mrs. W. Ritchie, Parkbeg, Sask., says: "Two years ago I was attacked with eczema on my hands. I tried almost everything that was advised, but as the trouble was growing worse, I consulted a doctor and took his treatment for sometime with no better results. By this time my hands were a mass of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement, and I got a further supply. I used altogether eight boxes by which time every trace of the eczema had disappeared and there has been not a single symptom of the trouble since that time. I gladly recommend Dr. Williams' Pink Pills for troubles of this kind."

It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure all diseases that arise from impure blood. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
