DRESS and MANTLE MAKING

The Fashionable West End.
To the Ladies:

We have during the past two years con-
templated the establishment of a Dress
MAKING DEPARTMENT, in connection
with our other branches. The difficulty
of obtaining a suitable person to take
charge, has, up to the present time, only
prevented us from doing so.

We have now great pleasure in inform-
ing you that we have secured the services
of Miss Morrison, of Toronto, a lady of
first-class abilities, highly recommen-
ded to us, and we believe eminently
qualified to give complete satisfaction in
every respect. Miss Morrison has for
the past ten years occupied the position
of enter and fitter in one of the leading
Fashionable Dress making Establish-
ments in the City of Toronto.

Miss Morrison is also an experienced
Mantle maker, and all orders entrusted
to her will be executed in a style equal
to anything that can be obtained in the
largest cities.

Orders for these departments will be
received on and after Monday next, the
14th of May.
A. O. BUCHAM,
Fashionable West End Dress, Mantle
& Millinery Establishment.

Guelph Evening Mercury

TUESDAY EVENING, MAY 13, 1873.

Town and County News.

A meeting of the members of the
Guelph Boating Club will be held at Dr.
Cowan's office this evening. See adver-
tisement.

The law officers in different parts of
the Province are making things lively for
the tavern-keepers. They are strictly en-
forcing the Sunday law.

DECLINED.—The Rev. Dr. Waters, of
St. Mary's, has declined the call tendered
sometime since by a Brooklyn congrega-
tion, and will remain in charge of his
present congregation.

ECLIPSE.—There was an eclipse of the
moon this morning, but, as we couldn't
do two things at once, we did not see it.
The case stood "Sleep vs. Eclipse," and
sleep naturally prevailed. Don't you
think we were right?

The Orangeville Sun says:—Reports
reach us from all parts of the county of
the favorable prospects of the fall wheat.
Notwithstanding the severity of the win-
ter very little of it has been injured by
the frost, and so far as appearance at
present indicate, the prospects of a good
harvest are most encouraging.

DARING ROBBERY.—On Sunday night
last some person or persons entered the
bar of Mr. Joseph Buxton, postmaster,
Yeovil, Egremont Township, and stole
therefrom a quantity of seed wheat. No-
body "seed" him, but a strong suspicion
was entertained against a person in the
neighborhood; though not, it is feared,
strong enough to bring him to justice.

REDUCED FARES.—The General Super-
intendent of the G. W. R. advertises that
return tickets at one and a third fares
will be issued on the main line and
branches, excepting the Air Line, from
any station to any other station and re-
turn, good from the last train on Friday
night, the 23rd, to the first train on
Monday morning the 26th inst.

RELIGIOUS SERVICES.—Special religious
services have been held in the Wesleyan
Methodist Church in this place for the
last two weeks, at which much good has
been done. The meetings, which are
uniformly well attended, are marked by
an entire absence of frivolity, and the
air of seriousness which is visible in the
countenances of all present. They are
conducted by the Rev. Messrs. Leeson
and Harper.

THE CREDIT VALLEY RAILWAY.—The
work on this line is progressing favorably.
The road is graded from Toronto to Es-
lington. A gang of men is at work near
Dixie, in Toronto Township, and another
near Cooksville. The road is surveyed
some distance past Milton, and surveys
are now fixing the line on the branch
from Streetsville to Alton, and have got
as far as Brampton, and next week will
be through Chingacoyne.

GRAND BALL.—The bachelors of Galt
gave a grand ball on Monday night in the
Town Hall, which proved a great success.
About 80 couple were present, including
many guests from Guelph, Brantford,
Hamilton, Toronto, and elsewhere, and
dancing was kept up until a late hour.
The music was furnished by Vales' quad-
rille band of Guelph.

ST. JAMES COMBINATION.—An adver-
tisement in to-day's issue announces that
this famous combination will appear in
Guelph on Friday next. From the pro-
grams they offer, and the comments of
the press, we judge that their entertain-
ment will be much superior to the gen-
erality of minstrel performances. Every-
thing that could offend the most fastid-
ious is excluded, and every performer
has been selected for special excellence in
some department. All who can appreciate
good songs and dancing should make it
a point to attend.

LECTURE.—The sons of temperance,
announce that they have secured the ser-
vices of Mr. E. Carswell to lecture in the
Good Templars Hall, on Friday evening
next. We can assure our readers that they
cannot spend the evening better than by
going to hear this lecturer. Mr. Cars-
well is highly spoken of both by the press
and private individuals. His Worship,
the Mayor, will take the chair at 8 p. m.
Don't forget the collection!

SAD ACCIDENT.—On Saturday afternoon,
about five o'clock, a young man, named
Robert Lackey, engaged as a sawyer in
Robert Shield's saw-mill, Mono Road,
came to his death by falling on a fence,
which mutilated his body in a fearful
manner. He lived only two hours after-
wards. He leaves a wife to mourn a sad
loss.

Board of School Trustees.

The regular meeting of the Board of
School Trustees met in the Town Council
Chamber on Monday evening. Members
present—Messrs. Peterson, (chairman),
Knowles, Murton, Inglis, Bell, Raymond,
Kennedy, Harvey and Dr. McGuire.

Minutes of last meeting were read and
confirmed.

A petition was presented from the
High School pupils, praying that their
proportion of the grant made by the
Town Council for providing the pupils of
the various schools with refreshments on
the Queen's Birthday be appropriated
toward supplying the High School with
apparatus for illustrating chemical lessons
by experiments.

The Secretary presented an account
from Burr & Skinner, amounting to \$20.

A communication was read from Mr.
Fisher, resigning his position as care-
taker of the South Ward Central
School at the end of the present term.

The monthly report of the Guelph
High and Public Schools was presented.
Attendance—Boys in English course, 3;
classical course, 33; girls in English
course, 2; classical course, 0; total in
English course, 5; in classical course, 33;
grand total, 38. The report also con-
tained recommendations for the purchase
of chemical apparatus for the High
School; the levying of a rate of five
cents a month on each pupil in order to
establish a fund for the better supplying
of stationery, and that one hour each
week be set apart from the regular teach-
ing hours for instruction in vocal music.

The Secretary read a letter from Mr.
Holdings, Deputy-Superintendent of Edu-
cation, stating that the head master,
with the consent of the School Board,
could levy a certain rate per month for
the purpose of supplying the school with
stationery.

The petition was passed over, as the
Board had not power to use the grant for
any other purpose than that for which it
was voted.

The monthly report was referred to the
School Management Committee.

Moved by Mr. Knowles, seconded by
Dr. McGuire, that the resignation of Mr.
Fisher be accepted upon the conditions
therein contained, viz: at the end of the
present term.

Mr. Raymond said that the question of
extra remuneration to Mr. Cullen and
Miss Addison for extra services had been
overlooked by the Management Com-
mittee. He thought they were entitled to
additional pay for double services. He
then moved, seconded by Mr. Bell, that
Mr. Cullen and Miss Addison be paid the
sum of \$10 for the time they did extra
service in the schools in which they
taught.

Mr. Inglis thought that a damage had
been done to the schools during the
period in question. He was sorry such a
motion was required. It was a pity such
a thing had occurred. They could not
teach such a large number of pupils. It
was the general opinion that more harm
than good had been done, and he was
not in favor of paying them for doing
that harm.

Mr. Raymond said the work had
been done—the question was, shall they
be paid?

Mr. Knowles said that what had been
done was done with the sanction of the
Board, he it good or ill.

The motion was then carried.

Mr. Raymond said that in the West
Ward Primary School there were 96 pu-
pils, certainly too many for one teacher
to manage. A change could easily be
made, and he would move, seconded by
Dr. McGuire, that the School Property
Committee be instructed to have a par-
tition put through the room in which Miss
McNaughton teaches in such a way as to
provide for another primary school de-
partment, seats to be also provided.
Carried.

Moved by Mr. Murton, seconded by
Mr. Knowles, that Messrs. Raymond,
Bell, the Secretary and the mover be a
committee to arrange for the celebration
of the Queen's Birthday. Carried.

The Board then adjourned.

THE TORONTO CRICKET CLUB will visit
New York and Philadelphia early in June,
to play a series of home and home
games.

BODY RECOVERED.—The body of young
Cunningham, who was drowned about a
month ago in the Grand River at Brant-
ford was recovered on Monday morning.

John Mason, a swimmer on the G.T.
Railway, at London, was caught between
two trains on Saturday and seriously
crushed. His shoulder blades were
forced out of joint.

BRANTFORD RACES.—Brantford expects
lively times on the 14th and 15th inst.,
in connection with the races. A large
number of fast stock is in the town taking
daily practice, and from what we learn
there is likely to be a well contested field.

THE 24th.—The Reformers of the
County of Monck are going to celebrate
the Queen's Birthday by having a meet-
ing at Wellandport. There is no way
that they can show their loyalty to the
Queen better than by meeting to advance
the cause of Reform.

NOT CONTAGIOUS.—The most benevo-
lent man of the day is in Davenport, Iowa,
a shoemaker, who takes a hammer with
him when he goes into the street, and
drives down all the nails he sees protrud-
ing from the plank-side walk. There is a
yesterday for such a character in Guelph,
and he might bring an adze along with
him to cut down those knotty inequali-
ties that would wear down.

NEW UNION STATION.—The various
railway offices in the New Union Station,
Toronto, are already occupied. A fine
promenade is being built on the outside
of the building, and the tracks are being
put into their positions.

LACROSSE.—The Shamrock Lacrosse
Club, Montreal, is practicing for the ap-
proaching contest with the Toronto Club,
in the latter city, on the Queen's Birth-
day. It is said the Shamrocks will get
\$500 for their trip.

THIS MORNING'S DESPATCHES

The Kl' an Expedition.
Coronation of Oscar II.
Stokes' Decision.
Ordered to Proceed to Zanzibar
Critical Condition of the Pope.
Wreck of the Atlantic.
A Russian Iron Clad.

Stockholm, May 12.—The coronation
of Oscar II. and Sophie Wilhelmina, as
King and Queen of Sweden and Norway,
took place to-day. The ceremonies with-
in the church were very imposing. The
principal Foreign Powers had sent special
Envoys to be present on the occasion.

Glasgow, N.H., May 12.—The Sugar
River Paper Mill, in this place, was par-
tially destroyed by fire on Saturday night.
The loss is estimated at \$30,000.

New York, May 12.—In an interview
yesterday Stokes said he neither expected
nor would accept any commutation of
sentence from Governor Dix if the Court
of Appeals decides against him.

London, May 12.—A despatch from
Berlin to the Reuter Telegram Company,
pronounces to be without foundation the
report published in a London morning
paper that an attempt was made to assassi-
nate Emperor William at St. Petersburg.

Paris, May 12.—The supplemental
election in Rochelle, yesterday, resulted
in the return of a Bonapartist to the
National Assembly.

Madrid, May 12.—The voting on Sat-
urday, the first day of the ordinary elec-
tions for the constituent Cortes, resulted
in the choice of 138 Federal Republicans,
nine Radicals, two Conservatives, and one
Alphonist. It is probable that the final
result of the two days voting will be 350
Federal Republicans, and forty in opposi-
tion.

New York, May 12.—The Herald's
special from London says Khiva is held
troops for Taschkend and Fort No. 1, after
concentration in the Bowken Hills,
marched directly across Kizil Kum Desert
to the lower Oxus. There they com-
menced with the supply steamers from
Fort No. 1, thus practically establishing a
new base within striking distance of
Khiva. This makes the success of fur-
ther operations a certainty.

Baltimore, Md., May 12.—The Church
of the Ascension, Episcopal was burned
to the ground to-night. Loss \$50,000.

Bombay, Tuesday Morning, May 13.—
It is stated here that Admiral Cumming
has been ordered to proceed to Zanzibar
immediately, with all his available naval
forces, and there await orders from the
Home Government.

New York, May 13.—The Herald
special from Rome, 12th inst., says:—
The Pope has passed a sleepless night.
He is much distressed by coughing.
Audiences are absolutely forbidden. He
receives some Cardinals to-day, but the
Archbishop of Palermo was not admitted.

London, May 13.—A special to the
Daily Telegraph reports that the Khiva
has fallen. No date or place is given to
the despatch.

The Observer's statement, that Parlia-
ment will be dissolved next year, is
semi-officially contradicted.

Enquiry into the loss of the "Atlantic"
was resumed at Liverpool, yesterday.—
The Government surveyor testified that
he had inspected the steamship's bun-
kers before she sailed from Liverpool, and
in his opinion the supply of coal on
board was sufficient for the voyage.

A Russian iron-clad is building in the
dockyards at Nichelevo, on the Black
Sea, and will be completed this summer.

New York, May 13.—The horse-shoot
strike is virtually ended, and a strike of
ship joiners seems imminent.

Montreal, May 13.—The "Manitoba"
from Glasgow, passed Father Point last
night, at 11:30 p. m.

FROM MANITOBA.
Fort Garry, May 12.
Brelard, the person sent to the interior
some weeks ago by the local authorities,
to investigate the Indian situation, re-
turned on Saturday, and reports every-
thing in a most satisfactory state, and
not the slightest cause for the least ap-
prehension of difficulties.

The third steambot of the season ar-
rived yesterday, with thirty passengers
and 366 tons of freight. A great deal of
it was liquor, rushed in to avoid the in-
creased duties which come into effect to-
day.

The water is over the banks of Red
River at Grand Fork, and in order to
reach the Custom House before midnight
on Saturday, the 10th, the Captain
steamed over the prairie from Grand Fork
to Kelly's, thereby making the Custom
House near Pembina on Saturday after-
noon, and all who had liquors on board
entered there. It is said \$10,000
were saved by the merchants in this way.

Newspaper here strongly urge better
terms.

A large number of flat boats, laden
with goods and lumber and provisions,
are coming down the river.

The farmers in the lower settlement,
are sowing very little for fear of grass-
hoppers.

NEW BRUNSWICK.
(Special to The Evening Mercury.)
St. John, N. B., May 13.—A party of
Kinrosshire emigrants went by
steamer to Fredericton on Saturday
and were addressed there by Lieutenant
Governor Willmot. The rest of the
party left here to-day. They will be con-
veyed by a river steamer to their destina-
tion, and will all be settled before the end
of this week.

One of the largest
