FUTURE OF THE EASTERN. Toronto World: Wilkesbarre and and Rochester will probably get back into the game. Mr. Irwin saw Tuesday's contest in Montreal, and he speaks highly of the way they support Manager-Captain Dooley and his team, and everyone now thinks that the Frenchmen are in the league to stay. This will leave one place to fill. and the league has a number of good cities to select from.

AN UMPIRE'S PLIGHT.

Umpires have had many rough and peculiar experiences, but Umpire Carpenter's plight in Washington Monday was amusing, though serious. It was ladies' day at the capital, and "Winnie" Mercer, the ladies' pet, was ire of the feminine spectators by putting Mercer out of the game, when 'Winnie" ironically offered him a pair of spectacles. Finally, when he made close decision toward the end of the game, that resulted in Washington's lefeat, the ladies were furious. When Carpenter left the field he was hurof the stand, and there he was besieged by the female enthusiasts, who beat upon the closed shutters with their parasols and umbrellas, and ed vengeance. Finally the unhappy umpire had to be smuggled out of the grounds through a side gate to escape the crowd of women who waited for him at the regular exit. FLYS.

No ball has been batted cleanly over the Baltimore fence this season. Boston can say ditto, and, like Baltimore, accomplished the feat on both grounds. is scarcely a fence on any ground that has not paid tribute to the slug-ging powers of the league's greatest

## FOOTBALL.

AT THE ASYLUM. A well attended meeting of the lovers of football was held last night under most favorable circumstance, when the following officers were elected: Dr. Bucke, honorary president; Dr.Buchan, first vice-president: Dr. Sippi, second Dr. Hobbs, vice-president; George Angus, sen., secretary-treasurer; B. Ro-England. Practice will commence im diately, and as this club were champions of the City League A cciation last year, they will do their atmost to

A good afternoon's sport was provided for the crowd. Dr. Routledge was on hand with a couple of spanking teams, winning first and second money, but the roadster behind which he sat was not fast enough to Since the announcement last spring in both heats. The doctor genover 3 months, 1 and 2 J. Hord & Son, that the bicycle of 1898 would be chain-less, wheelmen and wheelwomen have caused the commotion by trotting into Hord & Son, 2 John Ackland, 3 John been impatient to know all about the the crowd in London, was withdrawn new machine. But wheel manufacturers have been very reticent on the subject, afforded the crowd by the third conand little information was forthcoming. testant in the team race, and as the Chester Whites—Aged boar, J. Richand little information was forthcoming. A representative of the Providence Journal, however, appears to have learned some interesting facts about the coming wheel and the ideas of its makers.

It seems that the chainless models of 1898 will be little different from the wheels of that sort which have been on exhibition during the present year. Practical tests have resulted in minor changes in the original design, but the shaft and bevel gear remain. There are, however, two distinct ways of employ-
