BERMUDA BOTHERED. Hamilton, Bermuda, April 30.-There is considerable excitement at present in Bermuda over the expected arrival of 7,700 Boer prisoners. The British Government has leased Darrell's Island, one of the largest islands gating matters connected with the with the option of relinquishing it on trade between Canada and Natal, and a month's notice. Tusker's Island has in regard to it. The army authorities of this town are very reticent, and nothing can be learned from them on the subject. But the blacksmiths of the town have been sounded as to their ability to construct several hun-dred yards of iron fence, very strong, close, high, and with spiked points, and as the plans which one or two have seen are said to be the outline of one of the islands, very little doubt is en-tertained as to the object in view by

MONTFORT. Montreal, April 30.—Trooper J. W. Low, of the Baden-Powell police, writing to his father in Westmount, tells of the death of three men on board the troopship Montford prior to the arrival of the ship at Cape Verde. The letter was written a day before the arrival of the ship at that place, and was dated April 8. The men who died were Staff-Sergt. Purdon, of Montreal, formerly of the Canadian Mounted Rifles, and Troopers Mann, of Montreal, and Patton, of Toronto. Purdon took a course in Toronto some time ago, but enlisted from Montreal. He was an Englishman. Mann was a son of G.

O. Mann, of Ottawa. THIS IS DIFFERENT. Toronto, April 30 .- The report sent out from Ottawa that Esnest H. Pat-ton, of Toronto, one of the Baden-Powell police, had died on the voyage, is incorrect. Mr. Patton, of this city, received a letter last night from his son, posted at Cape Verde Islands. The letter told the story of three deaths. Sergt.-Major Purdon had been in South Africa with the Canadian Mounted Rifles. E. H. Patton's letter says Purdon had contracted galloping consump-tion while in Ottawa, just before his departure with the constabulary.

A postscript of Tuesday, which would be the 9th, stated that another man had died, making four in all. Geo.

A. Barrett had been made a corporal, and Lieut. Ermatinger expected Har-mon Couse would also be raised to that position, though it had not been offithat the Montfort reached Cape Town on the 26th.

CARNEGIE IN BAR | FEET. Paris, April 30. - Andrew Carnegie, mailed at Cape Verde. In the letter an English woman and two French women — to explore the Savoy hills. When it was time to return one of the women found her shoes too tight. Her feet had been badly blistered, and she declared herself unable to go home The spot was deserted, and night was

All from St. Thomas negie was puzzled, but the pretty maid finally induced him to give her his shoes, which, though tremendously large, enabled her to proceed slowly. Carnegie at first accepted the ordeal in a spirit of fun, but the stones and thorns often made him cry out. Half-way down he was compelled to discard his socks, which had become too tattered and filled with pebbles and sand. When the sedate Carnegie, somewhat ahead of the other three, was seen to enter the fashionable ho tel in bare and bleeding feet, carrying a pair of dainty ladies' boots swung on his alpenstock over his shoulder, there was great excitement.

## IN A TRAP!

Said to Have Suffered Severely Near Ku-Kwan Pass.

The Allied Generals Conterred Regarding the Withdrawal of the Troops.

Pekin, April 30 .- The Germans were virtually caught in a trap near the Ku Kwan pass. A detachment of 80 had 45 causalties, while the Chinese losses

are said to have been nominal. The German expedition is returning, leaving the country greatly disaffected, owing to the hardships inflicted upon the population. Altogether the expedition appears to have produced a very bad effect.

The current Chinese gossip is that the Germans were driven back with heavy losses, and this is implicitly believed by the bulk of the people. Li Hung Chang has received a dispatch from the governor of the Provvince of Shan Si asserting that 300 French soldiers, accompanied by 2,000 armed native Christians, are within the borders of Shan Si, and have caus-
