STOCK MARKETS. H. C. Becher, broker, Bank of Com-merce building, received the following by

private wire from Bartlett, Frazier & New York April 12-Noon,-This market has been somewhat erratic during the morning, and is now developing symptoms of weakness. There is some good selling of stocks by the traders. As a rule, they are not bearish, though. The best prices were recorded in the lirst half-hour, and the tone was then fairly good. Activity is limited. The American Sugar shares were decidedly American Sugar shares were decidedly strong, selling up to 129. There is nothing particular to account for this strength. Brooklyn Rapid Transit was yery strong in the initial trading, and reacted with the rest of the market. Steel, preferred, was firm at first but it has since eased off. Union Pacific has been erratic, and is now easy in tone. Consolidated Gas broke easily on nited trading, because of the belief that the mayor will veto the Remsen bill. St. Paul was steady. London bought stocks in the earlyt rading. The crop report was ignored, apparently, an dit has nothing to do with the reaction in the market. Sales to noon were 225,000 shares.

Sum Formerly Paid City.

The railway company expect to have made by Ald. Judd. The aldermen the double-tracking east of the city understood that the Bell offer was one of \$2,500 cash for an exclusive franchise, but it now appears that this is not the case. Instead, if the city accepts the Bell proposal, the city must pay for all 'phones which it now gets free, and as there are probably 10 of them in all, at \$45 a year each, this will mean \$450, so that the offer of the Bell Company means to the city After a long and painful illness, Mrs. but an increase of \$1,000 over what they paid London for an exclusive Jabez Harwood, died this morning at the franchise in the past-\$1,000 per year. family residence, No. 354 Dundas street, So far nothing has been done in the telephone franchise matter, and for fear of committing themselves in any but came to this country when quite the estimates of receipts any sum greater than \$1,000, which is the
