#### OBJECT TO ALDERMAN'S BROTHER GETTING JOB

Veteran Claims Proposed Board of Health Appointment Should Go to Returned Man.

Objection will be taken, The Adver-tiser was informed today by a returned soldier, to the proposed appointment of H. G. Boss, brother of Ald. W. J. Boss, to the position of assistant sanitary in spector, as was suggested at the board of health meeting last night. The veteran claims that the proposed appoint ment of Mr. Boss has been made in spite of the fact that at least two returned men put in applications and in direct contradiction to the mayor's promise that veterans shall be given preference

such appointments. The claim of the members of the board of health supporting the appointment of Mr. Boss is the fact that he is at present unemployed. "This may be true," said the veteran, "but it also applies to one if not all of the returned men applying for the position." The matter will, he asserted, be laid before the different veteran organizations and efforts will be made to have at least some semblance of adhering to the mayor's definite promise made by the uldermen and other civic bodies.

the number of plants set out by the parks department of the public utilities commission this year, as some people seem to anticipate," said Manager E. Buchanan, in conversation with The V. Buchanan, in conversation with The Advertiser today. "But the plants put out will be bigger and stronger. The fact that the new greenhouse has been completed and in use appears to have led to this idea, but all we have been able to do so far has been to transfer some of the plants which were greatly overcrowded in the old greenhouse to the new one and so give them an opportunity to get a better start before the lime for setting out comes.

"Immediately the setting out of the plants has been carried out the propaof new plants for next season commenced, and then we expect to be able to make greatly increased displays of flowers in the public parks.
