The Musical Opinion and Music Trade Review, published in London, Eng. April 1, 1887, under the heading CANADIAN MUSICAL EXHIBITS AT THE COLINDIES EXHIBITION, has the following:

Referring to Piano Fortes of Messrs, Heintzman & Co., Dr. Stainer says as follows: "I much regret that, owing to the late period at which I was called upon to make a report, all the more important instruments exhibited by this firm HAD BEEN SOLD AND REMOVED. But those remaining fully justified their high reputation. An Upright Grand, which I examined wis in every respect a fine instrument; the touch was sympathetic and had a good repetition; the tone was full and rich. I also tried a specimen style No. 9, which was qually deserving of unqualified praise."

TRUSSES

Having worn one of your admirably due to you to acknowledge the comfort I have experienced therefrom, because, until I had the good fortune to be recommended to your firm. I had undergone the greatest possible inconvenience and discomfort from those I had been wearing, although made by some of the best houses in London and Toronto, and costing me in some cases three or four times the price of yours. I can only say that it will be a pleasure to me to recommend all my friends in need of a properly fitting Trust to avail themselves of your superior skill and workmanship. We have had a long contest with unscruptions advertisers, who have promised much and done little, but as years have rolled on we have proved our superiority and to-day are a cknowledged without equals by the leading surgeons of Ontario. We manufacture and warrant all our Trusses, Hopeless cases a specialty. AUTHORS & COX, Surgical Machinists, 117 Chusch-street, Toronto.
