Fluctuations in New York stock market as ceived by John J. Dixon & Co. were as follows

SMITH & PRIESTMAN ICE CREAM

CHARLES PRIESTMAN

Drummond & Brown received the following to-day over their private wire from Lamontagne. Clarke & Co. of New York: Market opened fractionally lower on account of decline in London and has showed still further weakness during the day. C. B. & Q. again developed a softness, declining 1½ from last night's close or quite heavy selling by commission houses here. In Boston and Chicago the market showed less rallying power than was expected and traders who covered on the morning's weakness sold on all railies. There was a decided disposition to clear up trades pending the Government croproport and the Grangers weakness and on all railies. There was a decided disposition to clear up trades pending the Government croproports of damage to corn. The trouble with the market is the entire lack of outside sup port the market fluctuating entirely as swayed by the operations of the room. Exchange was some what firmer with more demand in sight an some little enquiry as to 60 days fracts. Paricables report fresh outbreaks in the Argenting confederation, two provinces being reported it open revolt. We are inclined to look for lowe prices for the moment and do not expect any adverse anytil angues short interest has developed.

prices to the mouth short interest has developed in the market to boom the basis of a rally.

R. Cochran received the following to-day over his private wire from Kennett, Hopkins & Co. of New York: Dealings on Riccek Exchange have been slightly larger to-day than yesterday, but values have suffered in consequence. London at the opening sold L. & N. see St. Paul, and later Burlington & Quincy was said quite freely for western account. There is someties the talk of manipulation of rates by some of the western roads, Mo. Pac. being charged with irregularities. The selling of B. & Q. was accompanied by a report that the company would issue a mortgage to cover its terminal properties in St. Louis. The street has waited for a decision from the board of directors of L. & N. Co. as to the rate of dividend but nothing was known regarding it before the adjournment of the stock exchange when it was announced that the dividend had been declared at 2½ per cent. cash. The stock has declined one per cent. to-day, chiefly on London selling. Sterling Exchange is somewhat firmer and it is thought that a small amount, of gold may be shipped Saturday. National corflays had a bad break of 2½ per cent., but the movements of prices of stocks of this class cut no figure in the general market and have no influence upon values of other stocks. Chicago Gas has been dull, fluctuating between 1994 and 50½, and closing about unchanged from last night. The Stock Exchange has list the Fidelity Trust Co. certificates, which will be issued to the holders of old Chicago Gas Trust Company certificates. There are rumors about THE LIVERFOOL MARKETS.

LIVERPOOL, July 9.—Wheat demand poor, holders offer moderately. Corn steady, demand fair. last night. The Stock Exchange which will be issued to the holders of old Chicago Gas The Company certificates. There are rumors about that this concern proposes to begin paying dividends in the near future at the rate of 5 per cent. annually. The market closed dull and barely steady at nearly the lowest figures. Money has been easy. Total sales 116,795. NEW YORK COTTON EXCHANGE.

Drummond & Brown quote the following fluctuations in the New York Cotton Exchange to-day: Aug., opening 8.01, highest 8.03, lowest 7.99, closing 8.01; Jan., opening 8.48, highest 8.51, lowest 8.47, closing 8.49.

Smith & Priestman, 71 Yonge-street, quote Oil Dity oil at 67%c. Market dull all day. NEW YORK MARKETS.

Corn—Receipts 40,300 bush, exports 76,421 bush, sales of passage, Montreal to Liverpool—Salon, \$40,345 and \$50; round trip, \$90, \$55 and \$90, according to excommodation. (The \$40 and \$80 rates are per Lake Neylgon only.) Inter-Smith & Priestman, 71 Yonge-street, received the following from E. W. Bailey & Co., Chicago: We are likely to have a good demand for provisions, and a reduction of stocks from now on; but the supplies are so extremely heavy, and the crop of store hogs so large, and crop prospects so excellent, that should present conditions continue, it would probably be advisable to purchase provisions only on the soft spots, and perhaps they would be as desirable a sale on bulges as they would be a purchase on the breaks. The wheat crop so far as this country is concerned seems to be a full one everywhere. The foreign demand is sure to be heavy, but we are inclined to think that the movement in the next 60 days is likely to be large enough to depress prices further.

Corn prospects are good, and the early futures of the new crop are selling at prices that look like a reasonably safe purchase, coming as the crop will upon empty cribs. The old crop futures, August, Sapt mber and October, we are decidedly bullish on, and do not think any mistake can be made in buying them around present prices. quiet. Western, Sept. 73c to 75c. Corn—Receipts 40,300 bush, exports 76,421 bush, sales 884,000 bush futures, 86,000 bush spot; spot quiet, lower, unsettled, unfraded mixed 70c to 73½c. Options 3½c to ic lower on free offerings and better weather conditions. July 65½c. Aug. 63½c. Sept. 53½c. Oct. 58¾c, Dec. 53½c. Oats—Receipts 60,800 bush, sales 180,000 bush futures, 114,000 bush spot; spot stronger, less acture, options quiet, lower, closing steady. July 48½c, Aug. 23½c.
