

GREGORY REPORT WILL PROVE 'DUD'

Government Will Take Responsibility For Hydro's Future WILL BE NO "HANGOVER"

Vacancy On Ontario Hydro Board Not Yet Filled

TORONTO, Sept. 28.—(By Canadian Press.)—Whatever "hangover" of the Drury hydro policy may be reflected in the report of the Gregory commission shortly to be communicated to Premier Ferguson, the Ontario Government will take full responsibility for future hydro policy, according to a statement by the premier.

"This Gregory commission has long ceased active investigation and is all but finished with the compilation of its report," he said. "No matter what is in the report it will be this Government which will determine future policy. The commission may report facts and make recommendations. But what they say will not affect our determination to conduct the hydro as we see fit."

DEFER APPOINTMENT. Regarding the appointment of a third man to the Hydro Commission, Mr. Ferguson said that some general discussions have been held with the chairman as to the type of man needed for the vacancy, although no specific persons have been considered. Inasmuch as the commission has now a quorum and is functioning satisfactorily, there is no immediate necessity for making the appointment.

"The chief qualification of the man to be chosen is that he shall be satisfactory to me," said the premier.

CLEANING THE PANS. A spatula is indispensable for turning foods and scraping pans.

NO NEED FOR ANXIETY ABOUT COAL SUPPLY

Minister of Mines About To Issue Re-assuring Statement.

TORONTO, Sept. 28.—It is understood that Charles McCrea, Ontario minister of mines, is about to issue a reassuring statement about the coal situation which may set forth his views as minister of mines, and that of the fuel controller, J. A. Ellis, that there is no further occasion for anxiety about Ontario's supply of coal for this winter.

HOPE TO UNCOVER SOURCE OF LIQUOR

Arrest of Hotelmen and Bell Boys Regarded As Important By Police.

TORONTO, Sept. 28.—What appears to have been a period of supernatural activity by provincial officers, had its results in police court to-day, when five hotelkeepers and six bellboys appeared to answer charges of keeping for sale or selling liquor. They were remanded for one week.

Inspector A. R. Elliott stated in court that the provincial force had also made an exceedingly important arrest, and that they hoped to prove that the parties apprehended were one of the biggest sources of supply to the liquor traders in the province.

LOCH LOMOND CHAPTER, I. O. D. E. The first meeting of Loch Lomond Chapter, Imperial Order Daughters of the Empire, takes place in Glenmore Y. W. C. A., King street, on Monday, October 1, at 2.30.

SIMPLIFY MENU FOR PREMIERS

British Hostesses Show Consideration For Men From the Dominions.

MASSEY REACHES ENGLAND

Says Dominions Are Interdependent As Never Before.

LONDON, Sept. 28.—(Canadian Press Cable.)—With great tact the dominion premiers who are in London for the Imperial conference that is to open next Monday, it is understood, have made known the fact that it will be impossible for them to keep on working during the conference if they accept all the hospitality that has been designed for them and are continually eating.

In consequence of this gentle hint the prospective hosts of the visiting premiers do not expect them to attend more than a small per centage of the banquets which have been arranged and have intimated that the menus at those will be less formidable than at first intended.

The inaugural meeting of the Imperial conference of premiers will be held at 11 o'clock on Monday morning at No. 10 Downing street, London, the residence of the British premier. The conference will meet in the British Cabinet day, by which time it is expected that Premier Bruce, of Australia, will have arrived. The Imperial economic conference will meet in the British cabinet offices on Tuesday and Thursday of next week when discussions will be chiefly concerned with questions of procedure and with general statements. In the second week the economic conference will be broken up into committees, of which there will probably be half a dozen, judging by the agenda.

MASSEY ARRIVES Premier Massey, of New Zealand,

QUICK MOBILIZATION

When danger threatens—such as the lack of income from an empty house—a Free Press classified ad is the clarion call that quickly mobilizes a vigorous army.

Thirty-seven houses wouldn't hold the people who wanted to move into the house that has just been rented through a Free Press ad.

The ad drew so many applicants that Mr. Sabin, of 18 Stanley street, lost count after he reached 37—who represented on a basis of four to a family is a little army of 148 people.

Mr. Sabin is only one among hundreds of London people who have received this high degree of satisfaction.

If YOU want an army around when you're renting or selling, try The Free Press.

Just Phone 5200 and ask for an ad-taker.

Hudson Seal Coats

The Most Coveted Garment To-Day

This rich, soft, light weight fur, having all the appearance and wearing properties of Alaska Seal, which to-day is prohibitive in price, is reproduced in these Hudson Seal models in all the newest and most sumptuous garments as well as in the modest, conventional styles beloved by ladies of quiet, yet rich, good dress.

THE STANDARD HUDSON SEAL COAT is made in straight line box style with ample sleeves, large cuffs and deep shawl roll collar; these garments are lined with richly flowered canton crepe. The price of these excellent coats ranges from \$325.00 to \$350.00

THE SAME MODEL as above is also made with Viatka Squirrel collar and cuffs in 44-inch lengths. Price \$345.00

AN EXCEEDINGLY NEW MODEL IS MADE IN 45-INCH LENGTHS, with a pronounced silhouette outline having an 18-inch deep skirt border of reversed Hudson Seal in bands of 2 inches wide. This model is made in plain seal or as now shown with rich ermine band on the outside border of the new square choker collar and also around the flared cuffs; it also has the lap-over front fastened with a large, round Oriental button ornament; this garment is lined with exceedingly rich canton crepe in green design. Price \$395.00

OTHER VERY NEW AND MUCH ADMIRRED MODELS IN 44-INCH LENGTHS are made in plain Hudson Seal. It has the new shirred collar which is gathered on to the gorge and stands up around the neck, having the cosy, puffy appearance which gives the garment an entirely distinctive style; it is also lapped over in the front and the sleeves are flared at the wrists and have the inside silk windshields. Price ... \$325.00

STROOKS CAMEL HAIR AND DAKKA FABRICS are made in the conventional English All-Weather Wear Style Coats. But some new modes are slight departures from these excellent garments in order to meet the needs of our climate and habits.

SEVERAL OF THESE DISTINCTIVE MODELS ARE NOW IN OUR SHOW-ROOMS, showing the straight lines now so popular in all good dress. Many of this variety have the wrap-around front fastenings with convertible collars, while others have the latest reversible block fabric checks with large button string side fastenings looping at the ends. Some are in all plain fabrics while others are richly finished with fur trimmings. Prices \$36.00 to \$63.00

OUR UTILITY COAT

THE GREAT FAVORITE COAT FOR WINTER WEAR which meets the needs of business, street or motor wear and which such a number of our patrons consider the most satisfactory garment for fall and winter is our Heavy English All-Weather Cloths in heather and other mixtures.

This All-Weather Utility Coat

is unsurpassed for service and is the best value in the trade; sizes range from 34 to 44. Prices \$25.00 to \$32.00

Ross' Limited Label

We desire to emphasize the fact that our label is an absolute guarantee of satisfaction to purchasers of our merchandise.

Our method is to manufacture and sell direct to the wearer reliable goods at the lowest possible price, which, of course, we are able to do by purchasing all materials used direct, in the case of furs from the trappers and in the case of our fabric garments direct from manufacturers.

WESTERN CANADA'S GREATEST CROP

Its Influence Upon Business

WESTERN CANADA'S 1923 Wheat Crop is estimated to yield 455,000,000 bushels; Coarse Grains and Flax 480,000,000 bushels.

The indicated nominal value of those field crops at Fort William price of date is

\$650,000,000.00

This estimate is from a source which in many years has consistently proved the accuracy of its information with regard to the actual threshing returns of Western Canada's field products.

This takes no account of the West's income for the same twelve months from cattle, sheep, swine, horses, poultry, butter, milk and finished products of the farm; nor of British Columbia's wonderful fruit harvest, her minerals, fisheries and timber.

Doesn't it strike you that this is a wonderful market in which to advertise and sell your product?

To make the very best of it, to do it quickly and thoroughly over the entire field at an insignificantly small cost, make use of the tremendous selling force represented by these eleven outstanding Western Daily Newspapers.

FIELDING OFFICIALLY UNWARE OF C. N. R.'S DEAL WITH HOME BANK

OTTAWA, Sept. 28.—The attention of Rt. Hon. W. S. Fielding, acting premier and finance minister, was drawn to reports regarding the Canadian National Railways and the Home Bank, when he arrived at his office this morning. Mr. Fielding said he knew nothing of the matter save what he had seen in the newspapers. He was informed that there was a demand in certain quarters for an investigation into the deposit of a million dollars by the railway with the Home Bank on May 23 last and its subsequent withdrawal on June 2, but made no comment. The minister has just returned from a visit to the Maritime Provinces.

GIVEN WAGE INCREASES.

VANCOUVER, Sept. 28.—Motormen and conductors of the British Columbia Electric Railway Company are to receive an increase in wages of three and a half cents an hour, making the scale 82 cents, and other employees of the company in the union two cents an hour increase. This is the main point in the award announced yesterday by the conciliation board, which heard the claim of the British Columbia Electric employees for increased wages. The men will vote on the award on Monday.
