The name TUD-

Vesuvius is the most celebrated volcano in the world. Its height is 4,000 feet above the sea. At the beginning of the Christian Era no eruption had taken place for many centuries. In the years 63 and 79 there was some activity, but no serious disturb-ance until 1631 when 18,000 people perish-ed. The years 1766, 1794 and 1822 were marked by special periods of activity. Since 1631 it has never ag in relapsed into a condition of total quiesence. The erup-tion at present taking place is the most de-structive for more than two centuries. THE Alvinston Canning Co., shipped a carload of canned goods to London England, Monday last. AGRICULTURAL implement agents are

about as numerous as farmers throughout the country these days. FEBRUARY holds the record as the month in which most children are born. June as that in which there are fewest births

the well-known cattle buyer has purchas ed 250 cattle this spring in Toronto. He says he can buy better cattle there and for less money than he could get around homr.

WATFORD is looking for another industry. An Englishman wants to make suction gas engines there. There are numerous "gas engines" who are looking for places where the suction is good in this country just now.—Brigden Progress.

STRATHROY now possesses a whole sale fruit honse and that is conducted by Lemantio Bros, the Italian merchants of the west end. They will supply the ma-jority of the merchants at nearby places with all manner of truits, etc., during the eason.

WE will leave it to our readers to say whether Mr. Wm. Bilton, our genial tailor, has an equal as an egg consumer. Last week he ate a goose egg that measured 12 and 1-2 inches lengthwise, 9 hickes round and weighed 21½ ounces. He is still alive.—Florence Quill.

LOCAL gardeners are complaining of the backwardness of the season. They say there is very little growth this weather. The days are not warm enough to bring on a luxurious growth for the young sprouts in the garden. Light frosts are general at nights and these help to keep vegetation generally from springing forth. Corns cause intolerable pain. Holloway's

Corn Cure removes the trouble. Try it, and see what amount of pain is saved. m In everyone of the eight divorce cases heard by Judges Brooke and Mandell in Detroit on Monday the complainant was a woman. The reasons which brought the distressed wives to court were much

alike. Abuse, neglect and dersertion, were a trio which figured in nearly every case, and one of the three invariably was TUESDAY'S Globe contains the an-nouncement of the death of Mrs. George

nouncement of the death of Mrs. George Brown, relict of the late Hon. George Brown, former editor of the Globe, which sad event occurred at Edinburgh, Scot-land. The deceased lady was in her eightieth year and was well known in Toronto, where she lived for many years. Mrs. Brown was an aunt of Mrs. A. A. McTavish of Parkhill,

THERE is still sufficient evidence of dirty streets, alleys and backyards of residences, existing in this town, to urge that a thorough cleaning-up campaign be earried out by our citizens. There is also HOPE is all too much litter in the shape of brick bats, the guarantee sticks, etc., lying around on our principal streets to make a tidy looking town. The town authorities should not be indo-

chants and the residents of the town. It a town does not reach after the trade it will come only as fast as it has to, and it will grow as it is forced to. But if the merchants go after business in the sur-rounding country, advertising trade will come from an ever increasing radius, the town will gain a reputation for being awake and it will forge to the front. It is the men in the town and not altogether

s the men in the town and not altogether

the men living within a certain number of miles from it that make the town.

HELD UP ON HIS OWN FARM.

Egg Buyer Robbed of \$325 and Truss-

ed Up in His Barn

Komptville, May 10.—About 4.30 o'clock this morning, Wn. Jackson, egg buyer, ot this town, went to his egg barn to get ready for an early start on the road.

for an early start on the road. He was met by two toughs, who came out of the hay loit and demanded motey. When Mr. Jackson was not willing to gratify them, they made him go, at the point of a revolver, into the loit, where they

elieved him of about \$325.

BY-LAW NO. 8, 1906.

A By-law to provide for drainage work in the Township of Bosanquet in the County of Lambton, and for borrowing on the credit of the municipality of Warwick the sum of \$383.50 the proportion to be contributed by the Township of Warwick for completing the same. Provisionally adopted the thirtieth day of April, A. D., 1906.

Whereas the municipal council, of the Township of Bosanquet have caused an engineer to examine the south boundary drain in said Township and whereas said engineer has pronounced said drain in need of repair and that the Township of War-wick should contribute a certain portion of funds for completing the same. Report of the said engineer being as follows: To the Municipal Council of the Township of

To the Municipal Council, of the Township of Bosanouet

To the Municipal Council, of the Township of Bosanquet. GENTLEMEN — In accordance with instructions received from your Hon. Body I beg to state that I have made an examination of the South Bound-ary Drah in your municipality with a view to putting the same in a proper state of repair. This drain consists of a main drain and branch and both will require repair and I would recom-mend such work to be done in accordance with the profile herewith submitted. The plan shows the course of the work and the lands affected by the proposed work. Over the course of the drain and branch I have plant-ed stakes at intervals of two chains or eight rods numbered with even numbers and have taken levels from which the profile hasbeen prepared. I estimate the cost of the work to be as fol-lows

rotal Assessment\$718 oo SPECIFICATION.

The work to be done under this specification com-prises the repair of the South Boundory Drain and Branch.

16 0 4 00

SPRCIPICATION.
The work to be done under this specification comprises the repair of the South Bonndory Drain and Branch.
2. The centre of the present drain shall be taken as the centre of the proposed work except where sloping may be required where the banks are sodded when all sloping shall be done from one side only.
3. The depths shown on the profile are to be measured from the surface of the ground at the foot of the planted and numbered stakes. These stakes are planted two chains apart and are numbered 0, 2. 4, etc.
The bottom excavations shown on the profile do not govern the work in any way but are given for estimating quantities.
The bottom or the drain must be brought to a regular and even grade between the points of change shown on the profile so that no water will stand in the bottom. The bottom widths shall be those shown on the profile and the side slopes one to one cut straight from top to bottom.
4. The earth excavated from the drain is to be spread back not deeper than one foot and none shalls be left fiberer than three feet from the edge of the drain. Should the crop be in at the time of compared the contractor shall after the removal of croup spread the earth. All ditches, runs or water full size. No earth is to be cast against fences along the drain.
5. Any culterts, bridges, erossings or fences which the contractor finds necessary to remove must be replaced immediately upon completion of the drain side bettom the side compared the comprise. The action is to be compared the desiret.
6. The whole work is to be done in a good and work mailike wanner to the satifaction of the commediately.
7. The sold expert, plans, specifications, assessing of the drain during actions.
8. The rest he said Conneil of the Township of Warwick are of opinion that the drainage work so described is desirable.
7. The rest he said Township.
8. The earth ense is conselinge of the drain during a conserversent is the drain as the plante

hall be made and constructed in accordance inter-eith. 2nd. The Receve of the said Township may borrow in the credit of the Corporation of the said Township of Warwick the sum. of \$383,56, being said Munici-pality's proportion of the funds ne essary for the work, and may issue debentures of the Corporation to that amount in sums of not less than \$50 00 each and payable within 5 years from the date thereof with interest at the rate of 4 per centum, per annum, that is to say in 5 equal annual payments. Such de-bentures to be payable at the office of the Township Treasurer and to have attached to them coupens for the pay-ent of interest.
