

AN eye-headache some times accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

ALEXANDER TAIT

Alexander Tait, one of the oldest and most respected residents of Wanstead vicinity died suddenly at his home at Wanstead on Thursday morning. Mr. Tait, who was over 80 years of age, had been a very active man, had lived here since childhood and succeeded in bringing his two farms into a fine state of cultivation from virgin forest. In his younger days Mr. Tait was a very extensive buyer and shipper of cattle to the leading cities of the east. Of late years he has been noted as the largest grower of sugar beets and other hoe crops in the county. Mr. Tait's wife and daughter pre-deceased him six years ago. He is survived by four sons, John at Rolo, Sask., Edward, Niagara Falls, Herbert of London, Victor on the farm adjoining the homestead. Two daughters reside in the west. The funeral was held Saturday from the home of his son, Victor and was very largely attended. The Rev. Mr. Petter of Wyoming has the service at the house and at Wyoming cemetery. MANY EX SOLDIERS OF CANADA MOVED TO UNITED STATES

Ottawa, Sept. 18.—Official figures show that in April, May and Sunday, recovered from his recent United States and returning Canadians from the United States were 13,743. Of 43,000 Canadians army pensioners, 3,662, are in the United States, and it is estimated that of the 500,000 survivors of the Canadian expeditionary force 153,300 are now residents of the United States.

HUNTERS! TO YOUR GUNS!

A few more days before game time. Then it's deerhounds and bird dogs, mackinaws and knee boots shot guns and rifles, with thoughts of business and tame city amusements put out of mind.

The exodus of sportsmen to the famous Canadian hunting grounds is getting under way. The birdmen are packing their duffe bags for the grouse, wild geese and duck hunting grounds. The forests of the Highlands of Ontario offer the greatest deer country on the continent—a land where every hunter brings home his deer. Northern Ontario is famous for moose trophies shipped home every season. All game birds, deer and moose are within easily accessible distances from you.

Canadian National Railways can transport you to the best hunting grounds of the particular sport you desire. Ask any Canadian National Agent for full information. He can give you all the routes, rates, seasons, game laws and any other data that you require for the trip.
