

M.A., W. P. Dyer, B.Sc., W. I. Shaw, M.A., LL.D.

The Wesleyan College, at Montreal, feels keenly the loss of its valued Principal, Dr. Douglas. His successor, Dr. Shaw, as Principal, and the addition of Dr. Antliff to the faculty is a guarantee that efficiency will still characterize that seat of learning.

All rejoice to hear of the onward career of Albert College, Belleville. The professoriate of this institution have contended most successfully against the most formidable difficulties, and are to be congratulated on their success.

Mount Allison Educational Institutions give a good account of the year's proceedings. Last year the jubilee of the first building was celebrated, when a munificent sum was contributed by its friends for advancement. Not content with what was then accomplished, greater things are now contemplated. "Give us room," is a cry that is heard in all the departments of the University. The corner-stone of a substantial addition was recently laid, and great hopes are entertained that the future history of Mount Allison will be even more brilliant than the past.

The ladies' colleges at Stanstead, Whitby, Hamilton, and St. Thomas, have been favoured with a year of abundant prosperity. Those which have been oppressed with the incubus of debt are feeling their burdens less intolerable. The closing exercises were as usual exceedingly pleasant. The Governor of Ontario, Hon. Geo. Kirkpatrick, and Lady Kirkpatrick were present at Whitby, and by their presence and urbanity greatly endeared themselves to the hundreds who were there.

Our beloved evangelists, Revs. Messrs. Hunter and Crossley, have been visiting some of their former fields of successful toil, among others, Belleville, where their children in the Gospel received them right royally. Their late visit was eminently successful. Hundreds declared their intention to become earnest Christians. At one meeting

an unusual incident occurred. Lord Aberdeen, Governor-General, was visiting the city, and accompanied by some friends attended one service, and received the Chautauqua salute. His Lordship took a seat on the platform, and was evidently greatly interested in the proceedings. He addressed a few words to the assembly which indicated how much he approved of the methods adopted to increase the religious fervour of the people.

WESLEYAN METHODIST.

The oldest Welsh minister of the Gospel now living is the celebrated "Hughes, Machzulleth." Mr. Hughes is in his ninety-second year and has been in the ministry seventy-three years.

The parent missionary society of Methodism has been compelled to report a decrease of income. The severe depression of all branches of trade in England is doubtless the cause of this sad state of things. A similar calamity has befallen all the great missionary societies of Great Britain, not excepting the Church of England, many of whose generous supporters are to be found in the ranks of the wealthy classes, surely in this time of extreme need they will arise and do their duty.

METHODIST EPISCOPAL.

Bishop Thoburn has purchased an abandoned tea plantation in the Himalaya region, covering 1,000 acres, for \$4,000, and plans to make of it "a vast industrial establishment," where men and women, boys and girls, shall be taught useful occupations.

Miss Hu King Eng, the daughter of one of our native Chinese missionaries, graduated from the Woman's Medical College, in Philadelphia, last May. She has been trained in literature and medicine, and hopes to return to her own land and perform the duties of a medical missionary among her people.

Miss Imhoff, of Japan, was injured in her right eye by a stone which was thrown at her as she was returning from an evening
