

merchant: "I will thank you to enter my name for \$100 towards the Robert Hamilton Memorial Fund. I have many pleasing reminiscences of my business intercourse of nearly fifty years with the late Mr. Hamilton, and I gladly avail myself of the present opportunity to offer this small tribute to his memory."

How could a fellow-citizen better express his reverent remembrance of an old friend?

Labrador Mission.

The Editor desires to acknowledge with grateful thanks the following contributions that have been already sent to him to help to meet the deficiency of about \$250, likely to arise on this year's working of the Mission, owing (1) to the loss of Mr. Robert Hamilton's kind and handsome subscription, and (2) to the giving up the Quebec City Conversazione or any other method of raising money indirectly for the sustentation of the work.

A Friend of the Mission.....	\$20.00
Miss Robina Hamilton.....	10.00
Miss Lang.....	.50
Miss Annie Barnes.....	.50

Further offerings will be most thankfully received, especially from those who feel that God's work should be supported by direct giving rather than by any method in which pleasure is offered to the giver in order to induce him to part with his money.

Cathedral Branch of the Ministering Children's League.

ANNUAL MEETING.

The Annual Meeting of the Cathedral Branch of the M.C.L. was held on Holy Innocents Day, (Monday, 28th December, 1898). In the unavoidable absence of the Dean the Rev. E. G. May presided. The Annual Reports of the Secretary and Treasurer were read, shewing that the Branch had been actively employed in furthering the objects of the League, having during the past year voted \$15.00 to Labrador, and \$15 to Magdalen Islands Missions; book-markers were also made by the members of the League and given to the Montmorency and Lake Beauport

Missions. On the 6th of January, several Members of the League, accompanied by the late Rev. T. H. Lloyd, (whose demise the League deeply regrets) drove out to Stoneham to assist in decorating the Christmas Tree, for which a large number of the gifts had been contributed by the Cathedral Branch. In February a cassock and surplice were given to the Finlay Asylum for the use of the Clergy holding Service in that Institution.

Towards the close of the year the League Bed in Jeffrey Hale's Hospital was occupied by Thomas Miller, six years of age, suffering from brain disease, who died on the 9th of January; during his illness he was frequently visited by members of the League. Assistance was also given to an invalid to spend a short time at the Murray Bay Convalescent Home. Two dollars were given to Rev. Mr. French in Aspidine, Algoma, with which to buy presents for the Christmas Tree there.

The sale was held April the 23th., and realized \$61.02. The election of officers for the ensuing year resulted as follows:—Hon. President, Mrs. Hunter Dunn; President, Miss Justine Sewell; Vice-President, Miss Bishop; Treasurer, Miss Young; Secretary, Miss Staveley; Asst.-Secretary, Miss Ryland.

ELSIE STAVELEY,
Secretary.

A True Cathedral.

Towards the end of January our Bishop spent a very happy Sunday in the City of Fredericton and found there as regards its Cathedral, in full working order, the zeal, which he has been endeavoring to set before the good people of Quebec.

The Cathedral is under the management of the Bishop, who is assisted by the Dean and Canons, and by a small Lay Council composed of earnest Church friends. Those who regard the Cathedral as their peculiar place of worship support the Services by the envelope system, and offerings are of course made by the other worshippers at all Services. All the seats in the Sacred Building are free, and arrangements are made with the Rector of Fredericton Parish Church whereby the Cathedral Evensong on
