A BRIDE'S CONFESSION

"Yes, dear, I am married now, and George and I are keeping house in the loveliest flat on 64th St. Well, yes, we did get married somewhat suddenly. My health, you know, had for some time been very delicate, and Dr. Heavy-foote told mamma that he feared I would follow poor, dear sister Belle, who died three years ago from a wasting disease. I had just turned 20, and I nearly cried my eyes out, but one day I overheard that hateful Nelly Parker say to her mother, 'I think that George Blauvelt is just too good for anything, and when the girl he's engaged to dies, she'll go to step into her shoes and become Mrs. George Blauvelt; now just you wait and see.' This spring I noticed George seemed to be almost resigned to the idea that we should never be married, and the thought that that deceitful busy might get him after all nearly drove me crazy. One day I read the testimony of Lawyers Howe and Hummel as to the wonderfully invigorating effect of DR. CAMPBELL'S ARSENIC WAFERS, and I resolved to try what they would do for me. I commenced their use on the 4th of July. George had just sailed for Europe on business for his firm. On Sept. 18 he returned. I was, from the use of the Wafers, by that time again a well woman, and as soon as he was with my healthy and robust appearance that he fastidiously got married the very next day. I could not say him nay, and, as you will see by my card, I am now Mrs. George Blauvelt. Do call soon and let me introduce George to you; I am sure you will like him, he is so handsome, and as good as he is handsome. Good-by; be sure not to forget."

THE DEY OF ALGIERS!
THE SHAH OF PERSIA and the SULTANS of TURKEY and MOROCCO now PATTEN and BEAUTIFY their harems exclusively on DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. So great is the demand for these marvellous Wafers that their manufacture is continued day and night.

"The Shah found his harem in a state of disorder on his return to Persia."—N. Y. World, Oct. 12, 1889. Reason—Their supply of CAMPBELL'S WAFERS was exhausted.

ILLUSTRATIVE of the desirability of a certain amount of Phosphorus in the diet, the above distinguished Oriental potentates make it a practice to WEIGH their wives regularly once a month, precedence in rank had imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.

Coughs, Colds, Croup.
action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

BEAUTY OF SKIN & SCALP RESTORED

CATARRE.
A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyn-dall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

Household Hints.
FOR CHAPPED HANDS.—Make camphor ice of one and one half ounces of spermaceti tallow, four teaspoonsful of oil of sweet almonds and three-fourths of an ounce of gum camphor pulverized fine. Put on back of stove until dissolved, stirring constantly, using just enough heat to melt the ingredients together.

COUGHS AND COLDS—If taken in time are easily cured—if allowed to continue will result in incurable consumption. Allen's Lung Balsam has the confidence and support of the medical faculty, and it is recommended by all who are acquainted with its virtues.

FRIED APPLES—Pare sound apples, slice them half an inch thick, remove the cores without breaking the slices, fry them in hot butter until tender, lay them in little piles with sugar and spice dusted over them, and serve them on slices of toast.

WILD CHERRY BALSAM—The memory of Dr. Wistar is embalmed in the hearts of thousands whom his BALSAM OF WILD CHERRY has, during the past fifty years, cured of coughs, colds, consumption, or some other form of pulmonary disease.

OLD WALL PAPER—Old wall paper can be much improved in appearance by simply rubbing it well with a flannel cloth dipped in oatmeal.

FOR BURNS—For burns, unless severe, like a scald, paint with mucilage. A thick paste of flour and water is also good, or white of egg spread over. The object is to exclude the air from the burnt flesh.

YOU ARE BURNING Imperial Cream Tartar Baking Powder. It is the purest made. All grocers sell it.

NOODLES FOR SOUP—One teacup of flour, two tablespoons of yeast, a little salt and two eggs; mix hard with milk, and roll out as thin as a wafer on a well-floured board, cover with a cloth and set in a warm place; after an hour or two cut in small pieces and drop into the soup, boil [ten] minutes and serve hot.

USE HORSERADISH AND PHOSPHATE.
DR. C. R. DAKE, Belleville, Ill., says: "I have found it, and it alone, to be capable of producing a sweet and natural sleep in cases of insomnia from overwork of the brain, which so often occurs in active professional and business men."

GIBLET SOUP—Take the hearts, livers and gizzards from the fowls to be roasted, and chop finely. Use also the small parts of the wings and small joints of the legs, the bones taken from the chickens used for the breakfast pie, and any chicken liquor left from the same; boil, season and strain, then add the noodles.

DELICIOUS MUFFINS—Three eggs, beaten separately, one pint milk, one tablespoonful melted butter, a little salt and three teaspoonsful Cleveland's Superior Baking Powder mixed with enough flour to stiffen.

TO ARREST HICCOUGH—To arrest hiccough close both ears with the fingers with pressure while a few swallows of liquid are taken.

Hinard's Liniment is used by physicians.

A GENERAL SALVE—A salve that is good for all kinds of wounds, etc., is made of equal parts of yellow wax and sweet oil. Melt slowly, carefully stirring. When cooling, stir in a small quantity of glycerine.

GOOSE OIL AND CROUP—Goose oil rubbed on the throat and chest is an old time remedy for croup, but after its use the child must be kept well covered and away from draughts, as it is very opening to the pores, and the least cold often proves fatal.

FLAXSEED LEMONADE—Pour a pint of boiling water on two tablespoonsful of whole flaxseed, cover and let it steep for three hours. When cold, add the juice of a lemon, and sweeten with sugar or sugar syrup.

DEVILLED LOBSTER—One lobster of about three pounds weight, a half pint of cream, and eighth of a pound of butter, a teaspoonful of flour of mustard, a pinch of cayenne pepper, salt, and a half pint of bread crumbs made fine. Open the lobster carefully, so as not to injure the shell; wash the shell nicely, so it will be prepared to hold the meat. Cut the meat rather fine, put the cream on to boil. Mix the flour of mustard and butter together; stir in the cream gradually, then the lobster, salt and pepper; allow it all to boil one minute. Fill the shell with the mixture; cover with crumbs, and bake quickly.

DR. HAYDEN'S SOUTHERN RED PINE for coughs and colds is the most reliable and perfect cough medicine in the market. For sale everywhere.

"THE ONLY A COUGH"
has brought many to untimely graves. What is a cough? The lungs, throat or bronchial tubes have been attacked by a cold; nature sounds an alarm-bell telling where the disease lies. Wisdom suggests "TRY Wistar's Balsam of Wild Cherry!" It has cured thousands of persons. As long as you cough there is danger, for the cough is a Danger Signal. Use "Wistar" and be cured. None genuine unless signed "I. BUTTS" on wrapper.
