

## In Canada.

(Continued.)

Rev. Mr. ROBERTSON, of Hemmingsford, Que., is seriously ill.

LESLIE'S Presbyterian church, East Toronto, has an Endeavour Society with a membership of seventeen. President, Rev. Mr. Johnston; Corresponding Secretary, Miss C. M. Stephens, East Toronto P. O.

Rev. Dr. SEXTON preached in Calvin church, Pembroke, on Sabbaths, Oct. 29th and Nov. 5th, and lectured on "Evolution and Ethics" on Nov. 7th. The audiences were large on all the occasions. The Doctor has now left to fill engagements in Ohio and Indiana, but will be back in Canada in December.

THE Presbyterian church, at Grotns, Man., held its annual Harvest Home on October 22nd and 23rd. The church was beautifully decorated. The services on Sabbath were conducted in the morning by Mr. R. McAfee, a student of Manitoba College, and in the evening by Mr. J. L. Small, B.A., the missionary in charge, who had just returned from a six weeks' visit to his eastern home. The services throughout, both sermons and singing, were appropriate. On Monday evening the annual Harvest Home dinner was served by the Ladies. Music was provided by the choir and other local talent; a hopeful financial statement was given by Mr. Shantz, the church treasurer, and Mr. Small gave a brief account of his eastern visit and of the World's Fair. Altogether a very enjoyable time was spent and a good sum was realized, which will go towards making the church more comfortable and attractive. This is a unique church, having ten different denominations represented in it; notwithstanding this the church is prospering both socially and spiritually.

## Toronto Presbytery

MET on Tuesday, 7th inst., with a good attendance. The matter of Bonar and Ruth street churches was reported upon by Rev. Dr. Parsons for a committee. He said that the Presbytery should consider the question of uniting the Ruth street and Bonar churches by the erection of a church near the Ruth street site under the name of Bonar church. After a long discussion and the submission of several amendments the report was adopted and the ministers and congregations interested will be consulted as to their ideas on the advisability of the project. The recommendation that the Dorecourt mission should stay in its present hall was also approved. It was arranged that the induction of Rev. J. C. Tibb should take place in Streetsville on Monday, Nov. 20th. Rev. Mr. Hunter will preside, Rev. Mr. Johnston will address the people, Rev. Mr. Cant will address the minister and Rev. Mr. Linton will preach. A resolution of condolence was passed as expressive of the sympathy of the Presbytery towards Moderator Hunter, who has recently lost a child and has himself been very ill.

## Presbytery of P. E. I.

THE usual quarterly meeting of Presbytery of P. E. I. was held at Summerside on Wednesday, Nov. 1st, at 11 a.m., and was fairly well attended. A call from Murray Harbor North, to Rev. A. King, was duly sustained and accepted by Rev. Mr. King. The induction was fixed for Tuesday, Nov. 14th, at 2 p.m. An urgent request from West Cape, asking that Rev. Mr. MacLeod be continued in charge of the congregation was, with Mr. MacLeod's sanction, gladly granted by the Presbytery. The sum of \$1,100, allocated to this Presbytery as the portion required to be raised for augmenting weak charges, was divided among the different charges. Mr. T. C. James, Convener of the Mission Committee, presented a scheme for the supply of vacancies during the winter, which was unanimously adopted, and the following committee were appointed to carry out the same: Richmond Bay West—Rev. J. R. Coffin, Convener, Revs. Murray, Fraser, McLeod, Moss, Tryon and Bonshaw—Rev. Geo. McMillan, Convener; Revs. Thomson, J. M. McLeod, Campbell, Sterling, D. B. McLeod. Mount Stewart—

Rev. J. W. McKenzie, Convener; Revs. Cameron, Gunn, Mason, Spencer, John Gillis. West and Clyde Rivers—Rev. T. F. Fullerton, Convener; Revs. Sutherland, Archibald, A. A. McKenzie, G. B. McLeod and Mr. T. C. James. The members of Presbytery not named in the above committee to aid in giving additional supply—either directly or through exchanges with the members of the committees. Presbytery then adjourned to meet at Murray Harbor North, on November 4th, at 2 p.m.—T. F. FULLERTON, Clerk.

Last week's part of this report went in too late for insertion. I hope a like mistake will not occur again. About seventy-five envelopes have been sent out to be heard from soon. These envelopes will be sent on application to any address, and in numbers sufficient to supply a whole congregation, Sabbath school, or Y. P. S. C. E. The simplest method of distributing them is to have them conveniently near to each door of the building, and ask each person to take one in passing out. If those containing contributions are received as collections the next week the whole thing is done without talking, without pressure and without surveillance. It is simply allowing people an intelligent opportunity to help if they want to do it. If wished the average weekly collection could be taken out of the amount before sending it away, and so congregational funds would not be interfered with. The work needs helpers, but it is Christ's work, and He has told us, "The Lord taketh my part with those that help me." We are surely invited into honourable partnership when asked to put our hand to the work.

## Obstinate Cough Cured.

GENTLEMEN.—I had a very bad cough which I could not get rid of, but by using Hagar's Pectoral Balsam I was cured in two or three days. It is the best and surest cough medicine I know of.

## How Dyspepsia is Cured.

I suffered from dyspepsia and was weak and miserable with what the doctor said was nervous debility. Seeing Burdock Blood Bitters advertised I tried it, and after taking three bottles feel perfectly restored to health.

## Henri Marteau.

HENRI MARTEAU, the great French violinist, who arrived in New York last Sunday, is, with Paderewski, the lion at all social and musical gatherings in Europe as well as in New York. He is a young man of twenty years, who does not need the charm of his personality. He has the sacred fire of genius. He is endorsed by the press of London, Paris, Vienna, Berlin, Boston and New York, and by Charles Gounod, Joh. Brahms, Jules Massenet, Ambroise Thomas and Camille Saint-Saens. Mr. Marteau has already been engaged for this season in New York by the Philharmonic Society and the Symphony Society; in Brooklyn by the Philharmonic Society, and the Seidl Society, and in Boston by the Boston Symphony Society. He has a repertoire of 125 pieces, and no artist has ever attained the same popularity in the short space of time as has Marteau. It is altogether probable that he will be heard in Toronto in the early part of January.

THE Montreal Witness is now offering the remainder of the present year free to new subscribers for next year as an encouragement to give the paper a trial.

STORR & JURY, the Druggists, Bowmanville, Ont., will send Dr. Mason's treatise on home treatment of Cancer and Tumour for six cents in stamps.

THE STAR Almanac of Montreal for 1894 has 450 pages. Thirty thousand facts and twenty thousand subjects. It is the great popular Almanac of the day, and it is not surprising that the demand for it is so enormous even before a single copy is ready for sale.
