PEELEE ISLAND is the most southern point of Canada, and is located in the middle of Lake Erie. Its peculiar location and long mild fall allows the Catawba, Virginia Seedling and Isabella Grapes to ripen to perfection, an impossibility in any other part of Canada, and from this thoroughly ripened fruit our wines are manufactured.

At the last meeting of the Synod of Ontario our "St. Augustine" Wine was recommended by special committee of the Synod, assisted by analysts of the Inland Revenue at Ottawa, for use throughout the Diocese. The report was unanimously adopted. In the

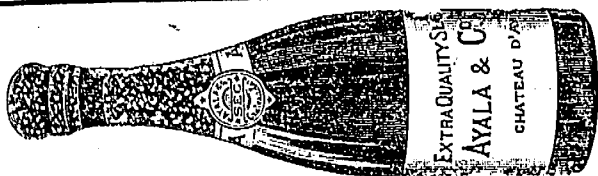

competition many vinegrowers competed, and the unanimous selection of our brand, "ST. AUGUSTINE," over all others is an evidence of its superiority. Our Communion Wine is used by hundreds of congregations from Nova Scotia and New Brunswick in *THE EAST* to British Columbia in *THE WEST*.

Our "DRY CATAWBA" is equal to the best imported Hock, and can be sold at a much lower price. All our brands are pure sound wines.

Wine Merchants, Druggists, Clubs and Hotel-keepers will find it to their advantage to deal exclusively in our wines.

*Owing to the fact that we found unscrupulous dealers were duping the Public and the Trade by supplying inferior wine under the name of our Brand "St. Augustine," we registered this Brand at Ottawa, and will prosecute to the extremity of the law any infringements upon our Registered Brand.
