 TIMBER DUTIES.
 The following despatch from Earl Grey, in reply to the memorial of the Legislature, on the subject of the timber duties, was recently sent down to the two Houses by His Excellency the Governor-General:—
 Downing Street, 5th August, 1851.
 MY LORD,—I have to acknowledge the receipt of your Lordship's despatch, No. 74, of the 6th June, enclosing an Address to the Queen from the Legislative Council and House of Assembly of Canada, on the subject of the proposed repeal of the duty on foreign timber imported into this country.
 I have laid this Address before the Queen; but after having fully considered the reasons assigned in it against reducing the Duties levied in this County on Foreign Timber, Her Majesty's Servants did not feel themselves justified in abandoning the Bill for this purpose which was then before Parliament, and has since passed into a Law. This reduction of duty on foreign timber

was proposed with a view to the advantage of the British Dominions at large, but while it is obviously calculated to promote this object by reducing the cost in the United Kingdom of the most important materials for the employment of industry, there appears to Her Majesty's Government no grounds for apprehending that they will inflict the injury upon Canada which is anticipated by the Provincial Legislature. The successive reductions of the duty on foreign timber which have already been made since the year 1843, and the consequent great increase of its consumption, have not been found to occasion any diminution in the consumption of Colonial Timber which on the contrary has continued rather larger than before, the fact being as it appears that whatever may be the rate of duty and consequently the market price of foreign timber, the particular kinds and qualities of timber grown in the British Colonies will continue to be used for the purposes to which they are peculiarly adapted, and are now applied. It is also a consideration which ought not to be lost sight of by the Provincial Parliament that in a country possessing such great natural resources as Canada, and of which the population and capital are still so inadequate to the full development of the resources, there can be no occasion for endeavouring by artificial regulations to extend the field of employment, and that the permanent prosperity of the Province will be best promoted by allowing enterprise and labour to flow in their natural channels, instead of seeking to divert them to branches of trade dependent for their success upon the uncertain and factitious encouragement afforded by protecting Duties.
 You will assure the Provincial Parliament that while Her Majesty's Government take the most lively interest in the welfare and commercial prosperity of Canada, they for these reasons feel convinced that a steady adherence to the commercial policy on which the measure now complained of is founded, will be found to be the course best calculated to promote the interests of the Colonies in common with those of the British Empire at large.
 I have, &c.,
 (Signed) GREY.

The Right Hon. the Earl of Elgin and Kincardine,
 &c. &c. &c.
 VERACITY OF VOLUNTARIYISM.

To the Editor of the Standard.
 SIR,—During the discussion on the Clergy Reserves question, in your good town on the 17th inst., it was openly—in a tone of defiance—proclaimed by a Rev. Voluntary, that the Wesleyan Methodists have not taken or received any sum from the Clergy Reserves Fund under the act of distribution of 1840. Why is it that those voluntary freebooters resort to declarations so notoriously untrue, unless to gain a point to adorn a tale. I transcribe for your information, from the official statement of the Inspector General, dated 26th March, 1849, laid before Parliament, whereby it will be seen that our Methodist Brethren have received up to the end of 1848, the sum of Seventeen thousand and twenty dollars proceeds from the Clergy Reserve fund! It should also be borne in mind in addition, that their College at Cobourg was endowed with a public grant of two thousand dollars a year, of which I do not in the least complain believing on the general principle, that they as a body of christians, are a noble people richly deserving all they get and ten times more. But alas! the want of good faith and good gratitude of some occupying high position in our Religious institutions and our affections. Making such display of voluntary virtue and purity in the face of such positive facts, I say is derogatory in the highest degree to the great cause of our Christian religion.
 Payments made to the Wesleyan Methodists, Canada West:—

Year	Amount	Year	Amount
In 1841,	£777 13 2	In 1845,	£607 12 6.
1842,	719 8 2	1846,	607 15 6.
1843,	672 2 2	1847,	607 15 6.
1844,	662 2 2	1848,	607 16 5.

Charlotteville, July 24, 1851. VERITAS.
 FREE TRADE IN LAW, PHYSIC, AND DIVINITY.
 The efforts of a stirring, if not a very strong party, in the Parliament which is about to expire, have unceasingly been directed to reduce all things to one common level, and to elevate presumption and ignorance into the places of education and experience. In carrying out their plans, they exhibited some ambition, if but little gratitude. Not contented with the great boon of the past Sessions, in extending the powers of the Division Courts to all moderate sums, they came forward to demand that all the Law Courts should be thrown open to every one having ambition sufficient to deem himself qualified to conduct a case therein, and thereby to substitute impudence for learning, and ignorance for knowledge. In Divinity, they made a bold effort to destroy the probability of any man of education penetrating the bush, where his services are most wanted, by withholding from him any means of sustenance.
 In Physic they have unremittingly attempted to destroy the regular educated practitioner, and elevate into his place any pretender who chose to conceive that he had the ability, without a knowledge of the human frame, to cure human infirmities.
 The consequences of these doctrines will every day become more apparent. The following, abridged from the Woodstock American, will cause all reasonable men to hesitate, however, before they submit to a system which is the first step to generate Socialist Doctrines in Canada, and to introduce that levelling spirit which never will be contented till experience is overborne by pretension—education by ignorance—and the truths of the gospel by the doctrines of the atheist. Listen to the following details:—

Asa Davis, a fine healthy man, 33 years of age, had been for some time employed as foreman in the East-wood steam Saw-mills, in East Oxford, and about a fortnight ago had the misfortune slightly to puncture his foot by a rusty nail. The wound was not alarming, but a person named Scott, an unlicensed practitioner in Burford, was called in to attend to it, and under his management poor Davis died. Before the fatal result, however, Davis continued to get worse under Scott, being almost totally deprived of sleep, and he continued to sink. In this state, Scott bled him once or twice in the arm; and applied poultices with opium to the wound. The last time he saw deceased, the foot seemed much worse, but there was no erysipelas in it; pulse was very strong; pain was not worse; sometimes for 12 hours it was easy; generally during the day, and was worse during the night; gave deceased antimonial preparations from the first to cool his skin, and reduce the fever. Gave him a little hyascamus; can't tell how often; sometimes gave him a little Dover's powder in Calomel; a few grains; cannot tell the number of times. The leg swelled some after a few days, but not much above the ankle; there was no appearance of gangrene; the foot was as white as a chicken, only there was a small red spot
