

7. "Purposes not prohibited by this Convention" means:

(a) Industrial, agricultural, research, medical, pharmaceutical or any other peaceful purposes, domestic law enforcement or riot control purposes; or military purposes not connected with the use of chemical weapons; or

(b) Purposes directly related to protection against chemical weapons, hereinafter referred to as "protective purposes".

8. "Production Capacity" means the annual quantitative potential for manufacturing a specific substance based on the technological process actually used or, if the process is not yet operational, planned to be used at the relevant facility, and shall be deemed to be equal to the nameplate capacity or, if the nameplate capacity is not available, to the design capacity. The nameplate capacity is the product output under conditions optimized for maximum quantity for the production facility, as demonstrated by one or more test-run(s). The design capacity is the corresponding theoretically calculated product output.

9. "Organization" means the Organization for the Prohibition of Chemical Weapons established pursuant to Article VIII of this Convention.

10. "Production" of a chemical means the formation of a chemical through chemical reaction, including rearrangement.

11. "Processing" of a chemical means a physical process, such as formulation, extraction and purification, in which the chemical is not converted into another chemical.

12. "Consumption" of a chemical means its conversion via a chemical reaction into another chemical.
